

kissinger iran

kissinger iran represents a significant chapter in the history of U.S.-Middle Eastern relations, marked by complex diplomacy, strategic interests, and controversial decisions. Henry Kissinger, serving as U.S. Secretary of State and National Security Advisor during the 1970s, played a pivotal role in shaping American foreign policy toward Iran. His approach to Iran was influenced by Cold War dynamics, regional security concerns, and the desire to maintain strong ties with the Shah's regime. This article explores Kissinger's policies on Iran, his involvement in key events, and the lasting impact of his strategies on Iran-U.S. relations. Understanding Kissinger's role provides critical insight into the broader geopolitical landscape of the Middle East during a transformative era. The following sections outline Kissinger's Iran policy, the 1979 Iranian Revolution, and the legacy of his diplomatic efforts.

- Kissinger's Iran Policy in the 1970s
- The 1979 Iranian Revolution and U.S. Response
- The Legacy of Kissinger's Approach to Iran

Kissinger's Iran Policy in the 1970s

During the 1970s, Henry Kissinger's Iran policy was primarily focused on strengthening the U.S.-Iran alliance as a counterbalance to Soviet influence in the Middle East. Iran under Shah Mohammad Reza Pahlavi was seen as a crucial regional partner, and Kissinger's diplomacy aimed to solidify this relationship through military, economic, and political support. The U.S. viewed Iran as a "pillar" of stability and a key actor in maintaining the balance of power in the Persian Gulf.

Strategic Partnership with the Shah

Kissinger's approach emphasized close cooperation with the Shah's government. This partnership was based on several strategic objectives:

- **Military Assistance:** The U.S. supplied advanced weaponry to Iran, making it one of the strongest military powers in the region.
- **Economic Support:** American economic aid and oil agreements bolstered Iran's development and economic growth.
- **Political Backing:** Kissinger supported the Shah's modernization efforts and his suppression of opposition groups to maintain regime stability.

The collaboration was designed to ensure Iran's loyalty as a U.S. ally and to prevent Soviet expansionism.

Realpolitik and Cold War Considerations

Kissinger's Iran policy was deeply influenced by realpolitik principles. He prioritized pragmatic strategies over ideological concerns, focusing on power dynamics and regional influence. Iran's geographic location and oil resources made it a critical asset in the Cold War chessboard. Kissinger believed that a strong Iran could serve as a deterrent against Soviet ambitions in the Gulf and the broader Middle East.

The 1979 Iranian Revolution and U.S. Response

The 1979 Iranian Revolution marked a dramatic turning point in U.S.-Iran relations, challenging Kissinger's earlier policies and strategic calculations. The overthrow of the Shah's regime and the establishment of the Islamic Republic under Ayatollah Khomeini introduced a new and adversarial dynamic between the two countries.

Collapse of the Shah's Regime

Kissinger's support for the Shah could not prevent the growing domestic unrest and dissatisfaction within Iran. Economic problems, political repression, and religious opposition culminated in widespread protests and ultimately the Shah's exile. Kissinger's administration faced criticism for underestimating the revolutionary forces and overrelying on authoritarian stability.

U.S. Diplomatic Challenges Post-Revolution

Following the revolution, Kissinger and the U.S. government confronted unprecedented diplomatic challenges. The new regime's hostility toward the United States led to the severing of diplomatic ties and the infamous hostage crisis at the U.S. Embassy in Tehran. Kissinger's earlier policies, centered on supporting the Shah, were rendered obsolete by the rapidly changing political landscape. The U.S. was compelled to rethink its Middle East strategy in light of the Islamic Republic's rise.

The Legacy of Kissinger's Approach to Iran

Kissinger's Iran policy left a complex legacy that continues to influence contemporary U.S.-Iran relations. His emphasis on strategic alliances and realpolitik shaped the trajectory of American engagement with the region, but also contributed to long-term tensions and mistrust.

Enduring Impact on U.S.-Iran Relations

The strategic framework established during Kissinger's tenure set the stage for subsequent policies and conflicts. Key aspects of this legacy include:

1. **Military and Intelligence Cooperation Foundations:** Established ties that later became points of contention during and after the revolution.
2. **Perception of U.S. Support for Authoritarianism:** Kissinger's backing of the Shah contributed to Iranian resentment toward American interference.
3. **Precedent for Realpolitik in Middle East Policy:** His pragmatic, interest-based approach remains influential in U.S. foreign policy decisions.

Lessons Learned and Historical Reassessment

Scholars and policymakers continue to analyze Kissinger's Iran policy to understand the pitfalls and successes of Cold War diplomacy in the Middle East. The balance between strategic interests and respect for domestic political movements remains a critical lesson from this period. Kissinger's Iran engagement underscores the challenges of managing complex alliances amid shifting geopolitical realities.

Frequently Asked Questions

Who is Henry Kissinger in relation to Iran?

Henry Kissinger is a former U.S. Secretary of State and National Security Advisor who played a significant role in shaping U.S. foreign policy toward Iran during the 1970s, especially in the context of the Cold War and the 1979 Iranian Revolution.

What was Henry Kissinger's policy toward Iran during his tenure?

Kissinger's policy toward Iran focused on supporting the Shah's regime as a strategic ally against Soviet influence in the Middle East, emphasizing military and economic support to maintain stability in the region.

How did Kissinger influence the U.S.-Iran relationship before the 1979 Revolution?

Kissinger helped strengthen ties with the Shah's government through arms sales, intelligence

cooperation, and diplomatic support, aiming to secure Iran as a key U.S. partner in the Middle East.

Did Henry Kissinger have any involvement in the 1953 Iranian coup?

No, Henry Kissinger was not involved in the 1953 Iranian coup. The coup, which overthrew Prime Minister Mohammad Mossadegh, was orchestrated by the CIA and British intelligence before Kissinger rose to prominence in U.S. foreign policy.

What is Henry Kissinger's stance on U.S. policy toward Iran today?

Kissinger has advocated for pragmatic engagement with Iran, emphasizing diplomacy and strategic dialogue to address nuclear and regional security issues rather than confrontation.

Has Henry Kissinger commented on the Iran nuclear deal?

Yes, Kissinger has expressed cautious support for diplomatic efforts like the Iran nuclear deal (JCPOA) as a means to prevent nuclear proliferation and maintain regional stability.

What criticisms exist regarding Kissinger's approach to Iran?

Critics argue that Kissinger's support for authoritarian regimes like the Shah's contributed to long-term instability and anti-American sentiment in Iran, culminating in the 1979 Islamic Revolution.

Did Kissinger's policies impact the Iran-Iraq War?

Indirectly, Kissinger's earlier policies helped shape regional dynamics, but the Iran-Iraq War (1980-1988) occurred after his tenure; however, U.S. policy during the war was influenced by Cold War considerations he helped establish.

How is Kissinger's legacy viewed in Iran today?

In Iran, Kissinger is often viewed negatively due to his association with supporting the Shah's regime and U.S. interventions perceived as undermining Iranian sovereignty and contributing to fraught U.S.-Iran relations.

Additional Resources

1. Kissinger and the Shah: The U.S. and Iran in the Cold War

This book explores the complex relationship between Henry Kissinger, the U.S. Secretary of State, and the Shah of Iran during the Cold War. It delves into the strategies Kissinger employed to maintain American influence in the Middle East, particularly through supporting the Shah's regime. The narrative reveals the geopolitical calculations behind U.S. policy toward Iran before the 1979 revolution.

2. Henry Kissinger and the Iranian Revolution: Diplomacy in Crisis

Focusing on the critical years leading up to the 1979 Iranian Revolution, this book examines Kissinger's diplomatic efforts to stabilize U.S.-Iran relations. It analyzes how Kissinger's policies impacted the Shah's government and the eventual collapse of the monarchy. Through declassified documents and interviews, the book offers insight into the challenges of American diplomacy during this turbulent period.

3. *The Kissinger Doctrine and Iran: Balancing Power in the Middle East*

This volume discusses the Kissinger Doctrine's influence on U.S. strategy in the Middle East, with a particular emphasis on Iran. It explains how Kissinger's approach to balance of power shaped American support for the Shah and regional security alliances. The book provides context for understanding the long-term consequences of these policies on Iran's political trajectory.

4. *Kissinger, Iran, and the Art of Realpolitik*

Highlighting Kissinger's pragmatic approach to international relations, this book investigates his dealings with Iran through the lens of Realpolitik. It portrays Kissinger as a key architect of U.S.-Iran relations, prioritizing strategic interests over ideological concerns. The study includes detailed accounts of negotiations, covert operations, and diplomatic maneuvers during his tenure.

5. *From Tehran to Washington: Kissinger's Role in Iranian Affairs*

This book traces the influence of Henry Kissinger in shaping U.S. policy toward Iran from the late 1960s to the early 1980s. It covers critical events such as arms sales, intelligence cooperation, and crisis management. The author provides a thorough examination of Kissinger's decisions and their impact on the bilateral relationship.

6. *Secret Diplomacy: Kissinger and the Iran Connection*

Focusing on the clandestine aspects of Kissinger's diplomacy, this book uncovers secret negotiations and back-channel communications related to Iran. It reveals how covert operations and intelligence played a role in sustaining the Shah's regime and managing regional conflicts. The narrative sheds light on the shadowy dimension of Kissinger's foreign policy.

7. *Kissinger's Middle East Strategy: Iran at the Center*

This book situates Iran at the heart of Kissinger's Middle East strategy during the 1970s. It discusses how Kissinger's policies aimed to contain Soviet influence and promote regional stability through alliances with Iran and other key players. The analysis highlights the strategic importance of Iran in Cold War geopolitics.

8. *The Fall of the Shah: Kissinger and America's Iranian Dilemma*

Examining the final years of the Shah's regime, this book analyzes Kissinger's role and the challenges faced by the U.S. as Iran descended into revolution. It evaluates policy missteps, intelligence assessments, and diplomatic efforts to support the Shah. The book offers a critical perspective on the limitations of Kissinger's approach during this crisis.

9. *Kissinger, Iran, and the Making of Modern Middle East Policy*

This comprehensive study connects Kissinger's engagement with Iran to the broader development of modern U.S. Middle East policy. It covers diplomatic, military, and economic dimensions of the relationship and assesses Kissinger's legacy. The book situates Iran as a pivotal element in shaping American strategy in the region.

kissinger iran: *Nixon, Kissinger, and the Shah* Roham Alvandi, 2016-11 In this revisionist account of U.S.-Iran relations during the Cold War, Roham Alvandi provides a detailed historical study of the partnership that Shah Mohammad Reza Pahlavi of Iran forged with U.S. President Richard Nixon and his adviser Henry Kissinger in the 1970s.

kissinger iran: *Pahlavi Iran's Relations with Africa* Robert Steele, 2024-06-27 The first comprehensive study of Iran's political and cultural interactions with Africa during the Cold War and decolonisation.

kissinger iran: US Arms Policies Towards the Shah's Iran Stephen McGlinchey, 2014-06-05 This book reconstructs and explains the arms relationship that successive U.S. administrations developed with the Shah of Iran between 1950 and 1979. This relationship has generally been neglected in the extant literature leading to a series of omissions and distortions in the historical record. By detailing how and why Iran transitioned from a primitive military aid recipient in the 1950s to America's primary military credit customer in the late 1960s and 1970s, this book provides a detailed and original contribution to the understanding of a key Cold War episode in U.S. foreign policy. By drawing on extensive declassified documents from more than 10 archives, the investigation demonstrates not only the importance of the arms relationship but also how it reflected, and contributed to, the wider evolution of U.S.-Iranian relations from a position of Iranian client state dependency to a situation where the U.S. became heavily leveraged to the Shah for protection of the Gulf and beyond – until the policy met its disastrous end in 1979 as an antithetical regime took power in Iran. This book will be of interest to students and scholars of Middle East studies, US Foreign Policy and Security studies and for those seeking better foundations for which to gain an understanding of U.S. foreign policy in the final decade of the Cold War, and beyond.

kissinger iran: Iran and the Nuclear Question Mohammad Homayounvash, 2016-09-13 Spanning over a period of more than five decades since its inception, Iran's nuclear programme is the most protracted civilian nuclear program in the world and one of the most politicized projects in Iran's history. 'Iran and the Nuclear Question' offers a historiographical portrait of Iran's early nuclear program under Mohammad Reza Shah Pahlavi. Using declassified archival material, the book thematically chronicles the program's genesis, evolutionary trajectory, and devolution from the 1950s through to the 1970s. It also catalogues the Revolutionary Iran's early socialization into the atom and the Islamic Republic's gradual change of heart about nuclear energy that culminated in the incremental resuscitation of the Shah's nuclear enterprise in the 1980s. As the first archive-based account of one of the most long-lasting and capital-intensive nuclear enterprises during the Cold War, 'Iran and the Nuclear Question' is a valuable resource for students and scholars of Iranian, Middle East and Security Studies. Written in a clear and accessible format, it will also appeal to those with a more general interest in Iran and its nuclear journey.

kissinger iran: *The Carter Administration and the Fall of Iran's Pahlavi Dynasty* Javier Gil Guerrero, 2016-04-08 This book is a tale of loss: the loss of Iran as America's main ally and agent in the Middle East and the downfall of the short-lived Pahlavi monarchy and America's inability and unwillingness to prevent its demise. Khomeini's triumph altered America's perception of Islam and fundamentally changed its relationship with Iran.

kissinger iran: *Kissinger's Shadow* Greg Grandin, 2015-08-25 Offers a new perspective on America's most controversial diplomat and his continuing influence, arguing that Kissinger's

militarized version of American exceptionalism has led to never-ending wars abroad and political polarization at home.

kissinger iran: Iraq and Iran (RLE Iran A) Jasim Abdulghani, 2012-04-27 Behind the Iran-Iraq war rests a history of conflict stretching back to the Ottoman Turks and the Persians. This book examines the deep-seated and complex factors involved in the rivalry between these two nations. It focuses particularly on the period between 1969 and 1984, a time that saw both the rise of the Ba'th party in Iraq and Khomeini's return to power in Iran. These changes did much to escalate tensions. The Ba'th party's ideological, socialist regime and its emphasis on political secular concerns stood in marked contrast to Iran under Khomeini and his efforts to spread an Islamic revolution among the nation's Shiite majority. The author discusses how these differences have affected three long-term problems: Iraq's and Iran's rivalry for dominance in the Arabian Gulf region; disputes over the Shatt al-Arab waterway, which serves as a boundary between the two nations; and the Kurdish rebellion in Iraq, supported by Iran. The volume also looks at the most recent episodes of crisis and analyzes the evolution of the Iran-Iraq war and its implications both regionally and globally. Unlike other studies of Iraq's relations with Iran, Abdulghani's is distinguished by its systematic and comprehensive synthesis which interlocks legal, cultural, historical and political issues that have characterized relations between the two countries.

kissinger iran: Iran and Pakistan Alex Vatanka, 2015-07-28 The respective policies of the governments of Iran and Pakistan pose serious challenges to US interests in the Middle East, Asia and beyond. These two regional powers, with a combined population of around 300 million, have been historically intertwined in various cultural, religious and political ways. Iran was the first country to recognise the emerging independent state of Pakistan in 1947 and the Shah of Iran was the first head of state to visit the new nation. While this relationship shifted following the 1979 Iranian Revolution, and tensions do exist between Sunni Pakistan and Shi'i Iran, there has nevertheless been a history of cooperation between the two countries in fields that are of great strategic interest to the US: Afghanistan, nuclear proliferation and terrorism. Yet much of this history of cooperation, conflict and ongoing interactions remains unexplored. Alex Vatanka here presents the first comprehensive analysis of this long-standing and complex relationship.

kissinger iran: Foreign Relations of the United States United States. Department of State, 1969

kissinger iran: The Shah of Iran, the Iraqi Kurds, and the Lebanese Shia Arash Reisinezhad, 2018-07-06 This book sheds new light on the emergence and fluctuation of Iran's connections with non-state entities in the Middle East. Iran's involvement with political-militant non-states has been at the heart of international and regional security policy for more than three decades. The author analyzes Iran's non-state foreign policy by focusing on specific geopolitical and geocultural threats and opportunities that pushed Tehran to build strategic ties with the Iraqi Kurds and the Lebanese Shia. This project will appeal to multiple audiences interested in geopolitics of the Middle East, Iran's foreign policy, and international relations.

kissinger iran: The Carter Years Burton Ira Kaufman, 2009 An A-to-Z reference guide to the people, places, policies, and events significant during the presidency of Jimmy Carter.

kissinger iran: The 2007 Iran Nuclear Estimate Revisited Robert Jervis, James J. Wirtz, 2022-05-11 The 2007 Iran Nuclear Estimate Revisited: Anatomy of a Controversy explores both the contents and reaction to the U.S. intelligence community's (IC) National Intelligence Estimate (NIE) that Iran had suspended its clandestine program to develop nuclear weapons. The volume offers insights into the art of intelligence analysis and the issues encountered when estimates run counter to policy or partisan preferences. In November 2007, the U.S. National Intelligence Council issued an NIE entitled Iran's Nuclear Intentions and Capabilities that contained a surprising finding. Analysts concluded that Iran had probably suspended its clandestine effort to develop a nuclear weapon. This assessment created a political firestorm, despite the fact that analysts went to great lengths to assess the accuracy of their sources and to offer nuanced judgments about the complex issues surrounding Iran's civilian and military nuclear programs. In this edited volume, former intelligence professionals and leading intelligence scholars describe and assess the factors that

shaped this NIE and the course of events that sparked an international controversy. These chapters make a valuable contribution to the understanding of the state of the art when it comes to intelligence analysis and the challenges that emerge when intelligence estimates address significant foreign and defence policy issues and on-going political debates. One of the chapters in this volume was originally published in the book titled, *Routledge Companion to Intelligence Studies*, edited by Robert Dover, Michael Goodman, Claudia Hillebrand. Other chapters were originally published in the journals *Intelligence and National Security* and *Comparative Strategy*.

kissinger iran: Iran's Grand Strategy Vali Nasr, 2025-05-20 Two pervasive fears-of external aggression and internal dissolution-have dominated political discourse and state action in Iran for many decades, and arguably for centuries. This book closely examines these fears, how they've shaped political trends in Iran, and specifically how they have undergirded the conduct of state actors during both the regime of the Shah (the Pahlavi monarchy) of the twentieth century and the Islamic Republic since the 1979 revolution. Drawing on archival sources in the West and in Iran, as well as interviews with key Iranian decision-makers both past and present, Vali Nasr traces this thread of national security through key modern historical episodes in Iran. By viewing modern Iranian history through this lens, Nasr argues that decrying the current Iranian regime as a theocracy is a tired rhetorical move--and inaccurate as an explanation for how it conducts itself in the world. Today's Islamic Republic functions as a modern legal-rational nation-state. It is one that has evolved around a distinct and deeply held view of national interest and national security, rooted in both recent and not-so-recent history. Nasr's book will serve as a corrective to a deeply-rooted view in policy-making circles that the Iranian ruling elite's commitment to Islamic theocracy has driven the country's foreign policy since the time of the revolution--

kissinger iran: Sold Out? US Foreign Policy, Iraq, the Kurds, and the Cold War Bryan R. Gibson, 2016-04-29 This book analyzes the ways in which US policy toward Iraq was dictated by America's broader Cold War strategy between 1958 and 1975. While most historians have focused on "hot" Cold War conflicts such as Cuba, Vietnam, and Afghanistan, few have recognized Iraq's significance as a Cold War battleground. This book argues that US decisions and actions were designed to deny the Soviet Union influence over Iraq and to create a strategic base in the oil-rich Gulf region. Using newly available primary sources and interviews, this book reveals new details on America's decision-making toward and actions against Iraq during the height of the Cold War and shows where Iraq fits into the broader historiography of the Cold War in the Middle East. Further, it raises important questions about widely held misconceptions of US-Iraqi relations, such as the CIA's alleged involvement in the 1963 Ba'thist coup and the theory that the US sold out the Kurds in 1975.

kissinger iran: America and Iraq David Ryan, Patrick Kiely, 2009-01-13 This edited volume provides an overview on US involvement in Iraq from the 1958 Iraqi coup to the present-day, offering a deeper context to the current conflict. Using a range of innovative methods to interrogate US foreign policy, ideology and culture, the book provides a broad set of reflections on past, present and future implications of US-Iraqi relations, and especially the strategic implications for US policy-making. In doing so, it examines several key aspects of relationship such as: the 1958 Iraqi Revolution; the impact of the 1967 Arab-Israeli War; the impact of the Nixon Doctrine on the regional balance of power; US attempts at rapprochement during the 1980s; the 1990-91 Gulf War; and, finally, sanctions and inspections. Analysis of the contemporary Iraq crisis sets US plans against the 'reality' they faced in the country, and explores both attempts to bring security to Iraq, and the implications of failure.

kissinger iran: George Ball James A. Bill, 1998-08-11 Diplomat and wise man George Ball wielded enormous influence in American foreign policy for more than 40 years. Drawing on Ball's personal archive as well as extensive interviews with Ball and dozens of his associates, Bill traces Ball's involvement with foreign policy, from the 1940s to Ball's death in 1994. 19 illustrations.

kissinger iran: Oil Money David M. Wight, 2021-07-15 In *Oil Money*, David M. Wight offers a new framework for understanding the course of Middle East-US relations during the 1970s and 1980s: the transformation of the US global empire by Middle East petrodollars. During these two

decades, American, Arab, and Iranian elites reconstituted the primary role of the Middle East within the global system of US power from a supplier of cheap crude oil to a source of abundant petrodollars, the revenues earned from the export of oil. In the 1970s, the United States and allied monarchies, including the House of Pahlavi in Iran and the House of Saud in Saudi Arabia, utilized petrodollars to undertake myriad joint initiatives for mutual economic and geopolitical benefit. These petrodollar projects were often unprecedented in scope and included multibillion-dollar development projects, arms sales, purchases of US Treasury securities, and funds for the mujahedin in Afghanistan. Although petrodollar ties often augmented the power of the United States and its Middle East allies, Wight argues they also fostered economic disruptions and state-sponsored violence that drove many Americans, Arabs, and Iranians to resist Middle East-US interdependence, most dramatically during the Iranian Revolution of 1979. Deftly integrating diplomatic, transnational, economic, and cultural analysis, Wight utilizes extensive declassified records from the Nixon, Ford, Carter, and Reagan administrations, the IMF, the World Bank, Saddam Hussein's regime, and private collections to make plain the political economy of US power. *Oil Money* is an expansive yet judicious investigation of the wide-ranging and contradictory effects of petrodollars on Middle East-US relations and the geopolitics of globalization.

kissinger iran: *The Oil Kings* Andrew Scott Cooper, 2012-09-11 Relying on a rich cache of previously classified notes, transcripts, cables, policy briefs, and memoranda, Andrew Cooper explains how oil drove, even corrupted, American foreign policy during a time when Cold War imperatives still applied, and tells why in the 1970s the U.S. switched its Middle East allegiance from the Shah of Iran to the Saudi royal family. Amid the oil shocks of the early 1970s, there was one man the U.S. could rely on: the Shah of Iran. The Shah sold us oil; we sold him weapons. But the U.S. and other industrialized economies could not tolerate repeated annual double digit increases in oil prices. During the 1976 election campaign, President Gerald Ford decided that he had to find a country that would break the OPEC monopoly and sell the U.S. oil more cheaply. On the advice of Treasury Secretary William Simon -- and against the advice of Secretary of State Henry Kissinger -- Ford made a deal to sell advanced weaponry to the Saudis in exchange for a more moderate price hike in oil. The Shah's economy was destabilized, and disaffected elements mobilized to overthrow him. The U.S. had embarked on a long relationship with the autocratic Saudi kingdom that continues to this day.

kissinger iran: *Iran and the United States* Richard W. Cottam, 1989-01-15 Richard Cottam served in the U.S. embassy in Tehran from 1956 to 1958 and was consulted by the Department of State during the 1979 hostage crisis. This book draws upon his expert personal knowledge of Iranian politics to describe the spiraling decline of U.S.-Iranian relations since the cold war and the political consequences of those years. U.S. policy, he argues, is flawed by ignorance, inertia, the tenacity of a cold war mentality, a quixotic tilt toward Iraq, and the blatant inconsistency of the Reagan administration's arms-for-hostages scheme that produced the Iran-contra scandal.

kissinger iran: *The Eagle and the Lion* James A. Bill, 1988-01-01 A leading scholar of Iran relates the reasons that helped to destroy the American-Iranian relationship and outlines measures to improve future foreign policy-making
