jane blasio now: *Taken at Birth* Jane Blasio, 2021-07-13 From the 1940s through the 1960s, young pregnant women entered the front door of a clinic in a small North Georgia town. Sometimes their babies exited out the back, sold to northern couples who were desperate to hold a newborn in their arms. But these weren't adoptions--they were transactions. And one unethical doctor was exploiting other people's tragedies. Jane Blasio was one of those babies. At six, she learned she was adopted. At fourteen, she first saw her birth certificate, which led her to begin piecing together details of her past. Jane undertook a decades-long personal investigation to not only discover her own origins but identify and reunite other victims of the Hicks Clinic human trafficking scheme. Along the way she became an expert in illicit adoptions, serving as an investigator and telling her story on every major news network. *Taken at Birth* is the remarkable account of her tireless quest for truth, justice, and resolution. Perfect for book clubs, as well as those interested in inspirational stories of adoption, human trafficking, and true crime.

jane blasio now: *Somebody Told Me* Rick Bragg, 2001-08-28 With his bestselling *All Over but the Shoutin'*, Rick Bragg gave us memorable stories of his own childhood. Here he offers the best of his work as a Pulitzer-Prize winning journalist writing the remarkable stories of others. For twenty years, Bragg has focused his efforts on the common man. So while some of these stories are about people whose names we know—such as Susan Smith, the South Carolina mother who drowned her two sons—most are people whose names we've never heard, people who have survived tornadoes and swamps, racism and bombs. In incisive, unadorned prose that is nonetheless strikingly beautiful, these pieces rise above journalism to become literature and show the triumph of the human spirit.

Frank Lalli, the former editor of *Money* and *George* magazines, has devoted his career to getting to the bottom of a good story. When he was diagnosed with Multiple Myeloma, a rare but potentially deadly blood cancer, he put his reporter's instincts to work and got the wonder drug he needed at an affordable price—thousands of dollars less than he was told he would have to spend. Amazed by the complex and arbitrary nature of the health care system, he decided to share what he has learned as his own Health Care Detective so that others can find their best care and save money, too. Based on three years of research and more than 300 first-hand interviews with experts, *Your Best Health Care Now* is your easy-to-follow, real-world guide to making today's health system work for you. You'll learn all the smart moves and timely tips to get better care and save hundreds, if not thousands, of dollars—no matter what your concerns may be. Whether you're trying to book a free check-up or negotiate with a surgeon, looking for an effective generic drug or the best price for a brand-name, or worrying about high insurance deductibles and rising premiums or a stack of surprise bills, *Your Best Health Care Now* has the answers you need to take charge of your wellbeing.

jane blasio now: *Flight into Egypt: Black Artists and Ancient Egypt 1876-Now* Akili Tommasino, 2024-11-11 From the late nineteenth century onward, Black Americans looked to ancient Egypt as evidence of a preeminent ancient culture from the African continent. *Flight into Egypt* traces ancient Egypt's influence on artists, from Edmonia Lewis's sculpture *The Death of Cleopatra* (1876) to the efflorescence of Afrocentric visual art during the Harlem Renaissance, the Black Arts Movement of the 1960s and 1970s, and artistic tendencies of the ensuing decades. This volume explores how Black artists, writers, and musicians—and modern and contemporary Egyptian artists—have employed ancient Egyptian imagery to craft a unifying identity. Authors bring to light the overlooked contributions of Black scholars to the study of ancient Egypt, while statements by contemporary Black and Egyptian artists illuminate ancient Egypt's continued hold on the creative imagination.

jane blasio now: How to Kill a City PE Moskowitz, 2017-03-07 “An exacting look at gentrification” (New York Times Book Review)—and the lives devastated in the process The term gentrification has become a buzzword to describe the changes in urban neighborhoods across the country, but we don’t realize just how threatening it is. It means more than the arrival of trendy shops, much-maligned hipsters, and expensive lattes. The very future of American cities as vibrant, equitable spaces hangs in the balance. P. E. Moskowitz’s How to Kill a City takes readers from the kitchen tables of hurting families who can no longer afford their homes to the corporate boardrooms and political backrooms where destructive housing policies are devised. Along the way, Moskowitz uncovers the massive, systemic forces behind gentrification in New Orleans, Detroit, San Francisco, and New York. In the new preface, Moskowitz stresses just how little has changed in those same cities and how the problems of gentrification are proliferating throughout America. The deceptively simple question of who can and cannot afford to pay the rent goes to the heart of America’s crises of race and inequality. A vigorous, hard-hitting exposé, How to Kill a City reveals who holds power in our cities and how we can get it back.

jane blasio now: Set Fire To Sicily Jane Heritage, 2012-02-29 Marcello D'Estari, bastard son of a nobleman and a courtesan, is the most effective, most unmanageable and most amorous of the spies of the Venetian Republic. To safeguard its position as the greatest Mediterranean power, Venice needs intelligence, and to gather intelligence it needs spies and informers - courageous, reckless men who can pass unnoticed among peasants and courtiers alike, who can speak the polyglot dialects of the Mediterranean ports, who can befriend noblemen and seduce their wives, and who can, if necessary, kill. Marcello rarely enjoys the killing. Set Fire To Sicily is his first

recorded mission.

jane blasio now: Political Exercise Lawrence D. Brown, 2022-03-08 The public health benefits of giving city dwellers increased opportunities to lead physically active lifestyles are well known to urban planners, public health scholars, and government officials. Moreover, increases in “active living,” such as walking and cycling, help the environment, support local businesses, and reduce traffic congestion, among other advantages. But despite wide agreement that active living is both achievable and valuable, best practices are not easy to implement. In *Political Exercise*, Lawrence D. Brown presents five case studies of cities that have promoted active living with varying success through a range of approaches. He shows how and why the transformation of a call for public intervention into projects, programs, and policies is inescapably political. Brown argues that in order to implement policies that support active living, their proponents must give communities a sense of ownership of recommended changes in the built environment, filter the public health agenda through a range of public and private organizations, and secure committed political champions. At the intersection of public health and urban planning, *Political Exercise* offers a framework for scholars, policy makers, and reformers to more productively address both the rationales behind active living and the political strategies that spur change.
