Sample Book Insights: #1 Poachers had been the scourge of our lives since we bought Thula Thula, a game reserve in central Zululand. They had been targeting us for almost a year now. I couldn't work out who they were or where they were coming from. #2 I learned that the izinduna were right: someone was operating within the reserve, and they were not local tribesmen and scrawny dogs. They were a well-organized criminal operation led by someone who followed our every move. #3 I had heard of the Elephant Managers and Owners Association, a private organization that took interest in elephant welfare. They had heard about Thula Thula and the variety of magnificent indigenous Zululand wildlife, and wanted to give me a herd of elephants. #4 I knew that the poachers were coming, and I wanted to save the elephants. I knew that the risk was great, but I knew that the opportunity was great as well.
