“This is the hopeful book we all need right now. Piper Parrish's life on Frick Island—a tiny, remote town smack in the middle of the Chesapeake Bay—is nearly perfect. Well, aside from one pesky detail: Her darling husband, Tom, is dead. When Tom's crab boat capsized and his body wasn't recovered, Piper, rocked to the core, did a most peculiar thing: carried on as if her husband was not only still alive, but right there beside her, cooking him breakfast, walking him to the docks each morning, meeting him for their standard Friday night dinner date at the One-Eyed Crab. And what were the townspeople to do but go along with their beloved widowed Piper? Anders Caldwell's career is not going well. A young ambitious journalist, he'd rather hoped he'd be a national award-winning podcaster by now, rather than writing fluff pieces for a small town newspaper. But when he gets an assignment to travel to the remote Frick Island and cover their boring annual Cake Walk fundraiser, he stumbles upon a much more fascinating tale: an entire town pretending to see and interact with a man who does not actually exist. Determined it's the career-making story he's been needing for his podcast, Anders returns to the island to begin covert research and spend more time with the enigmatic Piper—but he has no idea out of all the lives he's about to upend, it's his that will change the most. USA Today bestselling author Colleen Oakley delivers an unforgettable love story about an eccentric community, a grieving widow, and an outsider who slowly learns that sometimes faith is more important than the facts.

leonard caldwell basketball: The Southern Textile Basketball Tournament Mac C. Kirkpatrick, Thomas K. Perry, 2005-11-01 In 1905 Lawrence Peter Hollis went to Springfield, Massachusetts, before beginning his job as the secretary of the YMCA at Monaghan Mill in Greenville, South Carolina. While there, he met James Naismith, the inventor of basketball, and learned of the fledgling game. Armed with Dr. Naismith's rules of the game and a basketball he bought in New York, Hollis returned to the mill and changed the face of athletics in South Carolina. Lawrence Peter Hollis was one of the first to introduce basketball south of the Mason-Dixon line, and the game quickly gained popularity in the textile mill villages throughout South Carolina. In 1921 Hollis and others organized a tournament to determine the best mill team, and thus the southern Textile Basketball Tournament was born. Over the years, some of the south's top cage talent played in the tourney, including Smokey Barbare, Lucille Foster Thomas, Bert Hill, Earl Wooten, Billy Cunningham, Pete Maravich, Sue Vickers and Tree Rollins. Decade-by-decade, the history of one of the longest running basketball tournaments is provided, along with profiles of many prominent participants. Full rosters for all teams in all tournaments are given in the appendices, along with all-tournament selections and members of the Southern Textile Athletic Hall of Fame.

leonard caldwell basketball: The Golden Age of Amateur Basketball Adolph H. Grundman, 2004-12-01 The Amateur Athletic Union (AAU) has long symbolized the idealism of amateur athletic competition. In The Golden Age of Amateur Basketball, Adolph H. Grundman recounts the history of the AAU National Tournament during its golden age, 1921 through 1968. ø Grundman analyzes the early tournaments, examining rule changes, key players, and dominant teams. The Golden Age of Amateur Basketball provides the first history of AAU basketball and identifies players and teams that made major contributions to basketball history.

leonard caldwell basketball: *National Pastimes* Katharina Bonzel, 2020-01-01 Sports have long fascinated filmmakers from Hollywood and beyond, from Bend It Like Beckham to Chariots of Fire to Rocky. Though sports films are diverse in their approach, style, and storytelling modes, *National Pastimes* discloses the common emotional and visual cues that belie each sports film's underlying nationalistic impulses. Katharina Bonzel unravels the delicate matrix of national identity, sports, and emotion through the lens of popular sports films in comparative national contexts, demonstrating in the process how popular culture provides a powerful vehicle for the development and maintenance of identities of place across a range of national cinemas. As films reflect the ways in which myths of nation and national belonging change over time, they are implicated in important historical moments, from Cold War America to the class dynamics of 1980s Thatcherite Britain to the fragmented sense of nation in post-unification Germany. Bonzel shows how sports films provide a means for renegotiating the boundaries of national identity in an accessible, engaging form. *National Pastimes* opens up new ways of understanding how films appeal to the emotions, using myth-like constructions of the past to cultivate spectators' engagement with historical events.

leonard caldwell basketball: Black Ball Theresa Runstedtler, 2023-03-07 A vital narrative history of 1970s pro basketball, and the Black players who shaped the NBA Against a backdrop of ongoing resistance to racial desegregation and strident calls for Black Power, the NBA in the 1970s embodied the nation's imagined descent into disorder. A new generation of Black players entered the league then, among them Kareem Abdul-Jabbar and Spencer Haywood, and the press and public were quick to blame this cohort for the supposed decline of pro basketball, citing drugs, violence, and greed. Basketball became a symbol for post-civil rights America: the rules had changed, allowing more Black people onto the playing field, and now they were ruining everything. Enter *Black Ball*, a gripping history and corrective in which scholar Theresa Runstedtler expertly rewrites basketball's "Dark Ages." Weaving together a deep knowledge of the game with incisive social analysis, Dr. Runstedtler argues that this much-maligned period was pivotal to the rise of the modern-day NBA. Black players introduced an improvisational style derived from the playground courts of their neighborhoods. They also challenged the team owners' autocratic power, garnering higher salaries and increased agency. Their skills, style, and savvy laid the foundation for the global

popularity and profitability of the league we know today.
