leslie mahaffy murder: Killer of Her Husband's Secretary: The 1935 Love Triangle Ire of Etta Reisman (A Historical True Crime Short) R. Barri Flowers, From R. Barri Flowers, award-winning criminologist and bestselling author of *Murder of the Horse Trainer's Rival*, *Murderess on the Loose*, *Murder at the Pencil Factory*, *Murder of the Doctor's Wife*, and *Murder During the Chicago World's Fair*, comes the thought-provoking historical true crime short, *Killer of Her Husband's Secretary: The 1935 Love Triangle Ire of Etta Reisman*. On the morning of August 14, 1935, Virginia Seigh, an attractive twenty-three-year-old secretary, was shot and killed as she stood in the driveway of a home in Queens, New York. Her murderer was Mrs. Etta Reisman, the thirty-five-year-old wife of Arthur Reisman, a forty-two-year-old well-to-do owner of a beauty salon chain. The previous day, Reisman had confessed to his wife that he had fallen in love with Miss Seigh--his secretary, who had resided with the Reismans for seven years--and wanted a separation. This did not set well with Etta, who felt totally betrayed by her husband and their house guest, causing her to snap and go on a shooting frenzy. Along with Reisman himself, also witnessing the shocking homicide was his daughter from an earlier marriage, Annette Reisman. The twenty-three-year-old was injured when she attempted to take the gun from the unhinged shooter. Etta Reisman was arrested and charged with murder in this classic case of a love triangle that ended tragically for all parties concerned. The

embittered wife turned vengeful killer was convicted of the crime of violence, resulting in a stunning and controversial action the judge set in motion. The heartbreaking tale of Etta Reisman has endured through the decades as, sadly, many others have followed the same path of jealous rage as an often impulsive and deadly response to being wronged and paying an even greater price themselves in the final analysis. Bonus material includes a chapter from the author's bestselling true crime book, *Serial Killer Couples: Bonded by Sexual Depravity, Abduction, and Murder*. Also included are excerpts from the author's true crime anthologies, *Murder and Menace: Riveting True Crime Tales*, and *Murder Chronicles: A Collection of Chilling True Crime Tales*.

leslie mahaffy murder: The Death Penalty and Sex Murder in Canadian History Carolyn Strange, 2020-10-01 From Confederation to the partial abolition of the death penalty a century later, defendants convicted of sexually motivated killings and sexually violent homicides in Canada were more likely than any other condemned criminals to be executed for their crimes. Despite the emergence of psychiatric expertise in criminal trials, moral disgust and anger proved more potent in courtrooms, the public mind, and the hearts of the bureaucrats and politicians responsible for determining the outcome of capital cases. Wherever death has been set as the ultimate criminal penalty, the poor, minority groups, and stigmatized peoples have been more likely to be accused, convicted, and executed. Although the vast majority of convicted sex killers were white, Canada's racist notions of the Indian mind meant that Indigenous defendants faced the presumption of guilt. Black defendants were also subjected to discriminatory treatment, including near lynchings. In debates about capital punishment, abolitionists expressed concern that prejudices and poverty created the prospect of wrongful convictions. Unique in the ways it reveals the emotional drivers of capital punishment in delivering inequitable outcomes, *The Death Penalty and Sex Murder in Canadian History* provides a thorough overview of sex murder and the death penalty in Canada. It serves as an essential history and a richly documented cautionary tale for the present.

leslie mahaffy murder: Murder in Our Midst Romaine Smith Fullerton, Maggie Jones Patterson, 2020-12-18 As immigration, technological change, and globalization reshape the world, journalism plays a central role in shaping how the public adjusts to moral and material upheaval. This, in turn, raises the ethical stakes for journalism. In short, reporters have a choice in the way they tell these stories: They can spread panic and discontent or encourage adaptation and reconciliation. In *Murder in Our Midst*, Romaine Smith Fullerton and Maggie Jones Patterson compare journalists' crime coverage decisions in North America and select Western European countries as a key to examine culturally constructed concepts like privacy, public, public right to know, and justice. Drawing from sample news coverage, national and international codes of ethics and style guides, and close to 200 personal interviews with news professionals and academics, they highlight differences in crime news reporting practices and emphasize how crime stories both reflect and shape each nation's attitudes in unique ways. *Murder in Our Midst* is both an empirical look at varying journalistic styles and an ethical evaluation of whether particular story-telling approaches do or do not serve the practice of democracy.

leslie mahaffy murder: Serial and Mass Murder Elizabeth A. Gurian, 2021-09-30 This book reframes the study of multicide (that is, serial and mass murder) to use objective measures, and aims to expand our understanding of multicide offending through descriptive and inferential statistical analyses of different homicide patterns of the offenders. Criminal homicide and multiple murders are rare occurrences that typically account for a very small percentage of all violent crimes in most countries. Despite this low occurrence, homicide continues to be an area of intense study, with a focus on subjective measures and classifications. The research and analysis based on a database of over 1,300 cases contributes to the criminological study of violence and draws distinctions between the types of offenders (partnered and solo, serial and mass, male and female, etc.) from a range of different countries and across decades. Traditionally, studies of homicide focus on male offenders and theories of offending are then applied to females and co-offenders. The research presented in this book reveals that women and partnered offenders have very different homicide patterns from men. Looking at the history of multicide offending, this book uses descriptive

and inferential statistical analyses to directly compare differences in offending and outcome patterns across multicide offender types. This exploration of the multidimensionality of homicide at an international level is useful for scholars and students interested in criminal justice, criminology, psychology, sociology, or law.

leslie mahaffy murder: Female Serial Killers Peter Vronsky, 2007-08-07 In this fascinating book, Peter Vronsky exposes and investigates the phenomenon of women who kill—and the political, economic, social and sexual implications buried with each victim. How many of us are even remotely prepared to imagine our mothers, daughters, sisters or grandmothers as fiendish killers? For centuries we have been conditioned to think of serial murderers and psychopathic predators as men—with women registering low on our paranoia radar. Perhaps that's why so many trusting husbands, lovers, family friends, and children have fallen prey to “the female monster.” From history's earliest recorded cases of homicidal females to Irma Grese, the Nazi Beast of Belsen, from Britain's notorious child-slayer Myra Hindley to ‘Honeymoon Killer’ Martha Beck to the sensational cult of Aileen Wuornos—the first female serial killer-as-celebrity—to cult killers, homicidal missionaries, and our pop-culture fascination with the sexy femme fatale, Vronsky not only challenges our ordinary standards of good and evil but also defies our basic accepted perceptions of gender role and identity. leslie mahaffy murder: *My Ordeal in Canada* Abraham Bekit, 2019-10-25 *My Ordeal in Canada* is a narration of my tragic plight as a black man in Canada. I have been incarcerated five times by the police force and for no valid reasons whatsoever. I was also condemned to a psychiatric facility, admitted forcibly, without my consents and in violation of my rights as a Canadian citizen. Since I came to Canada in 1985 I have been subjected to many denials and deprivations by the prejudiced Canadian justice system which I have enumerated in my book in greater details. Since 2005 I experienced a number of discriminatory impediments imposed on me by the systemic racism that is prevalent in the Canadian justice system. I was prohibited from having access to my children for a total of more than ten years even though I committed no offense against any of them whatsoever. The Toronto police and the justice system treat black men like myself differently and impose their racially biased verdicts without any repercussions. This book highlights the various racist ordeals I was subjected to especially by the police and the Canadian justice system and by my employers. My deplorable and dismal predicaments, however, are not unique to me alone. They are paramount manifestations of the pathetic and pitiful trends and discriminations black men especially have to endure in racially biased Canada. It is my hope that by writing my story and experiences in Toronto I will influence and bring the required changes and to highlight the discrepancies customary and prevailing in the Toronto police and the Canadian justice system. I feel that I have a story to tell that will make Canada a better place to live in for all its citizens when the required changes are instituted.

leslie mahaffy murder: *Invisible Darkness* Stephen Williams, 2009-10-14 Perfect for fans of

Making a Murderer and The People v. O. J. Simpson, Invisible Darkness is the story of one of the more bizarre cases in recent memory—killings so sensational that they prompted the Canadian government, in the interests of justice, to silence its national press and to lock foreign journalists out of the courts. To all appearances, Paul and Karla Bernardo had a fairytale marriage: beautiful working-class girl weds bright upper-middle-class guy and they buy a fashionable dream house in the suburbs. But, bored with his straight, prestigious accounting job, Paul soon went freelance as an international smuggler. He also revealed his boredom with conventional sex—enough so that, one Christmas Eve, he persuaded his wife to drug her own sister and engage in a menage a trois, during which the sister died (a bungling coroner ruled her death accidental). The couple then upped the ante, kidnapping and imprisoning several high school girls for sexual marathons, which they videotaped before savagely murdering their captives. When the girls' bodies were found, the police were stymied (although Paul had been accused of rape and given a DNA test that vanished for two years and only recently was linked to some fifty sexual-assault cases) until Karla tried to have her husband arrested for wife beating. During questioning, she confessed to the crimes and is now serving two concurrent twelve-year sentences for manslaughter in exchange for testifying against her husband, who was jailed for life.
