Its author worked for twenty-two years on John Muir, including as secretary of the John Muir Association and as editor of Muir's unpublished papers. She interviewed many family members and people who knew and worked with John Muir to produce this account of Muir's life. She recounts Muir's Scottish origins, his early years in the harsh Wisconsin wilderness, his remarkable

mechanical aptitude and interest in botany and geology at the University of Wisconsin in Madison where he spent two and a half years before traveling to the Canadian wilderness, and then to California where he spent most of his life. "[A] well-balanced, informative and rewarding biography." — Kirkus Reviews "Into this biography of John Muir, Mrs. Wolfe has packed an amazing amount of factual information which she has illuminated with a sober critical judgment that gives us a convincing portrait of the whole man." — Francis P. Farquhar, Pacific Historical Review "Linnie Marsh Wolfe almost singlehandedly restored John Muir to the respectability and stature he always deserved... [Son of the Wilderness] should be on the reference shelves of anyone seriously interested in American environmental history." — John Opie, Environmental History Review "[A]n interesting personal biography... [Wolfe] creates Muir as a living personality — mystical but athletic, enthusiastic about nature but socially abrupt — a sort of middle-aged Thoreau." — Alexander Kern, Journal of American History "By immersing herself in Muir's life, for example, by soaking in his correspondence and journals, [Wolfe] was able to craft what amounts to a first-person narrative, the autobiography he never wrote for himself." — Char Miller, John Muir Newsletter

mary elizabeth harriman family: Top Drawer: American High Society from the Gilded Age to the Roaring Twenties Mary Cable, 2018-01-19 The age of high society in the United States was remarkably brief but also glorious. The names of the families of people-we-know - from Astor to Vanderbilt, McCormick to Palmer, Cabot to Whitney - and the places they called home - Fifth Avenue, Newport, Euclid Avenue in Cleveland, Prairie Avenue in Chicago, Delmonico's ballroom - still evoke glittering images of style, wealth, and often-outrageous show. The era of The 400, with all its glamour gentility, and pretension, is marvelously evoked in this book. Top Drawer is affectionate and ironic by turns, pointing out, for example, that the American elite were the greatest art patrons since the Renaissance, yet recounting scandals and foibles with a knowing eye that never loses sight of the ruthless quest for power that underlay the gilded surface. The hoi polloi get their own back at the hoity-toity in Top Drawer, Mary Cable's witty social history of the Gilded age of Astors, Vanderbilts, Van Rensselaers, Havemeyers, Chatfield-Taylors, et al. A stylish performance Cable's polished prose, cool wit, and extensive research make illuminating history and grand entertainment. - Publishers Weekly
