mary character traits: On Personality Peter Goldie, 2004-08-02 Warm, sensitive, creative, outgoing, cheeky, creepy. Scan any personal ads page and it's clear that to get a life you need a personality first. It is also a notion with a long and often bizarre history: in early Greece and medieval Europe, it was thought to depend on the balance of bile in the body. *On Personality* is a thoughtful and stimulating look under the skin of this widely-used but little understood phenomenon. Peter Goldie points out that we rely on personality to do a lot of work: describe, judge, understand, explain and predict others as well as ourselves. Is it really up to this task? If personality is about 'character', is it a relic of a bygone Victorian age? If personality is so reliable, how can a virtue in one person be a vice in another? Drawing on a great range of philosophers, novelists and films, from Aristotle, Hume, Kant and Nietzsche to Joseph Conrad, *Middlemarch*, *War and Peace* and *Bridget Jones' Diary*, Peter Goldie also discusses some famous psychology experiments. If personality is a reliable guide to predicting what people will do, he reflects on why people often surprise us and asks whether personality is simply down to chance and circumstance. *On Personality* is essential reading for anyone interested in this fascinating but slippery concept. It will also make you think twice before writing your CV.

mary character traits: Mary, Countess of Derby, and the Politics of Victorian Britain Jennifer Davey, 2019 Lady Mary Derby (1824-1900) occupied a pivotal position in Victorian politics, yet her activities have largely been overlooked or ignored. This volume places Mary back into the political position she occupied and offers the first dedicated account of her career. Based on extensive archival research, including hitherto neglected or lost sources, this study reconstructs the political worlds Mary inhabited. Her political landscape was dominated by the machinations and intrigues of high politics and diplomacy. As Jennifer Davey uncovers, Mary's political skill and acumen were highly valued by leading politicians of the day, including Benjamin Disraeli and William Gladstone, and she played a significant role in many of the key events of the mid-Victorian era. This included the passing of the Second Reform Act, the formation of Disraeli's 1874 Government, the Eastern Crisis of 1875-1878, and Gladstone's 1880-1885 Government. By exploring how one woman was able to exercise influence at the heart of Victorian politics, this book considers what Mary's career tells us about the nature of political life in the mid-nineteenth century. It sheds new light on the connections between informal and formal political culture, incorporating the politics of the home, letter-writing, and social relations into a consideration of the politics of Parliament and Government. It provides a rich investigation of how a woman, with few legal or constitutional rights, was able to become a significant figure in mid-Victorian political life.

mary character traits: Activated Script Analysis Elizabeth Brendel Horn, 2023-05-02 Activated Script Analysis engages theatre students in traditional formative script analysis through a fusion of devised theatre and various modes of creative expression, dispelling the notion of script analysis as an isolated pen-to-paper task and reimagining it as a captivating and collaborative process. This book uses diverse, contemporary plays to model the script analysis process for each of four Theatrical Elements: Given Circumstances; Character; Setting; and Structure. By considering each of these elements, readers can uncover patterns and themes within a dramatic text. Woven throughout the study of each theatrical element are Connections: Personal Connections, which encourage readers to explore a theatrical element within their own lives, as though their lives were a script; Play Connections, which make abstract ideas presented in script analysis concrete through theatre-based play; Professional Connections, which examine how a theatre professional might analyze a script within their own work; and Performative Connections, which provide the opportunity for students to explore a theatrical element through performance using devised theatre strategies. At the end of each chapter, readers are given the opportunity to analyze a text through the lens of a Theatrical Element and to express their findings through a variety of digital, written, visual, and performance-based modes of expression. Activated Script Analysis is designed for undergraduate theatre students and educators, to be used as the primary text in Script Analysis coursework or as a supplemental text in Acting or Directing courses. mary character traits: The Psychology of Illustration Harvey A. Houghton, Dale M. Willows, 2012-12-06 From the earliest stages of elementary school to the advanced college level, various

types of illustrations are included in educational materials in order to promote learning. These illustrative adjuncts are often profuse and, in many cases, they may be the most striking feature that distinguishes one set of learning materials from another. In addition, the perceived effectiveness of the illustrations clearly plays an important role in the marketing of many educational materials. Despite this pervasiveness and salience in education, there has never been a systematic effort to bring together the results of research on illustrations in order to provide some level of guidance to the developers of commercial learning materials. There is, however, a considerable research literature that is directly relevant to this aspect of education. The purpose of the present two volume set is to summarize and interpret the existing research literature that deals with the various educational functions of illustrations. In undertaking to produce an omnibus reference work on psychological and instructional issues surrounding illustrated learning material, our paramount aim has been to stimulate closer collaboration between researchers, producers, and users of educational text. The problems associated with moving the findings of educational research into the realm of everyday practice have been perennial ones. While many researchers and practitioners are interested in fundamentally similar questions, they typically speak dissimilar languages, read different journals, and carry out their work under disparate ideologies.

mary character traits: **Who Is Mary?** Vittoria Colonna, Chiara Matraini, Lucrezia Marinella, 2010-07-15 For women of the Italian Renaissance, the Virgin Mary was one of the most important role models. Who Is Mary? presents devotional works written by three women better known for their secular writings: Vittoria Colonna, famed for her Petrarchan lyric verse; Chiara Matraini, one of the most original poets of her generation; and the wide-ranging, intellectually ambitious polemicist Lucrezia Marinella. At a time when the cult of the Virgin was undergoing a substantial process of redefinition, these texts cast fascinating light on the beliefs of Catholic women in the Renaissance, and also, in the cases of Matraini and Marinella, on contemporaneous women's social behavior, prescribed for them by male writers in books on female decorum. Who Is Mary? testifies to the emotional and spiritual relationships that women had with the figure of Mary, whom they were required to emulate as the epitome of femininity. Now available for the first time in English-language translation, these writings suggest new possibilities for women in both religious and civil culture and provide a window to women's spirituality, concerning the most important icon set before them, as wives, mothers, and Christians.

mary character traits: **Black Women's Stories of Everyday Racism** Simone Drake, James Phelan, Robyn Warhol, Lisa Zunshine, 2024-04-09 Black Women's Stories of Everyday Racism puts literary narrative theory to work on an urgent real-world problem. The book calls attention to

African American women's everyday experiences with systemic racism and demonstrates how four types of narrative theory can help generate strategies to explain and dismantle that racism. This volume presents fifteen stories told by eight midwestern African American women about their own experiences with casual and structural racism, followed by four detailed narratological analyses of the stories, each representing a different approach to narrative interpretation. The book makes a case for the need to hear the personal stories of these women and others like them as part of a larger effort to counter the systemic racism that prevails in the United States today. Readers will find that the women's stories offer powerful evidence that African Americans experience racism as an inescapable part of their day-to-day lives—and sometimes as a force that radically changes their lives. The stories provide experience-based demonstrations of how pervasive systemic racism is and how it perpetuates power differentials that are baked into institutions such as schools, law enforcement, the health care system, and business. Containing countless signs of the stress and trauma that accompany and follow from experiences of racism, the stories reveal evidence of the women's resilience as well as their unending need for it, as they continue to feel the negative effects of experiences that occurred many years ago. The four interpretive chapters note the complex skill involved in the women's storytelling. The analyses also point to the overall value of telling these stories: how they are sometimes cathartic for the tellers; how they highlight the importance of listening—and the likelihood of misunderstanding—and how, if they and other stories like them were heard more often, they would be a force to counteract the structural racism they so graphically expose. The Open Access version of this book, available at <http://www.taylorfrancis.com>, has been made available under a Creative Commons Attribution (CC-BY) 4.0 license.

mary character traits: Curriculum and Teaching Dialogue Barbara Slater Stern, 2009-10-01 Curriculum and Teaching Dialogue is the journal of the American Association of Teaching and Curriculum (AATC). An important historical event in the development of organizations dealing with the scholarly field of teaching and curriculum was the founding of the AATC on October 1, 1993. The members of the AATC believed that the time was long overdue to recognize teaching and curriculum as a basic field of scholarly study, to constitute a national learned society for the scholarly field of teaching and curriculum (teaching is the more inclusive concept; curriculum is an integral part of teaching-the what to teach aspect). Since its founding AATC has produced scholarship in teaching and curriculum and serves the general public through its conferences, journals, and the interaction of its members. The purpose of the organization was originally defined in Article 1, Section 2 of the AATC Constitution: To promote the scholarly study of teaching and curriculum; all analytical and interpretive approaches that are appropriate for the scholarly study of teaching and curriculum shall be encouraged. Curriculum and Teaching Dialogue seeks to fulfill that mission.

mary character traits: A Virgin Conceived Mary F. Foskett, 2002-06-25 The virginity of Mary has been an influential tenet of Christian belief, a catalyst for Marian devotion, and a foundation for the construction of female Christian piety and practice. In contrast to previous biblical interpreters who have drawn on either linguistic or historical evidence to ponder whether Mary the parthenos is indeed a virgin, in this study Mary F. Foskett takes a different course. Rather than investigating the meaning and implications of the Virgin as a reified symbol, *A Virgin Conceived* examines the portrayal of Mary as a virgin in two important early Christian narratives: the canonical Luke-Acts and the second-century Protevangelium of James. Foskett explores the multiple meanings and images that parthenos and virginity display in two sources and describes how they exploit this range of possible meanings in their representations of Mary. Her study departs from earlier biblical interpretation by emphasizing neither the ambiguity of the term parthenos nor the history of tradition concerning Mary. Instead, it displays the multiple meanings of virginity and their implications for understanding representations of the Virgin Mary.

mary character traits: Robert Altman and the Elaboration of Hollywood Storytelling Mark Minett, 2021 Robert Altman and the Elaboration of Hollywood Storytelling reveals an Altman

barely glimpsed in previous critical accounts of the filmmaker. This re-examination of his seminal work during the Hollywood Renaissance or New Hollywood period of the early 1970s (including *M*A*S*H*, *Brewster McCloud*, *McCabe & Mrs. Miller*, *Images*, *The Long Goodbye*, *Thieves Like Us*, *California Split*, and *Nashville*) sheds new light on both the films and the filmmaker, reframing Altman as a complex, pragmatic innovator whose work exceeds, but is also grounded in, the norms of classical Hollywood storytelling rather than someone who rejected those norms in favor of modernist art cinema. Its findings and approach hold important implications for the study of cinematic authorship. Largely avoiding thematic exegesis, it employs an historical poetics approach, robust functionalist frameworks, archival research, and formal and statistical analysis to demystify the essential features of the standard account of Altman's filmmaking history and profile-lax narrative form, heavy reliance on the zoom, sound design replete with overlapping dialogue, improvisational infidelity to the screenplay, and a desire to subvert based in his time in the training grounds of industrial filmmaking and filmed television. The book provides a clear example of how a filmmaker might work collaboratively and pragmatically within and across media institutions to elaborate upon their sanctioned practices and aims. We misunderstand Altman's work, and the creative work of Hollywood filmmakers in general, when we insist on describing innovation as opposition to institutional norms and on describing those norms as simply assimilating innovation.

This volume is dedicated to *The Secret Garden*. The articles address a wide range of issues, including the representation of the garden in Burnett's novel in the context of cultural history; the relationship between the concept of nature and female identity; the idea of therapeutic places; the notion of redemptive children in *The Secret Garden* and *Little Lord Fauntleroy*; the concept of male identity; constructions of 'Otherness' and the redefinition of Englishness; film and anime versions of Burnett's classic; Noel Streatfeild's *The Painted Garden* as a rewriting of *The Secret Garden*; attitudes towards food in children's classics and Burnett's novel in the context of Edwardian girlhood fiction and the tradition of the female novel of development.
