michael and debi pearl ministry: *The Mindful Parent* Charlotte Peterson, 2015-11-17 Over the last four decades, American hospitals have seen a steady increase in children suffering from psychological disorders, peer violence, and suicide attempts. To figure out why this is happening and how to put an end to it, child psychologist Dr. Charlotte Peterson has been spending six months every five years living in indigenous villages and observing their parenting practices. What she's found is that the people of peaceful cultures, particularly the Tibetan, Bhutanese, and Balinese people, know something we Westerners, despite our modernity, don't, and their children are happier, healthier, and more balanced because of it. What Dr. Peterson has found is that the children in these cultures are raised with a high degree of cherishing and empathy. Attachments are promoted by intensive nurturing of infants and gentle, clear limit-setting with toddlers that teaches self-control and builds self-esteem. The result, as Dr. Peterson has found after visiting these places again and again, is children who are trusting, enjoyable, and kind, —not “spoiled,” as we might

imagine. The Mindful Parent brings together Dr. Peterson's village interviews, observations, research, and over thirty-five years of work as a psychologist to teach modern parents how to raise healthier, more well-balanced, and kinder children. It includes creative ideas from parents who are currently adopting these practices and balancing other aspects of their personal, career, and financial responsibilities to assure their children get the support they need to thrive.

michael and debi pearl ministry: Eight Kingdoms Michael Pearl, 2006 There are eight types of kingdoms mentioned in the Bible. Two of those kingdoms-the kingdom of God and the kingdom of heaven-constitute the central message of the New Testament. If all the text that speaks directly of these two kingdoms were removed from the New Testament, there wouldn't be enough left to fill up a single page in the newspaper. Yet the kingdom message is completely unknown by a large majority of ministers and their congregations all across this land. There has never been anything spoken so much, yet understood so little. The errors of reformed theology and Armenianism alike are rooted in a misunderstanding of the kingdoms. Most cults, and many of the denominational differences today, can be traced to a lack of understanding of the mystery of the kingdoms. The key to understanding the entire Bible is found in knowing the differences among the eight kingdoms, but especially these two-the kingdom of God and the kingdom of heaven. When readers finish reading this book, they will assuredly know the difference.

michael and debi pearl ministry: Babel Church Li Ma, 2021-03-16 Assisted by a diverse mass media industry, American evangelicalism has been long plagued by consumerism, entrepreneurism, and social engineering. Churches and movements that carry the name of Christ have become projects of ambition and scandals in the public eye. Without fixing its dysfunctions, these ministry models have expanded to other parts of the world, reaping similar fruits of corruption, prejudice, and abuses. The alarm call of #MeToo and #ChurchToo movements since 2017 made it more urgent for the global body of Christ to inspect its pathological patterns. What kind of response does the #MeToo movement require of our public theology and leadership ethics? Sociologist Li Ma invites us to re-engage with biblical exegesis while being attentive to new mandates of God revealed from #MeToo. A creative Ellulian integration of sociological analysis and theology, Babel Church incisively reveals why American evangelicalism and its global projects have succumbed to the temptations of worldly power at the expense of vulnerable members in the body of Christ.

I am amazed, reading the testimonies of woman in England, India, Saudi Arabia, China, Australia, and many other countries, as they share how their marriages have been saved and enriched through these biblical truths. Over the years I have learned from these many women, and,

responding to their cries for help, have added TWO NEW CHAPTERS and other small revisions to address their needs. One of the new chapters is called, Servant or Servitude? There is a difference. One is godly, the other devilish. Did we fail to make that distinction clear enough the first time around? Some have indicated such. So we tackled the subject head on. May God continue to bless you as you read and obey the wonderful words of God.

michael and debi pearl ministry: Preparándote Para Ser Una Ayuda Idónea/Preparing to Be a Help Meet (Spanish Edition) Debi Pearl, 2010-11 Being a good help meet starts long before marriage. It is a mindset, a learned habit, a way of life established as a young unmarried girl or at least that's the way it should be. Most girls spend plenty of time planning for their wedding, but make no preparation for the weeks and years to follow. It was with good reason God said let the aged women teach the younger. Preparing to Be a Help Meet contains six sweet love stories written by wives sharing their experiences about how God taught them to be the help meets they are today. Girls will be instructed on how young men seek out a wife and what they are looking for in a possible mate. In the last chapter, several men speak up to say what they really appreciate in their wives. And of course, several single, wife-hunting males speak out here and there to give their opinion of what I have written.
