no fear shakespeare download: Shakespeare and the 'Live' Theatre Broadcast Experience , 2018-07-26 This ground breaking collection of essays is the first to examine the phenomenon of how, in the twenty-first century, Shakespeare has been experienced as a 'live' or 'as-live' theatre broadcast by audiences around the world. *Shakespeare and the 'Live' Theatre Broadcast Experience* explores the precursors of this phenomenon and its role in Shakespeare's continuing globalization. It considers some of the most important companies that have produced such broadcasts since 2009, including NT Live, Globe on Screen, RSC Live from Stratford-upon-Avon, Stratford Festival HD, Kenneth Branagh Theatre Company Live, and Cheek by Jowl, and examines the impact these broadcasts have had on branding, ideology, style and access to Shakespeare for international audiences. Contributors from around the world reflect on how broadcasts impact on actors' performances, changing viewing practices, local and international Shakespearean fan cultures and the use of social media by audience members for whom "liveness" is increasingly tied up in the experience economy. The book tackles vexing questions regarding the 'presentness' and 'liveness' of performance in the 21st century, the reception of Shakespeare in a globally-connected environment, the challenges of sustaining an audience for stage Shakespeare, and the ideological implications of consuming theatre on screen. It will be crucial reading for scholars of the 'live' theatre broadcast, and enormously helpful for scholars of Shakespeare on screen and in performance more broadly.

no fear shakespeare download: *The Capitol Riots* Sandra Jeppesen, Michael Hoechsmann, iowyth hezel ulthiin, David VanDyke, Miranda McKee, 2022-05-09 The Capitol Riots maps out the events of the January 6, 2021 insurrectionary riots at the United States Capitol building, providing context for understanding the contributing factors and ongoing implications of the uprising. This definitive text explores the rise of populism, disinformation, conspiracy theories, the alt-right, and white supremacy during the lead-up to and planning of the Stop the Steal campaign, as well as the complex interplay during the riots of political performances, costumes, objectives, communications, digital media, datafication, race, gender, and—ultimately—power. Assembling raw data from social media, selfie photos and videos, and mainstream journalism, the authors develop a timeline and data visualizations representing the events. They delve into the complex, openly shared narratives, motivations, and actions of people on the ground that day who violated the symbolic center of U.S. democracy. An analysis of visual data reveals an affective outpouring of mutually amplifying

expressions of frustration, fear, hate, anger, and anomie that correspond to similar logics and counter-logics in the polarized and chaotic contemporary media environment that have only been intensified by COVID-19 lockdowns, conspiracy theories, and a call to action at the Capitol from the outgoing POTUS and his inner circle. The book will appeal to both a general audience of those curious about how and why the Capitol riots unfolded and to students and scholars of communications, political science, media studies, sociology, education, surveillance studies, digital humanities, gender studies, critical whiteness studies, and datafication studies. It will also find an audience within computer science and technology studies through its approach to big data, data visualization, AI, algorithms, data tracking, and other data sciences.

The Shakespearean International Yearbook continues to provide an annual survey of important issues and developments in contemporary Shakespeare studies. Contributors to this issue come from the US and the UK, Spain, Switzerland and South Africa, Canada, The Netherlands, India, Portugal, Greece, France, and Hungary. In addition to the section on European Shakespeares, this volume includes essays on the genre of romance, issues of character, and other topics.
