national notary association signing agent: How To Become A Notary, How To Be Highly Successful As A Notary, And How To Earn Revenue As A Notary Dr. Harrison Sachs, 2021-02-21 This essay sheds light on how to become a notary, explicates how to be highly successful as a notary, and elucidates how to earn revenue as a notary. While becoming a notary may seem be an eminently cumbersome, expensive, time-consuming, and daunting undertaking, it is viably possible to become a notary. Much to the relief of prospective notaries, it is possible to become a notary in a time span of less than one year and the journey to become a notary is not as lengthy as the journey to pursue certain other occupations, such as the occupations of a medical doctor or attorney. The pathway that a prospective notary can follow to become a notary is fraught with challenges that are not a cinch to surmount. It can be arduous to fulfill the duties of a notary. Notary skills are highly desirable skills to possess. As of February of 2021, only an infinitesimal fraction of the global population work as notaries. In the U.S., for instance, less than 4,400,000 people work as notaries even though the U.S. population is comprised of over 329,500,000 people as of February of 2021. As of February of 2021, less than 1.335% of people in the U.S. work as notaries. This means that out of 75 random people in the U.S., about only one person at most would work as a notary as of February of 2021. As of February of 2021, it was estimated that there were more medical doctors and attorneys as an aggregate in the U.S. than notaries in the U.S. even though it takes far more years to fulfill the ample mandatory requirements to become a medical doctor or attorney than it takes to fulfill the mandatory requirements to become a notary. The mandatory requirements that need to be fulfilled for a person to become a notary can vary from jurisdiction to jurisdiction. The requirements that need to be fulfilled for a person to become a notary can vary from jurisdiction to jurisdiction. The pathway to become a notary extends beyond the ambit of “meeting all your state’s qualifications, completing and submitting the notary application, and succumbing to paying the notary application filing fee”. Beyond the aforementioned requirements to become a notary, the other requirements to become a notary can encompass “taking a notary training course from an approved education vendor if deemed applicable, passing a notary examination if deemed applicable, complete the fingerprinting and background check if deemed applicable, and taking out a surety bond if deemed applicable. Once you have met all the requirements to receive your notary commission certificate, you will subsequently need to file your notary commission paperwork and also your surety bond with your notary regulating official” if deemed applicable. Once you have become a notary, you will need to purchase notary supplies to be able to perform notary services. As of February of 2021, in certain jurisdictions, it is viably possible to become a notary in less than three months. Notaries can become Notary Signing Agents in order to further broaden their career opportunities. “Notary Signing

Agents facilitate loan closings for the mortgage finance industry. A Notary Signing Agent is a notary who is specially trained to handle and notarize loan documents. For lenders, Notary Signing Agents are the critical final link to complete the loan". Notary Signing Agents can assist lenders and borrowers in completing the mortgage loan closing process. "A Notary Signing Agent is hired as an independent contractor to ensure that real estate loan documents are executed by the borrower, notarized and returned for processing on time. Completing this critical part of the loan process enables the loan to be funded". Even though all Notary Signing Agents "are notaries, not all notaries are Notary Signing Agents". Certain notaries are reticent about becoming Notary Signing Agents. This is because additional requirements need to be fulfilled for a notary to become a Notary Signing Agent post him becoming a notary. "According to the National Notary Association, signing agents must be a Notary Public, certified and background screened". The requirements that need to be fulfilled for a notary to become a Notary Signing Agent can vary from jurisdiction to jurisdiction.
