

pashtun nationalism

pashtun nationalism represents a significant political and cultural movement focused on the identity, rights, and autonomy of the Pashtun people, primarily inhabiting regions of Afghanistan and Pakistan. This form of nationalism emphasizes the preservation and promotion of Pashtun heritage, language, and political interests in the face of various regional and international challenges. The movement has historical roots dating back to the colonial period and has evolved through various political eras, reflecting the dynamic socio-political landscape of South Asia. Understanding pashtun nationalism requires an exploration of its origins, key figures, ideological underpinnings, and its impact on regional geopolitics. This article delves into the multifaceted aspects of pashtun nationalism, including its historical development, cultural significance, political movements, and contemporary challenges. The following sections will provide a comprehensive overview of these topics, offering insights into the enduring influence of pashtun nationalism in the modern era.

- Historical Origins of Pashtun Nationalism
- Cultural and Linguistic Identity
- Political Movements and Key Figures
- Pashtun Nationalism in Contemporary Politics
- Challenges and Future Prospects

Historical Origins of Pashtun Nationalism

The roots of pashtun nationalism can be traced back to the early 20th century during the British colonial rule over the Indian subcontinent. The Pashtuns, an ethnic group with a distinct language and culture, inhabited a strategically important region straddling modern-day Afghanistan and Pakistan. The colonial administration's policies and the division of Pashtun lands by the Durand Line in 1893 created a deep sense of grievance and a desire for political and cultural unity among Pashtuns. This period saw the emergence of nationalist sentiments aimed at preserving Pashtun identity and resisting foreign domination.

Impact of British Colonial Rule

British colonial policies significantly influenced the development of pashtun nationalism. The imposition of the Durand Line divided Pashtun communities, creating a cross-border ethnic group subjected to differing

state controls. This division fostered resentment and a sense of injustice, fueling demands for greater autonomy and recognition. British attempts to control the region through indirect rule and military campaigns further intensified Pashtun resistance and nationalist aspirations.

Early Nationalist Leaders and Movements

During the colonial era, several prominent Pashtun leaders emerged advocating for Pashtun rights and unity. Figures such as Khan Abdul Ghaffar Khan, also known as Bacha Khan, played a crucial role in mobilizing Pashtuns through non-violent resistance and the promotion of Pashtunwali, the traditional Pashtun code of conduct. Early nationalist movements sought to challenge colonial authority while emphasizing Pashtun cultural revival and political representation.

Cultural and Linguistic Identity

Cultural and linguistic identity lies at the heart of pashtun nationalism. The Pashto language serves as a unifying factor among Pashtuns, fostering a shared sense of heritage and community. Pashtun culture, including traditional customs, social structures, and the Pashtunwali code, reinforces collective identity and distinguishes Pashtuns from other ethnic groups in the region. The preservation and promotion of Pashto language and culture have been central to nationalist efforts.

Pashto Language and Literature

Pashto is not only a means of communication but also a vessel for Pashtun history, poetry, and folklore. Pashtun nationalism emphasizes the importance of Pashto literature in sustaining national consciousness. Literary figures and poets have contributed to the nationalist cause by producing works that celebrate Pashtun values, history, and aspirations.

Pashtunwali: The Traditional Code

Pashtunwali, the ancient tribal code, governs social conduct among Pashtuns and embodies principles such as hospitality, honor, and justice. This code serves as a cultural foundation for pashtun nationalism, reinforcing unity and resilience. The adherence to Pashtunwali reflects a collective identity that transcends political boundaries and state affiliations.

Political Movements and Key Figures

Political movements advocating pashtun nationalism have played a pivotal role in shaping the political landscape of Afghanistan and Pakistan. These movements have varied in their goals, ranging from cultural

preservation to demands for political autonomy and rights within existing state frameworks. Key figures have emerged as symbols of Pashtun nationalism, inspiring generations through their leadership and vision.

Khan Abdul Ghaffar Khan and the Khudai Khidmatgar Movement

Khan Abdul Ghaffar Khan, known as the "Frontier Gandhi," was a seminal figure in pashtun nationalism. He founded the Khudai Khidmatgar (Servants of God) movement, which promoted non-violent resistance against British colonial rule and sought to uplift Pashtun society through education and social reform. His efforts linked Pashtun nationalism with broader anti-colonial struggles in South Asia.

Pashtun Nationalist Parties

Several political parties have championed pashtun nationalism, advocating for Pashtun rights and regional autonomy. Notable among these are:

- Awami National Party (ANP): Emphasizes secular Pashtun nationalism and democratic governance.
- Pashtunkhwa Milli Awami Party (PMAP): Focuses on Pashtun identity and political rights in Pakistan.
- National Awami Party (NAP): Historically significant in promoting Pashtun political representation.

Pashtun Nationalism in Contemporary Politics

In the contemporary political arena, pashtun nationalism continues to influence regional dynamics in Afghanistan and Pakistan. Issues such as governance, security, and ethnic representation remain central to the movement's agenda. Additionally, recent youth-led protests and civil society activism have reinvigorated pashtun nationalist discourse, highlighting ongoing challenges faced by Pashtun communities.

Pashtun Tahafuz Movement (PTM)

The Pashtun Tahafuz Movement, emerging in the late 2010s, represents a modern expression of pashtun nationalism. Focused on human rights, the PTM campaigns against enforced disappearances, extrajudicial killings, and military operations affecting Pashtun areas. The movement has garnered significant attention both domestically and internationally, emphasizing the demand for justice and political recognition.

Role in Afghanistan's Political Landscape

In Afghanistan, pashtun nationalism intersects with broader ethnic and political complexities. Pashtuns constitute a significant portion of the population and have historically held influential positions in governance. The nationalist discourse here often relates to the preservation of Pashtun interests within a multiethnic state and responses to ongoing conflict and foreign intervention.

Challenges and Future Prospects

Despite its longstanding presence, pashtun nationalism faces numerous challenges that impact its trajectory and effectiveness. Political instability, geopolitical rivalries, and internal divisions within Pashtun society complicate efforts toward unity and autonomy. Furthermore, issues such as economic underdevelopment, security concerns, and state policies continue to shape the movement's future prospects.

Geopolitical Constraints

The strategic location of Pashtun regions has made them a focal point of international interests, particularly involving Afghanistan, Pakistan, and neighboring countries. These geopolitical factors impose constraints on pashtun nationalism by influencing state policies and limiting political freedoms. Cross-border dynamics also hinder cohesive nationalist strategies.

Socioeconomic and Political Challenges

Socioeconomic hardships such as poverty, lack of education, and limited infrastructure development pose significant obstacles to pashtun nationalist aspirations. Politically, fragmentation among various Pashtun groups and differing ideological perspectives affect the coherence of nationalist movements. Addressing these challenges is critical for the future sustainability of pashtun nationalism.

Potential Directions for Pashtun Nationalism

Looking ahead, pashtun nationalism may evolve by engaging with democratic processes, enhancing cultural promotion, and fostering regional cooperation. Emphasizing inclusive governance and human rights could strengthen the movement's legitimacy and effectiveness. Additionally, youth participation and digital activism are likely to play vital roles in shaping its future.

Frequently Asked Questions

What is Pashtun nationalism?

Pashtun nationalism is a political and cultural movement advocating for the rights, identity, and autonomy of the Pashtun people, who primarily live in Afghanistan and Pakistan.

What are the main goals of Pashtun nationalism?

The main goals include preserving Pashtun culture and language, securing political representation, promoting social and economic development, and sometimes seeking greater autonomy or independence for Pashtun-majority regions.

How has Pashtun nationalism influenced politics in Pakistan and Afghanistan?

Pashtun nationalism has influenced politics by inspiring movements like the Pashtun Tahafuz Movement (PTM) in Pakistan, which demands justice and rights for Pashtuns, and has affected ethnic and regional dynamics in Afghanistan.

Who are some prominent leaders associated with Pashtun nationalism?

Prominent figures include Khan Abdul Ghaffar Khan (Bacha Khan), a non-violent activist for Pashtun rights, and contemporary leaders like Manzoor Pashteen, founder of the Pashtun Tahafuz Movement.

What is the Pashtun Tahafuz Movement (PTM)?

The PTM is a social movement launched in 2018 in Pakistan advocating for Pashtun human rights, addressing issues like enforced disappearances, extrajudicial killings, and military abuses in Pashtun areas.

How do Pashtun nationalists view the Durand Line?

Many Pashtun nationalists reject the Durand Line, the border between Afghanistan and Pakistan drawn during British colonial rule, arguing it divides the Pashtun ethnic group and calling for its reconsideration.

What challenges does Pashtun nationalism face today?

Challenges include political repression, ethnic tensions, complex geopolitical interests, internal divisions within Pashtun society, and the difficulty of balancing national integration with ethnic identity.

Additional Resources

1. *Pashtun Nationalism: An Historical Perspective*

This book provides a comprehensive overview of the origins and development of Pashtun nationalism. It explores the socio-political factors that have shaped Pashtun identity over the centuries. Through historical analysis, the author examines key events and figures that contributed to the rise of nationalist sentiments among the Pashtun people.

2. *The Pashtun Question: The Unresolved Nationalism*

Focusing on the modern political landscape, this work delves into the ongoing struggle for Pashtun self-determination. It discusses the challenges faced by Pashtuns in Afghanistan and Pakistan, highlighting issues such as autonomy, cultural preservation, and political representation. The book also assesses the impact of regional and international politics on Pashtun nationalism.

3. *Tribal Roots and National Identity: Pashtun Nationalism in Context*

This book investigates the interplay between Pashtun tribal structures and emerging nationalist ideologies. It argues that tribal affiliations have both supported and complicated the quest for a unified Pashtun identity. The author uses ethnographic research to illustrate how traditional customs influence contemporary nationalist movements.

4. *Ethnicity and Politics in the Pashtun Belt*

Offering an in-depth analysis of ethnic politics, this volume examines how Pashtun nationalism has evolved within the broader context of South Asian geopolitics. It discusses the role of political parties, militant groups, and civil society in shaping nationalist discourse. The book also explores the tensions between Pashtun nationalism and state policies in Pakistan and Afghanistan.

5. *Pashtun Nationalism and the Quest for Autonomy*

This text centers on the political aspirations of Pashtuns for greater autonomy and recognition. It traces the historical movements that have sought to establish Pashtun self-rule, evaluating their successes and setbacks. The author provides insight into the legal and constitutional debates surrounding Pashtun autonomy.

6. *Voices of the Pashtun Nation: Literature and Nationalism*

Exploring the cultural dimensions of Pashtun nationalism, this book analyzes poetry, prose, and oral traditions that have inspired nationalist sentiments. It highlights the role of literary figures in fostering a sense of unity and pride among Pashtuns. The work also considers how literature serves as a medium for political expression and identity formation.

7. *Borders and Identity: Pashtun Nationalism in a Divided Land*

This book addresses the impact of colonial and modern borders on Pashtun nationalism. It examines how the Durand Line and other geopolitical boundaries have fragmented Pashtun communities. The author discusses the consequences of these divisions for Pashtun identity and nationalist movements on both sides of the border.

8. *Pashtun Nationalism: Challenges and Prospects*

Offering a forward-looking analysis, this volume assesses the current state and future potential of Pashtun nationalism. It evaluates internal challenges such as factionalism and external pressures including state repression and regional conflicts. The book proposes strategies for achieving greater unity and political empowerment for Pashtuns.

9. *The Pashtun Nationalist Movement: Historical and Contemporary Perspectives*

This comprehensive study covers the evolution of the Pashtun nationalist movement from its early beginnings to the present day. It incorporates historical documents, political analyses, and firsthand accounts to provide a nuanced understanding of the movement. The author situates Pashtun nationalism within the broader context of nationalist movements worldwide.

pashtun nationalism: Pashtun Nationalism and the Rise of Jihad Culture in Pakistan Torrey A. Goad, 2007

pashtun nationalism: Minority Nationalisms in South Asia Tanweer Fazal, 2013-10-18
South Asia is the theatre of myriad experimentations with nationalisms of various kinds - religious, linguistic, religio-linguistic, composite, plural and exclusivist. In all the region's major states, officially promulgated nationalism at various times has been fiercely contested by minority groups intent on preserving what they see as the pristine purity of their own cultural inheritance. This volume examines the perspective of minority identities as they negotiate their terms of co-existence, accommodation and adaptation with several other competing identities within the framework of the 'nation state' in South Asia. It examines three different kinds of minority articulations - cultural conclaves with real or fictitious attachments to an imaginary homeland, the identity problems of dispersed minorities with no territorial claims and the aspirations of indigenous communities, tribes or ethnicities. The essays in this volume offer a rich menu: the evolution of Naga nationalism, the construction of the territory-less Sylheti identity, the debates over Pashtun nationalism in Pakistan, the evolution of Muslim nationalism in Sri Lanka, the politics of religious minorities in Bangladesh and Pakistan, the making of minority politics in India, and questions of Islam and nationalism in colonial India. It is an eclectic mix for students of nationalism, politics, modern history and anyone interested in the evolution of South Asia. This book was published as a special issue of South Asian History and Culture.

pashtun nationalism: Political and Social Change in Pakistan's Tribal Areas Naveed Ahmad Shinwari, 2025-05-23 This book analyses agency and place of youth within the Pashtun tribal social order in Pakistan. It looks at Pashtun youth as a separate social category, analysing their changing trends of political leadership in Pakistan's former Federally Administered Tribal Areas (FATA). Presenting an in-depth ethnographic inquiry into the intricate dynamics of political leadership manifest among the Pashtun youth hailing from the erstwhile FATA, this book adds more depth to the understanding of political developments and the peculiar relationship between FATA and

Pakistan in general. The author argues that events following the Soviet invasion and post-9/11 have disrupted traditional age-based relations in Pashtun society, enabling young adults to assert their political agency in unprecedented ways. This book demonstrates how Pashtun youth have emerged at the forefront of politics through avenues such as Talibanisation, migration, elite politics, and the Pashtun social movement. These young individuals are redefining politics in FATA and across Pakistan, playing a pivotal role in shaping new relationships between the Pashtun community and the Pakistani nation. By demystifying longstanding misconceptions and stereotypes perpetuated since British colonial times and post-independence Pakistan and the evolving political dynamics in the context of the post-withdrawal phase of US forces from Afghanistan in August 2021, this book provides new empirical evidence and insights into social injustices faced by Pashtun youth. Analysing themes such as political alliances among diverse youth groups, identity politics, expressions of agency, migration, and the importance of urban spaces for activism and rights claims, the study sheds light on the dynamic role of Pashtun youth in contemporary South Asia, making it essential reading for understanding the region's socio-political landscape. It will be of interest to researchers studying politics and society in Pakistan and Afghanistan, anthropology, and post-conflict reconstruction in South Asia.

pashtun nationalism: Routledge Handbook on South Asian Foreign Policy Aparna Pande, 2021-08-30 This handbook offers a comprehensive overview of South Asian foreign policy, examining the complex history and present state of South Asian foreign policy, the foreign policy of the countries of the region, as well as their relationships with their neighbors and key external players, such as China and the United States, in an effort to understand South Asia's place in the world order. It illustrates the future trajectory of foreign policy in the region and analyses future of regional arrangements like SAARC (South Asian Association for Regional Cooperation) and BIMSTEC. The handbook is structured in five parts, each representing a focused area of enquiry: Foreign Policy Relations within South Asia Relations within Indo-Pacific Relations with China, Europe and the United States Security A carefully selected collection of 26 chapters written by experts on South Asian foreign, economic, and security policy, this handbook provides an objective yet accessible overview of the history and current state of foreign policy of each country and the region. It is an authoritative reference work for academics and students as well as international think tanks, research institutes, and non-governmental organizations working on South Asian Politics, Asian Politics, Foreign Politics, International Affairs, World History, and International Relations.

pashtun nationalism: Bilateral and Multilateral Cooperation in South Asia Adluri Subramanyam Raju, 2021-09-23 This book examines how bilateralism and multilateralism serve as cornerstones in bringing countries together to enhance regional cooperation. It explores the unfolding dynamics of bilateral and multilateral relationships in South Asia and looks at how factors like the absence of shared identities or common threats from external sources, a lack of trust, and suspicion are manifesting as obstacles for regional cooperation. With case studies from various constituent countries, the volume studies themes such as economic cooperation in South Asia, connections through sub-regional initiatives, migration and refugee problems in the region, SAARC and terrorism, the Pashtun factor in Afghanistan-Pakistan relations, India's interests in ASEAN and BIMSTEC, the nuclear dynamics of India-Pakistan relations, India-Bangladesh connectivity issues, Sri Lanka as a troubled island nation, and Afghanistan's relations with the Kashmir Valley. It discusses the implications of these long-standing issues that have stood as impediments to regional cooperation and bringing new perspectives to enable greater understanding and probable solutions. A comprehensive and accessible volume, it will be useful for scholars and researchers of international relations, international trade, South Asian studies, SAARC, regional development, international and multilateral trade, political studies, geo-politics, strategic and defence studies, and peace and conflict resolution.

pashtun nationalism: The Pakistan Paradox Christophe Jaffrelot, 2016-06-16 The idea of Pakistan stands riddled with tensions. Initiated by a small group of select Urdu-speaking Muslims

who envisioned a unified Islamic state, today Pakistan suffers the divisive forces of various separatist movements and religious fundamentalism. A small entrenched elite continue to dominate the country's corridors of power, and democratic forces and legal institutions remain weak. But despite these seemingly insurmountable problems, the Islamic Republic of Pakistan continues to endure. The Pakistan Paradox is the definitive history of democracy in Pakistan, and its survival despite ethnic strife, Islamism and deepseated elitism. This edition focuses on three kinds of tensions that are as old as Pakistan itself. The tension between the unitary definition of the nation inherited from Jinnah and centrifugal ethnic forces; between civilians and army officers who are not always in favour of or against democracy; and between the Islamists and those who define Islam only as a cultural identity marker.

pashtun nationalism: Education in Afghanistan Yahia Baiza, 2013-08-21 A comprehensive and up to date study of the history of education in Afghanistan since 1901, this book demonstrates how modern education emerged and charts its fluctuating process of development, regression and destruction. Combining historical and contemporary analysis of key international and national, political, and historical issues from the late nineteenth century to the present day, Education in Afghanistan examines; religion, modernism, tribal and ethnic conflict, language discrimination, foreign invasions, war, and international assistance through the lens of education. An in-depth understanding of these elements will provide alternative approaches to addressing the on-going conflict in Afghanistan, which has a direct effect on the overall educational development and policy-making decisions in the country. Offering a new perspective to the conflict in Afghanistan by addressing its impact on education, this book will be an invaluable resource for students and researchers interested in the formation of education policy, social and political reform in the Middle East, and Islamic Studies.

pashtun nationalism: Chequered Past, Uncertain Future Tahir Kamran, 2024-08-19 Spanning thousands of years, a wide-ranging history of Pakistan from the Bronze Age to partition and beyond. This book takes us on a sweeping journey through the ebbs and flows of Pakistan's history, from the ancient Indus Valley Civilization to contemporary times. Chequered Past, Uncertain Future uncovers influences from Turkey, Persia, Arabia, and Britain that have shaped Pakistan, as well as showcases the region's diverse and rich tapestry of peoples, and its pluralistic, multicultural society. The book also describes the post-1947 shift—following the partition of India and the establishment of the Islamic Republic of Pakistan—as the country became more religiously conservative and autocratic, intensifying sectarian and ethnic divisions. For most of their history, the people of Pakistan have found themselves under the control of military dictators who suppress civil liberties and freedom of speech and action—a trend that persists today.

pashtun nationalism: Afghanistan's Islam Nile Green, 2017 This book provides the first ever overview of the history and development of Islam in Afghanistan. It covers every era from the conversion of Afghanistan through the medieval and early modern periods to the present day. Based on primary sources in Arabic, Persian, Pashto, Urdu and Uzbek, its depth and scope of coverage is unrivalled by any existing publication on Afghanistan. As well as state-sponsored religion, the chapters cover such issues as the rise of Sufism, Sharia, women's religiosity, transnational Islamism and the Taliban. Islam has been one of the most influential social and political forces in Afghan history. Providing idioms and organizations for both anti-state and anti-foreign mobilization, Islam has proven to be a vital socio-political resource in modern Afghanistan. Even as it has been deployed as the national cement of a multi-ethnic 'Emirate' and then 'Islamic Republic,' Islam has been no less a destabilizing force in dividing Afghan society. Yet despite the universal scholarly recognition of the centrality of Islam to Afghan history, its developmental trajectories have received relatively little sustained attention outside monographs and essays devoted to particular moments or movements. To help develop a more comprehensive, comparative and developmental picture of Afghanistan's Islam from the eighth century to the present, this edited volume brings together specialists on different periods, regions and languages. Each chapter forms a case study 'snapshot' of the Islamic beliefs, practices, institutions and authorities of a particular time and place in Afghanistan--Provided

pashtun nationalism: The Pashtuns Abubakar Siddique, 2014-06-10 Most accounts claim that the instability gripping Afghanistan and Pakistan is either rooted in Pashtun history and culture, or finds willing hosts among Pashtun communities on both sides of the Afghanistan-Pakistan border. In *The Pashtuns*, Abubakar Siddique, a stout-hearted Pashtun himself, sets out to interrogate this claim. He tells a very different story: that the failure, and unwillingness, of both Afghanistan and Pakistan to absorb the Pashtuns into their state structures and to incorporate them into the economic and political fabric is central to South Asia's problems, and a critical failure of nation- and state-building in both countries. In a voice that is both engaging and erudite, he makes clear that religious extremism is the product of these critical failures and that responsibility for this lies to a large degree with the elites of both countries. Partly an eye-witness account and partly meticulously researched scholarship, *The Pashtuns* describes a people whose destiny will, no doubt, shape the future of Pakistan and Afghanistan, and also the rest of the world.

pashtun nationalism: Prospects for Peace in South Asia Rafiq Dossani, Henry S. Rowen, 2005 Dossani's book addresses the largely hostile, often violent relations between India and Pakistan that date from their independence in 1947.

pashtun nationalism: The Taliban and Islamic State Selim Öztürk, 2024-12-06 This unique study pioneers a comparative analysis between two major jihadist entities, the Taliban and the Islamic State, focusing on their state-building endeavors. It highlights the Taliban's historical state-building efforts in the 1990s, as a model for understanding similar initiatives by jihadist groups such as the Islamic State. Departing from existing literature that often examines individual jihadist groups in isolation, this study adopts a comparative approach, offering unique insights into the broader phenomenon of jihadist groups and their attempts at state-making. Through detailed examinations of the Taliban and the Islamic State in Afghanistan and elsewhere, and the impacts of other regional actors, the study sheds light on the resurgence of these movements, even after apparent decline, as witnessed with the resurgence of the Taliban. The book will be an invaluable reference for researchers, scholars, politicians, and diplomats, concerned with the region, and with the aspirations of terror groups to engage in state-building.

pashtun nationalism: Proxy war in Afghanistan Abbas Farasoo, 2025-06-10 This book provides a compelling analysis of proxy warfare and its far-reaching implications for statehood, focusing on the conflict in Afghanistan. Introducing the innovative concept of 'state-wrecking', it bridges theory and practice to unravel how external support for insurgent actors fuels violence, undermines territorial control and sovereignty, intensifies violence, and dismantles political legitimacy. The work shifts the discourse on proxy wars from the strategies of global powers to the procedural and structural impacts within target states. Grounded in rigorous empirical research, including interviews, archival data, and conflict analysis, the book critically examines the Pakistan-Taliban nexus and the limitations of US-led interventions. By blending a robust theoretical framework with in-depth case studies, it reveals how proxy dynamics shape conflicts, disrupt governance, and challenge international security. This is an essential resource for those seeking to understand the entanglements of modern warfare and the fragility of states under external influence.

pashtun nationalism: Afghanistan Nabi Misdaq, 2006-04-18 Afghan society is analyzed from a fresh standpoint in this book which discusses the country's two and a half centuries of socio-political disquiet and outside interference. The author explores the continuous struggle between the central government and the cornerstone of the present state, the tribes. In its examination of the interchange between the centre and the periphery, the book presents a compelling review of Afghan history, the role of Islam and the contemporary theories of state, Islam, nationalism, ethnicity, and tribalism. In addition, Misdaq considers Afghanistan's dynamism and long established custom of dealing with foreign invaders. Covering the Soviet occupation, ethnic conflicts and the US invasion, the book examines Afghan resilience and the capacity to raise an army of fighting men. Written by a well-respected authority on the region, the book highlights past mistakes which should not be repeated and recommends the way forward for this troubled nation.

pashtun nationalism: The Musharraf Factor Abid Ullah Jan, 2005

pashtun nationalism: *Radicalization in Pakistan* Muhammad Shoaib Pervez, 2020-11-29 This book offers a critical analysis of radicalization in Pakistan by deconstructing the global and the official state narratives designed to restrain Pakistani radicalization. Chapters are centered around three distinct themes: educational norms, religious practices and geo-political aspects of radicalization to examine the prevalent state and global practices which propagate Pakistani radicalization discourse. The book argues that there is both a global agenda, which presents Pakistan as the epicenter and sponsor of terrorism, and a domestic, or official, agenda that portrays Pakistan as the state which sacrificed and suffered the most in the recent War on Terror, which allow the country to gain sympathy as a victim. Delineating both conflicting agendas through a critical analysis of global and state practices in order to understand the myths and narratives of radicalization in Pakistan constructed by powerful elites, the book enables readers to gain a better understanding of this phenomenon. A multidisciplinary critical approach to comprehending radicalization in Pakistan with innovative prescriptions for counter-radicalization policy, this book will be of interest to researchers working in the fields of International Relations, Security Studies, Asian Politics, as well as Religious Studies and Education, in particular in the context of South Asia.

pashtun nationalism: Education in West Central Asia Mah-E-Rukh Ahmed, 2013-06-20

Education in West Central Asia is a comprehensive critical reference guide to education in the region. With chapters written by an international team of leading regional education experts, the book explores the education systems of each country in the region. With chapters covering Iran, Pakistan, Afghanistan, Kazakhstan, Kyrgyzstan, Tajikistan, Turkmenistan and Uzbekistan, the book critically examines the development of education provision in each country as well as local and global contexts. Including a comparative introduction to the issues facing education in the region as a whole and guides to available online datasets, this handbook will be an essential reference for researchers, scholars, international agencies and policy-makers at all levels.

pashtun nationalism: The Wars of Afghanistan Peter Tomsen, 2013-12-10 As Ambassador and Special Envoy on Afghanistan from 1989 to 1992, Peter Tomsen has had close relationships with Afghan leaders and has dealt with senior Taliban, warlords, and religious leaders involved in the region's conflicts over the last two decades. Now Tomsen draws on a rich trove of never-before-published material to shed new light on the American involvement in the long and continuing Afghan war. This book offers a deeply informed perspective on how Afghanistan's history as a shatter zone for foreign invaders and its tribal society have shaped the modern Afghan narrative. It brings to life the appallingly misinformed secret operations by foreign intelligence agencies, including the Soviet NKVD and KGB, the Pakistani ISI, and the CIA. American policy makers, Tomsen argues, still do not understand Afghanistan; nor do they appreciate how the CIA's covert operations and the Pentagon's military strategy have strengthened extremism in the country. At this critical time, he shows how the U.S. and the coalition it leads can assist the region back to peace and stability.

pashtun nationalism: Defeat is an Orphan Myra MacDonald, 2017 When India and Pakistan held nuclear tests in 1998, they restarted the clock on an intense competition that had begun with Partition. Nuclear weapons restored strategic parity, erasing the advantage of India's much larger military. But the shield offered by nuclear weapons also encouraged a reckless reliance by Pakistan on militant proxies even as jihadis spun out of control within and beyond its borders. In the years that followed, Pakistan would lose decisively to India, sacrificing its own domestic stability in a failed attempt to assert its claim to Kashmir and influence events in Afghanistan. *Defeat is an Orphan* tracks the defining episodes in the relationship between India and Pakistan from 1998, from bitter conflict in the mountains to military confrontation in the plains, from the hijacking of an Indian airliner to the Mumbai attacks. It is a frank history of an enduringly bitter relationship, set against the background of Islamist militancy in Pakistan and India's economic leap forward.
