prisoners of childhood audiobook: *Children in Prison and Other Cruelties of Prison Life (Classic Reprint)* Oscar Wilde, 2016-09-14 Excerpt from *Children in Prison and Other Cruelties of Prison Life* The present treatment of children is terrible, primarily from people not understanding the peculiar psychology of a child's nature. A child can understand a punishment inflicted by an individual, such as a parent or guardian, and bear it with a certain amount of acquiescence. What it cannot understand is a punishment inflicted by Society. It cannot realise what Society is. With grown people it is, of course, the reverse. Those of us who are either in prison or have been sent there, can understand, and do understand, what that collective force called Society means, and whatever we may think of its methods or claims, we can force ourselves to accept it. Punishment inflicted on us by an individual, on the other hand, is a thing that no grown person endures or is expected to endure.
