philipp von bernstorff wife: On All Fronts Clarissa Ward, 2021-09-07 "On All Fronts: The Education of a Journalist beautifully outlines . . . what it means to seek the truth. It gave me a new faith in the power of reporting." —Oprah Winfrey The recipient of multiple Peabody and Murrow awards, Clarissa Ward is a world-renowned conflict reporter. In this strange age of crisis where there really is no front line, she has moved from one hot zone to the next. With multiple assignments in Syria, Gaza, Ukraine, and Afghanistan, Ward, who speaks seven languages, has been based in Baghdad, Beirut, Beijing, and Moscow. She has seen and documented the violent remaking of the world at close range. With her deep empathy, Ward finds a way to tell the hardest stories. On All Fronts is the riveting account of Ward's singular career and of journalism in this age of extremism. Following a privileged but lonely childhood, Ward found her calling as an international war correspondent in the aftermath of 9/11. From her early days in the field, she was embedding with marines at the height of the Iraq War and reporting from the center of Israel's war with Hezbollah. Soon she was soon on assignment all over the globe. From her multiple stints entrenched with Syrian rebels to her deep investigations into the Western extremists who are drawn to ISIS, Ward covered Bashar al-Assad's reign of terror without fear and with courage and compassion. In 2018, Ward rose to new heights at CNN and became a mother. Suddenly, she was doing this hardest of jobs with a whole new perspective. On All Fronts is the unforgettable story of one extraordinary journalist—and of a changing world.

philipp von bernstorff wife: Regulatory Counter-Terrorism Nathanael Tilahun Ali, 2018-04-17 Regulatory Counter-Terrorism explores an emerging terrain in which the global governance of terrorism is expanding. This terrain is that of proactive regulatory governance – the management of the day-to-day activities of individuals and entities in order to pre-emptively minimize vulnerability to terrorism. Overshadowed by the more publicized dimensions of military and criminal justice responses to terrorism, regulatory counter-terrorism has grown in size and impact without stirring up as much academic debate. Through a critical assessment of international regulatory counter-terrorism in three areas – financial services, the control of arms and dangerous materials, and the cross-border movement of persons and goods – this volume identifies a dynamic trend. This is the refashioning of international rule making into a flexible and experimental exercise. This volume shows how this transformation is affecting societies across the world in new ways and in the process unravelling settled understandings of international law. Furthermore, through an in-depth analysis of the working processes of UN counter-terrorism bodies and the Financial Action Task Force, this book illustrates that the monitoring of the global counter-terrorism regime is, contrary to accepted understanding, in the main collaborative and managerial, and coercive only peripherally. Dynamic rule making and soft monitoring complement each other, but this is a reason for concern: the softening of international monitoring encourages regulatory adventurism by states in tackling terrorism, while the element of self-correction in dynamic rule making helps silence the calls for institutionalized mechanisms of accountability. This volume will be of great interest to students and scholars of counter-terrorism, security studies, global governance, and international law.

philipp von bernstorff wife: Emergency Powers of International Organizations Christian Kreuder-Sonnen, 2019-11-21 Emergency Powers of International Organizations explores emergency

politics of international organizations (IOs). It studies cases in which, based on justifications of exceptional necessity, IOs expand their authority, increase executive discretion, and interfere with the rights of their rule-addressees. This "IO exceptionalism" is observable in crisis responses of a diverse set of institutions including the United Nations Security Council, the European Union, and the World Health Organization. Through six in-depth case studies, the book analyzes the institutional dynamics unfolding in the wake of the assumption of emergency powers by IOs. Sometimes, the exceptional competencies become normalized in the IOs' authority structures (the "ratchet effect"). In other cases, IO emergency powers provoke a backlash that eventually reverses or contains the expansions of authority (the rollback effect). To explain these variable outcomes, this book draws on sociological institutionalism to develop a proportionality theory of IO emergency powers. It contends that ratchets and rollbacks are a function of actors' ability to justify or contest emergency powers as (dis)proportionate. The claim that the distribution of rhetorical power is decisive for the institutional outcome is tested against alternative rational institutionalist explanations that focus on institutional design and the distribution of institutional power among states. The proportionality theory holds across the cases studied in this book and clearly outcompetes the alternative accounts. Against the background of the empirical analysis, the book moreover provides a critical normative reflection on the (anti) constitutional effects of IO exceptionalism and highlights a potential connection between authoritarian traits in global governance and the system's current legitimacy crisis.

philipp von bernstorff wife: European Peace and Security Policy Michael Brzoska, 2015-03-26 After the attacks of 9/11 terrorism and other forms of transnational risks of violence dominated official security policy. Researchers at the Institute for Peace Research and Security Policy at the University of Hamburg investigated the consequences of this change for security governance in a multi-annual research program. Case studies show that transnational security policies changed, but that national governments remained dominant. In other words, the transnationalisation of threat perceptions only led to a limited internationalisation of security policies. The volume presents results of the research program. It combines conceptual work on security governance with empirical research, for instance on counterterrorism, changing perceptions of security in international organizations, such as the European Union and the Organization for Security and Co-operation in Europe.

philipp von bernstorff wife: Research Handbook on Global Administrative Law Sabino Cassese, 2016-02-27 This Handbook explores the main themes and topics of the emerging field of Global Administrative Law with contributions by leading scholars and experts from universities and organizations around the world. The variety of the subjects addressed and the internationality of the Handbook's perspectives make for a truly global and multi-dimensional view of the field. The book first examines the growth of global administrations, their interactions within global networks, the emergence of a global administrative process, and the development of the rule of law and democratic principles at a global level. It goes on to illustrate the relationship between global law and other legal orders, with particular attention to regional systems and national orders. The final section, devoted to the emergence of a global legal culture, brings the book full circle by identifying the growth of a global epistemic community. The Research Handbook on Global Administrative Law provides a contemporary overview of the nascent field in detailed yet accessible terms, making it a valuable book for university courses. Academics and scholars with an interest in international law, administrative law, public law, and comparative law will find value in this book, as well as legal professionals involved with international and supranational organizations and national civil servants dealing with supranational organizations.

philipp von bernstorff wife: Handbook on the Rule of Law Christopher May, Adam Winchester, 2018-08-31 The discussion of the norm of the rule of law has broken out of the confines of jurisprudence and is of growing interest to many non-legal researchers. A range of issues are

explored in this volume that will help non-specialists with an interest in the rule of law develop a nuanced understanding of its character and political implications. It is explicitly aimed at those who know the rule of law is important and while having little legal background, would like to know more about the norm.

philipp von bernstorff wife: Socialism and International Law, 2024-11-18 The contributions of socialist thinkers and states to the development of international law often go unrecognized. *Socialism and International Law: The Cold War and Its Legacies* explores how socialist individuals and governments from Eastern Europe, Africa, and Asia made vital contributions to international law as it is practiced today, and also brought ideas and initiatives that constituted important disruptive moments in its history. The socialist world of the 20th century was an ambiguous and fragile construct: there were clear divisions between the Soviet-led Eastern Bloc, which kept one foot in Western Eurocentric traditions, and the positions of the radical Third World, primarily post-colonial Afro-Asian states, which mounted a more fundamental challenge to the international order. Far from a monolith, the socialist world was an intricate and dynamic space, which still had many shared common understandings of global affairs and the meaning of the law within them. By examining how different state socialist ideologies, legal principles, and realpolitik affected contemporary international law frameworks, this book contests existing linear and Western-dominated histories. It considers these state socialist engagements in conversation with liberal and Western approaches and underlines the divisions that existed between versions of socialism from different regions and across the North-South divide. The legacies of socialist international law are still with us today, as are the consequences of its failure. With a focus on the Cold War and its aftermath, *Socialist International Law* features astute commentary on the history and present-day effects of socialist principles applied to international law, provided by an esteemed and diverse group of contributors from around the world.

philipp von bernstorff wife: *Lawmaking under Pressure* Giovanni Mantilla, 2020-12-15 In *Lawmaking under Pressure*, Giovanni Mantilla analyzes the origins and development of the international humanitarian treaty rules that now exist to regulate internal armed conflict. Until well into the twentieth century, states allowed atrocious violence as an acceptable product of internal conflict. Why have states created international laws to control internal armed conflict? Why did states compromise their national security by accepting these international humanitarian constraints? Why did they create these rules at improbable moments, as European empires cracked, freedom

fighters emerged, and fears of communist rebellion spread? Mantilla explores the global politics and diplomatic dynamics that led to the creation of such laws in 1949 and in the 1970s. By the 1949 Diplomatic Conference that revised the Geneva Conventions, most countries supported legislation committing states and rebels to humane principles of wartime behavior and to the avoidance of abhorrent atrocities, including torture and the murder of non-combatants. However, for decades, states had long refused to codify similar regulations concerning violence within their own borders. Diplomatic conferences in Geneva twice channeled humanitarian attitudes alongside Cold War and decolonization politics, even compelling reluctant European empires Britain and France to accept them. *Lawmaking under Pressure* documents the tense politics behind the making of humanitarian laws that have become touchstones of the contemporary international normative order. Mantilla not only explains the pressures that resulted in constraints on national sovereignty but also uncovers the fascinating international politics of shame, status, and hypocrisy that helped to produce the humanitarian rules now governing internal conflict.

philipp von bernstorff wife: *Constructing the Powers of International Institutions* Viljam Engström, 2012-05-16 The scope of powers of international institutions has always been surrounded by a sense of ambiguity. This has its source in the nature of the two main legal tools with which to construct powers; the doctrines of attributed/conferred powers and implied powers. This book illustrates the function of the two doctrines in a discourse on powers. Special attention is also paid to the move to a constitutional vocabulary as a way of transcending the dichotomy at the heart of diverging constructions of powers. Constitutionalization claims, the book argues, can be reproductions of different images of the proper extent of powers. The book is a reminder of the political nature of any construction of powers of international institutions.

philipp von bernstorff wife: *A Companion to Eighteenth-Century Europe* Peter H. Wilson, 2014-01-28 *A COMPANION TO EIGHTEENTH-CENTURY EUROPE* "This is an impressive volume, with leading experts providing a wide-ranging coverage that should satisfy most requirements for effective and thoughtful introductory surveys... All specialists on this period will find much of value in this excellent volume." *History, The Journal of the Historical Association* This Companion contains 31 essays by leading international scholars to provide an overview of the key debates on eighteenth-century Europe. It considers not just major western European states, but also the often neglected countries of eastern and northern Europe. Placing Europe within an international context, contributors investigate key areas of society, economics, culture, and political development. The book concludes with the French and other European revolutions that brought the century to a close, both chronologically and as regards the Ancien Régime. *A Companion to Eighteenth-Century Europe* examines both established and emerging areas of interest in the field, making it an essential guide for students and scholars.

philipp von bernstorff wife: *The Leibniz-Caroline-Clarke Correspondence* , 2023-08-02 This volume focuses on the famous philosophical correspondence between the German polymath Gottfried Wilhelm Leibniz, writing in the final months of his life, and the English philosopher and cleric Samuel Clarke, as well as the correspondence between Leibniz and Caroline of Brandenburg-Ansbach, future Princess of Wales and Queen Consort of England, who played a significant role in the correspondence as both mediator of, and commentator on, the exchanges between Leibniz and Clarke. It provides a complete reproduction of Samuel Clarke's 1717 edition of his correspondence with Leibniz, as well as original language texts (in French and Latin) and English translations of the extant correspondence between Leibniz and Caroline from 1714 to 1716, as well as many of the letters exchanged between Leibniz and various correspondents during the period of the correspondence with Clarke. Many of the original language documents are here published and translated into English for the first time. Gregory Brown's introduction places the letters in historical and personal context. The first part discusses the correspondence and developing relationship between Caroline and Leibniz. This encompasses a period immediately leading up to the ascension of Caroline's father-in-law, Georg Ludwig, Elector of Braunschweig-Lüneburg (Hanover), to the throne of England as George I following the death of Queen Anne, as well as Caroline's ascension to

the position of Princess of Wales and subsequent relocation to England, Leibniz's correspondence with Clarke, mediated by Caroline, and Leibniz's death in 1716. The second part of the introduction discusses the main themes of the correspondence between Leibniz and Clarke and highlights the importance and influence of Caroline in her role as mediator of the correspondence.

philipp von bernstorff wife: **August 1696 - April 1697** Gerda Utermöhlen, Sabine Sellschop, 2014-06-04 Leibniz, der nun fünfzig Jahre alt geworden ist und ein Tagebuch zu führen beginnt, liefert uns in einigen großen Briefen und Denkschriften Darstellungen seiner wissenschaftlichen und kulturfördernden Arbeiten und Überlegungen. Der Aufenthalt van Helmonts in Hannover führt zu philosophischen Briefgesprächen mit der Kurfürstin Sophie und ihrer Nichte Elisabeth Charlotte von Orléans. Die Binär-Mathematik in ihrer Ausdeutungsmöglichkeit als Analogie zum christlichen Schöpfungsglauben beschäftigt Leibniz in seinem Neujahrsbrief an den Herzog Rudolf August und seinem letzten Brief an den China-Missionar Grimaldi. Historisch-politische und juristische Ausarbeitungen nehmen in der Vorphase des europäischen Friedensschlusses vor allem zur Sicherung der hannoverschen Anwartschaft auf den englischen Thron und zur Anerkennung der Neunten Kur Stellung. Von Wien aus erkundet der Nachfolger des Bischofs von Wiener Neustadt Möglichkeiten, die Reunionsverhandlungen wieder aufzunehmen. Unvermindert intensiv bleiben die historischen Forschungen und die Vorbereitung von Quellenpublikationen. Für sprachgeschichtliche Studien findet er in dem Schweden Sparwenfeld einen Gesprächspartner, der ihm von seiner Reise durch Europa und Nordafrika auf den Spuren der Goten berichtet.

philipp von bernstorff wife: Home and International Law Henrietta Zeffert, 2024-03-26 This book is about home and international law. More specifically, it is about the profound, and frequently devastating, transformations of home that are happening almost everywhere in the world today and what international law has to do with them. Through three stories of home – the desert home, the lake home and the city home – this book traces how the everyday operations of international law shape the material, affective and imaginative experience of home. It argues that international law's 'homemaking work' is characterised by acts of domination, practices of resistance and the production of unhomely spaces. However, the book also considers whether and how the liberatory potential of international law could be unlocked through the metaphor of home. This book draws from fieldwork conducted by the author in Palestine, Cambodia and the United Kingdom. It takes a global socio-legal approach to home and international law, informed by feminist political theory, feminist geography, home studies and contemporary critical approaches to international law. It is the first academic work to examine the relationship between home and international law. This book's global socio-legal approach to home and international law will be of interest to those teaching and studying in international law, socio-legal studies, legal pluralism and legal geography.
