

rock hudson partners

rock hudson partners played a significant role in the personal and professional life of the iconic Hollywood actor Rock Hudson. Known for his distinguished career in film and television, Rock Hudson's relationships with his partners have been a point of interest for both fans and historians. This article explores the lives of Rock Hudson's partners, their influence on him, and the broader context of his relationships within the entertainment industry. It also delves into the challenges he faced as a closeted gay man during the height of his fame. By examining the people closest to him, a clearer picture emerges of the man behind the screen legend. The following sections provide an in-depth look into Rock Hudson's romantic partners, his private life, and the legacy that his relationships have left behind.

- Overview of Rock Hudson's Personal Life
- Known Partners and Relationships
- Impact of Rock Hudson's Relationships on His Career
- Challenges Faced by Rock Hudson and His Partners
- Legacy of Rock Hudson's Relationships

Overview of Rock Hudson's Personal Life

Rock Hudson, born Roy Harold Scherer Jr., was one of the most celebrated actors of the 1950s and 1960s, known for his roles in romantic comedies and dramas. Despite his public image as a leading man, his personal life was marked by secrecy, particularly regarding his sexual orientation. The culture of Hollywood at the time demanded discretion, and as a result, much of Rock Hudson's private life, including his relationships, remained shielded from the public eye. Understanding the context of his personal life is crucial to appreciating the significance of his partners and the dynamics of those relationships.

Early Life and Career

Rock Hudson's journey to stardom began in the late 1940s, with his breakthrough roles in the 1950s establishing him as a matinee idol. His charm and good looks helped him gain fame, but his personal life was carefully managed by studio executives. He was often paired with female co-stars in on-screen romances, which helped cultivate his image as a heterosexual heartthrob. However, behind the scenes, Hudson maintained relationships with several male partners, navigating the complexities of fame and societal expectations.

Secrecy and Public Persona

The era in which Rock Hudson lived was not accepting of homosexuality, particularly in the public sphere. As a result, Hudson's partners were rarely acknowledged publicly during his lifetime. The need to maintain a certain image led to carefully constructed cover stories and a private life lived largely out of the spotlight. This dual existence had profound effects on Hudson's relationships and personal well-being.

Known Partners and Relationships

While much about Rock Hudson's romantic life was kept private, several partners have been identified through biographies, interviews, and historical research. These relationships provide insight into the man behind the celebrity and the personal challenges he faced. The nature of these partnerships varied, but all contributed to Hudson's life experience and emotional world.

Philo Sheffield

Philo Sheffield is often cited as one of Rock Hudson's most significant partners. Their relationship reportedly lasted several years during the 1950s and 1960s. Sheffield, who was a musician and actor, shared a close and intimate bond with Hudson, providing companionship during a time when Hudson's personal life was otherwise isolated. Their relationship exemplifies the quiet, private partnerships that characterized much of Hudson's life.

Marc Christian

Marc Christian was another notable partner who was with Rock Hudson during the later years of his life. Christian, a writer and artist, was known to be close to Hudson during the period when Hudson was battling his AIDS diagnosis. Their relationship demonstrated the emotional support and loyalty that Hudson's partners provided him during difficult times. Christian's role extended beyond romance, encompassing caregiving and companionship.

Other Relationships

In addition to Sheffield and Christian, Rock Hudson's life included other partners, though details remain less documented. Some sources mention brief relationships and friendships that blurred the lines between personal and professional connections. The secrecy surrounding these relationships reflects the broader context of Hollywood's approach to LGBTQ+ identities during Hudson's era.

Impact of Rock Hudson's Relationships on His Career

Rock Hudson's relationships were inevitably intertwined with his career, influencing the choices he made and the public persona he maintained. The need to conceal his true self shaped his interactions within the industry and affected his professional trajectory.

Studio Control and Public Image

Studios during Hudson's time exercised significant control over the images of their stars. Hudson's romantic involvements were carefully managed or concealed to preserve his box office appeal. This control limited his ability to live openly and shaped the way his relationships were conducted, often leading to arranged dates or public appearances with women to uphold the illusion of heterosexuality.

Effect on Career Opportunities

The pressure to maintain secrecy about his relationships meant Hudson faced restrictions on the types of roles he could accept and the publicity he could engage in. While he enjoyed immense success, the constraints also prevented him from embracing parts or projects that might have reflected his true identity. His relationships, therefore, had a subtle but impactful role in directing the course of his career.

Challenges Faced by Rock Hudson and His Partners

The relationships of Rock Hudson were marked by significant challenges stemming from societal prejudices, health issues, and the demands of fame. Both Hudson and his partners navigated a complex landscape of discrimination, secrecy, and personal struggle.

Social Stigma and Privacy

During the mid-20th century, homosexuality was heavily stigmatized, especially in the entertainment industry. Hudson and his partners had to maintain extreme discretion to protect their careers and personal safety. This necessity for privacy often led to isolation and emotional strain, as their true identities could not be openly expressed or celebrated.

Health Crisis and Public Revelation

The most profound challenge came when Rock Hudson was diagnosed with AIDS in the mid-1980s. His illness and subsequent death brought unprecedented attention to the disease and the realities faced by gay men. His partners, particularly Marc Christian, played critical roles in supporting him during this period, while also confronting public

scrutiny and misinformation about AIDS.

Emotional and Psychological Impact

The pressures of hiding their relationship and facing societal rejection took a toll on Hudson and his partners' mental health. The constant need for secrecy and fear of exposure created an environment of stress and anxiety, which affected their personal lives deeply.

Legacy of Rock Hudson's Relationships

The relationships of Rock Hudson have left a lasting legacy in both Hollywood history and the broader cultural understanding of LGBTQ+ lives in the mid-20th century. His partners and their stories contribute to a more nuanced appreciation of his life beyond his film career.

Influence on LGBTQ+ Visibility

Although Rock Hudson's sexuality was not publicly acknowledged until late in his life, the revelation of his relationships and HIV diagnosis broke significant ground in raising awareness about gay actors and the AIDS epidemic. His partners' courage in supporting him helped humanize the issues faced by the LGBTQ+ community during a time of widespread prejudice.

Recognition in Media and Biographies

Subsequent biographies, documentaries, and media portrayals have explored Hudson's relationships with greater openness, recognizing the importance of his partners in his life. These works provide valuable historical context and have helped dismantle some of the stigma that surrounded Hudson's private life.

Lessons for Modern Hollywood

The story of Rock Hudson and his partners underscores the progress made in Hollywood regarding LGBTQ+ representation and acceptance. It serves as a reminder of the challenges faced by earlier generations and the importance of authenticity and inclusivity in the entertainment industry today.

Summary of Key Aspects of Rock Hudson Partners

- Rock Hudson maintained several long-term relationships with male partners, including Philo Sheffield and Marc Christian.

- His relationships were kept private due to social stigma and studio pressures.
- The partners provided emotional support throughout Hudson's career and during his illness.
- His relationships influenced his public image and career choices.
- Rock Hudson's legacy has contributed to greater LGBTQ+ visibility and acceptance in Hollywood.

Frequently Asked Questions

Who was Rock Hudson's most notable partner?

Rock Hudson's most notable partner was Phyllis Gates, whom he married in 1955. However, it is widely believed that their marriage was one of convenience, and Hudson was known to have had relationships with men during his lifetime.

Was Rock Hudson openly gay during his career?

No, Rock Hudson was not openly gay during his career. He kept his sexuality private due to the social and professional pressures of the time in Hollywood.

Did Rock Hudson have any long-term partners?

Rock Hudson had several relationships with men during his life, but he was very private about his personal life and did not publicly acknowledge any long-term partners.

How did Rock Hudson's partners influence public awareness of HIV/AIDS?

After Rock Hudson's HIV/AIDS diagnosis became public in 1985, his relationships and personal story helped raise awareness about the disease and reduced stigma, as he was one of the first major celebrities to be diagnosed with AIDS.

Are there any biographies that detail Rock Hudson's personal relationships?

Yes, several biographies and documentaries about Rock Hudson explore his personal relationships and struggles with his sexuality, including the book 'Rock Hudson: His Story' by Sara Davidson.

Did Rock Hudson have any partners at the time of his death?

Reports indicate that Rock Hudson was in a relationship with a man named Marc Christian at the time of his death in 1985, though Hudson kept his private life very discreet.

rock hudson partners: Between Rock and a Hard Place Robert Parker Mills, 2010-11 This book is about the first fear of AIDS case tried in America. It tells the untold story of the trial that the general public heard nothing about. By telling the true story from the perspective of the lawyer who actually represented the Estate of Rock Hudson it is hoped the reader, acting as the 13th juror, will see the gross injustice done to the late actor by Christian and Rock's alleged friend, Mark Miller, as well as the court, the jury, and the press, all of which were blinded from the truth by this newly discovered disease called AIDS. Marc Christian claimed he was given a death sentence because Rock didn't tell him of his AIDS diagnosis and continued to have high risk sex with him. 25 years later Christian died not from HIV or AIDS. He was never HIV positive. How could this be if he was telling the truth that he continued having anal sex with Hudson 3 to 5 times a week for 8 months after Rock was first told he had full blown AIDS? Christian was either superhuman and they should clone his blood as a cure for AIDS, or he simply didn't tell the truth at trial, where Rock Hudson could not defend himself because Christian waited until Rock died, and found out he wasn't in his Will, before bringing his lawsuit.

rock hudson partners: **Rock Hudson** John Mercer, 2015-02-20 Tall, dark and handsome, with a manufactured name and a scrupulously designed professional image, Rock Hudson represented the Hollywood ideal of American masculinity during the 1950s and 60s; an ideal that was to be questioned and ultimately undermined during the years to follow by lurid accounts of his private life and his death from AIDS related illness. This illuminating analysis of Hudson's career reassesses the perceived disparity between his public persona and his 'true' nature. Exploring his unique qualities as a performer and exposing the role of his agent, producers and directors in the construction of his image, John Mercer unpicks Hudson's stardom to reveal a more complex star identity than has hitherto been understood. Foregrounding the ways in which Hudson's career provides insights into the nature of American popular culture and attitudes towards gender and sexuality, Mercer ultimately depicts Hudson as a star who embodied a period of transition between the old Hollywood and the new.

rock hudson partners: The Trial of Rock Hudson John Parker, 1990 There had never been a trial like it. It took place in the Superior Court of Los Angeles, beginning in December 1988, and it

made Rock Hudson's former lover, Marc Christian, an instant multi-millionaire. Hudson almost certainly had AIDS throughout their three-year relationship, but when the dreaded news was finally confirmed he deliberately withheld it from Christian. When Hudson died, Christian sued. The trial went ahead and the upshot was that Christian was initially awarded almost \$23 million in damages. The Trial of Rock Hudson chronicles every day of that landmark trial and studies its impact on Hollywood, the homosexual community and AIDS sufferers themselves. It also supplies a fascinating insight into the legal system in the USA.

rock hudson partners: Liberace Darden Asbury Pyron, 2013-04-26 More people watched his nationally syndicated television show between 1953 and 1955 than followed *I Love Lucy*. Even a decade after his death, the attendance records he set at Madison Square Garden, the Hollywood Bowl, and Radio City Music Hall still stand. Arguably the most popular entertainer of the twentieth century, this very public figure nonetheless kept more than a few secrets. Darden Asbury Pyron, author of the acclaimed and bestselling *Southern Daughter: The Life of Margaret Mitchell*, leads us through the life of America's foremost showman with his fresh, provocative, and definitive portrait of Liberace, an American boy. Liberace's career follows the trajectory of the classic American dream. Born in the Midwest to Polish-Italian immigrant parents, he was a child prodigy who, by the age of twenty, had performed with the Chicago Symphony Orchestra. Abandoning the concert stage for the lucrative and glittery world of nightclubs, celebrities, and television, Liberace became America's most popular entertainer. While wildly successful and good natured outwardly, Liberace, Pyron reveals, was a complicated man whose political, social, and religious conservatism existed side-by-side with a lifetime of secretive homosexuality. Even so, his swishy persona belied an inner life of ferocious aggression and ambition. Pyron relates this private man to his public persona and places this remarkable life in the rapidly changing cultural landscape of twentieth-century America. Pyron presents Liberace's life as a metaphor, for both good and ill, of American culture, with its shopping malls and insatiable hunger for celebrity. In this fascinating biography, Pyron complicates and celebrates our image of the man for whom the streets were paved with gold lamé. An entertaining and rewarding biography of the pianist and entertainer whose fans' adoration was equaled only by his critics' loathing. . . . [Pyron] persuasively argues that Liberace, thoroughly and rigorously trained, was a genuine musician as well as a brilliant showman. . . . [A]n immensely entertaining story that should be fascinating and pleasurable to anyone with an interest in American popular culture.—Kirkus Reviews This is a wonderful book, what biography ought to be and so seldom is.—Kathryn Hughes, *Daily Telegraph* [A]bsorbing and insightful. . . . Pyron's interests are far-ranging and illuminating—from the influence of a Roman Catholic sensibility on Liberace and gay culture to the aesthetics of television and the social importance of self-improvement books in the 1950s. Finally, he achieves what many readers might consider impossible: a persuasive case for Liberace's life and times as the embodiment of an important cultural moment.—Publishers Weekly Liberace, coming on top of his amazing life of Margaret Mitchell, *Southern Daughter*, puts Darden Pyron in the very first rank of American biographers. His books are as exciting as the lives of his subjects.—Tom Wolfe Fascinating, thoughtful, exhaustive, and well-written, this book will serve as the standard biography of a complex icon of American popular culture.—Library Journal

rock hudson partners: American Dreams H. W. Brands, 2011-05-31 From bestselling historian H. W. Brands, an incisive chronicle of the events and trends that guided—and sometimes misguided—our nation from the A-bomb to the iPhone. For a brief, bright moment in 1945, America stood at its apex, looking back on victory not only against the Axis powers but against the Great Depression, and looking ahead to seemingly limitless power and promise. What we've done with that power and promise over the past six decades is a vitally important and fascinating topic that has rarely been tackled in one volume, and never by a historian of H. W. Brands's stature. As *American Dreams* opens, Brands shows us a country dramatically different from our own—more unequal in social terms but more equal economically, more religious and rural but also more liberal and more wholeheartedly engaged with the rest of the world. As he traces the changes we have gone through as a nation, he reveals the great themes and dreams that have driven America—the rising focus on

individual rights and pleasures, the growing distance between our global goals and those of the rest of the world, and the inexorable dissolution of a shared sense of what it means to be American. In Brands's adroit hands, these trends unfold through a character-driven narrative that sheds brilliant light on the obvious highs and lows—from Watergate to the Berlin Wall, from Apollo 11 to 9/11, from My Lai to shock and awe. But he also chronicles the surprising impact of less celebrated events and trends. Through his eyes, we realize the sweeping significance of the immigration reforms of the 1960s, which gradually transformed American society. We come to grasp the vast impact of abandoning the gold standard in 1971, which enabled both globalization and the current financial crisis. We ponder the unnerving results of CNN's debut in 1979, which sped up the news cycle and permanently changed our foreign policy by putting its effects live on our TV screens. Blending political and cultural history with his keen sense of the spirit of the times, Brands captures the national experience through the last six decades and reveals the still-unfolding legacy of dreams born out of a global cataclysm.

rock hudson partners: West of the East Coast Thomas Carl Hotka, 2010-03 Every summer the population of college-age kids explodes in Southern California. Some come for opportunities on movie lots and recording studios. Others migrate for summer jobs at Disneyland or Knott's Berry Farm. A few are simply on vacation. Most arrive in the chaotic land of tinsel, fruits, and nuts to hit the beaches and party. Fraternity brothers Robert, Kevin, and Benjamin return to Disneyland for a second summer. Working at Carnation Plaza Gardens, friendships are made with Tammy, a grunion hunter and powder skier from Utah, Dave, a volleyball player and mountain climber from Kansas, and Jed Bob, a rockabilly guitarist and slap-back bass player from Texas. Extracurricular activities include beer drinking at the French Quarter in Anaheim, bodysurfing at The Wedge in Newport Beach, and side trips to Tijuana, Catalina, and Hollywood. Most of the kids pack light, but a few make room for heavy baggage, including their own demons of obsession, deception, and manipulation. Aston, a former First Lady Astronaut Trainee in Albuquerque, is one of the young people with lots of baggage, including a working hit list of six names. She along with her best friend Leslie, an Eastern Airlines stewardess and American River whitewater guide, run into Robert, Kevin, and Benjamin at lunch in Big Sur. They meet again at Disneyland, where the girls are taking a break from surfing the pilings at the pier in Huntington Beach. During their time together, there is no mention of Aston's list or the name at the top of the list—President of the United States John F. Kennedy.

rock hudson partners: The Intersection of Star Culture in America and International Medical Tourism Kathy Merlock Jackson, Lisa Lyon Payne, Kathy Shepherd Stolley, 2015-12-24 Celebrity culture, health care, and travel attract attention in America's media-saturated society. These worlds curiously intersect in the study of medical tourism. Although the US touts some of the finest and best-known medical facilities in the world, many jet-setting A-list celebrities, who can well afford the finest of health care, seek treatment far away from home, popularizing international sites, physicians, and procedures. These travelers, whose every move is chronicled by the media, both reflect and influence health care concerns in America. An analysis of these high-profile cases of celebrities with both life-threatening and non life-threatening conditions sheds light on the link between medical tourism and celebrity, showing how health care and entertainment intersect, and the American public responds. *The Intersection of Star Culture in America and International Medical Tourism: Celebrity Treatment* argues that celebrity cases and media content drive awareness of medical tourism among Americans at a time when the medical system is under intense scrutiny. By popularizing international sites for treatment, procedures not available in the US, and different approaches to patient care, media narratives present options for health care, triggering dialogue on one of America's most important human welfare issues.

rock hudson partners: Disease and Democracy Peter Baldwin, 2005 "A historical masterpiece! Just when we thought we knew everything about the politics and policies of the HIV/AIDS pandemic, Peter Baldwin surprises us with innovative insights about the sharp differences in policy among countries as well as complex tradeoffs between civil liberties and public goods. This is a refreshing

and readable book in which AIDS is used as a lens to understand the public health enterprise ranging from leprosy and syphilis to tuberculosis and SARS. Baldwin offers a deeply historical and comparative understanding of HIV in the industrialized world.”—Lawrence O. Gostin, author of *Public Health Law: Power, Duty, Restraint* Although a vast literature has emerged to chronicle and reflect on the history of the AIDS epidemic since it was first reported almost a quarter of a century ago, there is nothing like Peter Baldwin's probing and synthetic analysis of AIDS in the industrialized world. Building on his masterful *Contagion and the State in Europe 1830-1930*, Baldwin has provided a complex historical tapestry of how an epidemic threat has challenged and exposed democracies that thought infectious threats a thing of the past.—Ronald Bayer author of *Private Acts, Social Consequences: Aids and the Politics Of Public Health* and coauthor with Gerald Oppenheimer of *AIDS Doctors: Voices from the Epidemic*

rock hudson partners: Letters of the Century Lisa Grunwald, Stephen J. Adler, 2008-04-08 Immediate and evocative, letters witness and fasten history, catching events as they happen, write Lisa Grunwald and Stephen J. Adler in their introduction to this remarkable book. In more than 400 letters from both famous figures and ordinary citizens, *Letters of the Century* encapsulates the people and places, events and trends that shaped our nation during the last 100 years. Here is Mark Twain's hilarious letter of complaint to the head of Western Union, an ecstatic letter from a young Charlie Chaplin upon receiving his first movie contract, Einstein's letter to Franklin Roosevelt warning about atomic warfare, Mark Rudd's generation gap letter to the president of Columbia University during the student riots of the 60s, and a letter from young Bill Gates imploring hobbyists not to share software so that innovators can make some money... In these pages, our century's most celebrated figures become everyday people and everyday people become part of history. Here is a veteran's wrenching letter left at the Vietnam Wall, a poignant correspondence between two women trying to become mothers, a heart-breaking letter from an AIDS sufferer telling his parents how he wants to be buried, an indignant e-mail from a PC user to his on-line server... Letters, write Grunwald and Adler, give history a voice. Arranged chronologically by decade, illustrated with over 100 photographs, *Letters of the Century* creates an extraordinary chronicle of our history, through the voices of the men and women who have lived its greatest moments.

rock hudson partners: Rock Hudson Brenda Scott Royce, 1995-02-28 Rock Hudson rose to stardom as the virile hero of adventure films, and he then gained a flurry of female fans by starring in melodramas, like *Magnificent Obsession*. He earned an Oscar nomination for his role in *Giant*, starred in successful romantic comedies, and had a productive television and stage career. This book provides full information about his many performances and charts his life and career up to his death from AIDS. Rock Hudson was a movie giant, one of the biggest stars Hollywood ever produced. He gained early fame as the romantic hero of adventure films and melodramas such as *Magnificent Obsession* (1954). He then tackled serious drama in *Giant* (1956), for which he earned an Academy Award nomination. With the success of *Pillow Talk* (1959), he entered a new genre for which he would become best known—the sex comedy. He also had a successful stage and television career. This book charts Rock Hudson's rise as a celebrity until his death from AIDS. A biography opens the volume, followed by chapters which chronicle his work in film, television, radio, and the stage. Each chapter contains descriptions of Hudson's individual performances, with entries providing cast and credit information, plot summaries, excerpts from reviews, and critical commentary. The volume also includes a listing of Hudson's awards and an annotated bibliography of additional sources of information.

rock hudson partners: How You and Your Mate Can Become a Super Couple James Milton Murphy, 2011-05-18

rock hudson partners: The Advocate , 2006-02-28 *The Advocate* is a lesbian, gay, bisexual, transgender (LGBT) monthly newsmagazine. Established in 1967, it is the oldest continuing LGBT publication in the United States.

rock hudson partners: The Rights of People who are HIV Positive William B. Rubenstein, Ruth Eisenberg, 1996 Focusing on the day-to-day legal questions most likely to arise, this handbook

will prove invaluable to people living with HIV, to their friends, families, and partners, and to advocates and lawyers. Legal questions affecting HIV-positive people have grown tremendously complex, cutting across multiple areas of life as well as of law. This ACLU handbook uses a question-and-answer format, making it clear how to take advantage of protective laws.

rock hudson partners: *Scandals, Secrets and Swansongs* Boze Hadleigh, 2021-09-01 Behind the images and facades of stars whose fame and fascination continue to outlive them lies the naked truth. How Hollywood stars lived, worked and died is often more dramatic than their films. When we talk about movie stars we usually dwell not on their movies but their personalities or what happened to them or supposedly happened. Their lives interest us even more than their roles, especially, let's be honest, their mishaps and tragedies, including early deaths. Their scandals define several movie stars, and Hollywood secrets remain a true-gossip staple, particularly sexual secrets. *Scandals, Secrets & Swansongs* takes a close-up, no-holds-barred look at 101 stars—at their surprising, often shocking, sometimes sordid but always entertaining real selves and lives.

rock hudson partners: *Straight Girls and Queer Guys* Christopher Pullen, 2016-01-18 Examines the emergence of gay male and female heterosexual alliances within contemporary media.

rock hudson partners: *Encyclopedia of Homosexuality* Wayne R. Dynes, 2016-03-22 First published in 1990, *The Encyclopedia of Homosexuality* brings together a collection of outstanding articles that were, at the time of this book's original publication, classic, pioneering, and recent. Together, the two volumes provide scholarship on male and female homosexuality and bisexuality, and, reaching beyond questions of physical sexuality, they examine the effects of homophilia and homophobia on literature, art, religion, science, law, philosophy, society, and history. Many of the writings were considered to be controversial, and often contradictory, at that time, and refer to issues and difficulties that still exist today. This volume contains entries from A-L.

rock hudson partners: *How to Have Theory in an Epidemic* Paula A. Treichler, 1999 A collection of essays on the AIDS epidemic, by a leading feminist cultural theorist of science

rock hudson partners: *American Literary Studies* Michael A. Elliott, Claudia Stokes, 2003 Leading scholars discuss strategies and methodology in American literary studies.

rock hudson partners: *Marriage Equality* William N. Eskridge, Jr., Christopher R. Riano, 2020-08-18 The definitive history of the marriage equality debate in the United States, praised by *Library Journal* as beautifully and accessibly written. . . . An essential work." As a legal scholar who first argued in the early 1990s for a right to gay marriage, William N. Eskridge Jr. has been on the front lines of the debate over same-sex marriage for decades. In this book, Eskridge and his coauthor, Christopher R. Riano, offer a panoramic and definitive history of America's marriage equality debate. The authors explore the deeply religious, rabidly political, frequently administrative, and pervasively constitutional features of the debate and consider all angles of its dramatic history. While giving a full account of the legal and political issues, the authors never lose sight of the personal stories of the people involved, or of the central place the right to marry holds in a person's ability to enjoy the dignity of full citizenship. This is not a triumphalist or one-sided book but a thoughtful history of how the nation wrestled with an important question of moral and legal equality.

rock hudson partners: *Tough Guys Do Dance* David Winters, 2018-06-12 David Winters has produced and directed over 80 feature films and over 200 television shows and TV movies, and is recognized as nothing short of an icon in the entertainment industry. In *Tough Guys Do Dance*, David shares many fascinating and, at times, jaw-dropping behind-the-scenes stories regarding his associations with some of the biggest names in show business—names like Frank Sinatra, Elvis Presley, Barbra Streisand, and Michael Jackson, to name a few. It is filled with personal stories of David's life that at times may seem hard to imagine and is told with David's personal voice and real-life humility in a way that only he could tell. David's work in the legendary Broadway show and film *West Side Story* inspired millions of boys and men alike to embrace the art of dance and truly showed them that "tough guys do dance"! Whether you are a student of dancing or an aspiring actor or producer, this book will prove to be one of the most entertaining reads you will ever experience.
