Doodle is born with physical disabilities that make his survival uncertain, yet he surpasses expectations by learning to walk and interact with the world. As the story progresses, Brother's pride in Doodle's accomplishments grows, but so does his impatience and desire to push Doodle beyond his limits. The story reaches a tragic climax when they encounter a scarlet ibis, a rare and exotic bird, which dies mysteriously near their home. Summary of Key Events

The narrative begins with Doodle's fragile birth and initial survival against medical expectations. Brother describes teaching Doodle to walk, swim, and row, motivated by both love and his own pride. Disability and Acceptance

Doodle's physical limitations shape much of the story's conflict. The narrative explores societal and personal attitudes toward disability, emphasizing the importance of acceptance and understanding while also acknowledging the challenges faced by individuals with disabilities.

Pride and Guilt

Brother's pride in Doodle's achievements is a driving force in the story, but it also leads to guilt after Doodle's death. The theme highlights the dangers of pride when it overrides compassion and the emotional burden of guilt that follows loss.

scarlet ibis short story: Oxford Anthology of the Brazilian Short Story K. David Jackson, 2006-08-31 The Oxford Anthology of the Brazilian Short Story contains a selection of short stories by the best-known authors in Brazilian literature from the late nineteenth century to the present. With few exceptions, these stories have appeared in English translation, although widely separated in time and often published in obscure journals. Here they are united in a coherent edition representing Brazil's modern, vibrant literature and culture. J.M. Machado de Assis, who first perfected the genre, wrote at least sixty stories considered to be masterpieces of world literature. Ten of his stories are included here, and are accompanied by strong and diverse representations of the contemporary story in Brazil, featuring nine stories by Clarice Lispector and seven by Joao Guimaraes Rosa. The remaining 34 authors include Mario de Andrade, Graciliano Ramos, Osman Lins, Dalton Trevisan, and other major names whose stories in translation exhibit profound artistry. The anthology is divided into four major periods, Tropical Belle-Epoque, Modernism, Modernism at Mid-Century, and Contemporary Views. There is a general introduction to Brazilian literary culture and introductions to each of the four sections, with descriptions of the authors and a general bibliography on Brazil and Brazilian literature in English. It includes stories of innovation (Mario de Andrade), psychological suspense (Graciliano Ramos), satire and perversion (Dalton Trevisan), altered realities and perceptions (Murilo Rubiao), repression and sexuality (Hilda Hilst, Autran Dourado), myth (Nelida Pinon), urban life (Lygia Fagundes Telles, Rubem Fonseca), the oral tale (Jorge Amado, Rachel de Queiroz) and other overarching themes and issues of Brazilian culture. The anthology concludes with a haunting story set in the opera theater in Manaus by one of Brazil's most recently successful writers, Milton Hatoum.

scarlet ibis short story: Beyond the Five Paragraph Essay Kimberly Campbell, Kristi Latimer, 2023-10-10 Love it or hate it, the five-paragraph essay is perhaps the most frequently taught form of writing in classrooms of yesterday and today. But have you ever actually seen five-paragraph essays outside of school walls? Have you ever found it in business writing, journalism, nonfiction, or any other genres that exist in the real world? Kimberly Hill Campbell and Kristi Latimer reviewed the research on the effectiveness of the form as a teaching tool and discovered that the research does not support the five-paragraph formula. In fact, research shows that the formula restricts creativity, emphasizes structure rather than content, does not improve standardized test scores, inadequately prepares students for college writing, and results in vapid writing. In *Beyond the Five-Paragraph Essay*, Kimberly and Kristi show you how to reclaim the literary essay and create a program that encourages thoughtful writing in response to literature. They provide numerous strategies that stimulate student thinking, value unique insight, and encourage lively, personal writing, including the following: Close reading (which is the basis for writing about literature) Low-stakes writing options that support students' thinking as they read Collaboration in support of discussion, debate, and organizational structures that support writing as exploration A focus on students' writing process as foundational to content development and structure The use of model texts to write in the form of the literature students are reading and analyzing The goal of reading and writing about literature is to push and challenge our students' thinking. We want students to know that their writing can convey something important: a unique view to share, defend, prove, delight, discover, and inspire. If we want our students to be more engaged, skilled writers, we need to move beyond the five-paragraph essay.

scarlet ibis short story: Brothers Andrew Blauner, 2010-04-19 The next best thing to not having a brother (as I do not) is to have Brothers. —Gay Talese Here is a tapestry of stories about the complex and unique relationship that exists between brothers. In this book, some of our finest authors take an unvarnished look at how brothers admire and admonish, revere and revile, connect and compete, love and war with each other. With hearts and minds wide open, and, in some cases, with laugh-out-loud humor, the writers tackle a topic that is as old as the Bible and yet has been, heretofore, overlooked. Contributors range in age from twenty-four to eighty-four, and their stories from comic to tragic. Brothers examines and explores the experiences of love and loyalty and loss, of altruism and anger, of competition and compassion—the confluence of things that conspire to form the unique nature of what it is to be and to have a brother. “Brother.” One of our eternal and quintessential terms of endearment. Tobias Wolff writes, “The good luck of having a brother is partly the luck of having stories to tell.” David Kaczynski, brother of “The Unabomber”: “I’ll start with the premise that a brother shows you who you are—and also who you are not. He’s an image of the self, at one remove . . . You are a ‘we’ with your brother before you are a ‘we’ with any other.” Mikal Gilmore refers to brotherhood as a “fidelity born of blood.” We’ve heard that the apple doesn’t fall far from the tree. But where do the apples fall in relation to each other? And are we, in fact, our brothers’ keepers, after all? These stories address those questions and more, and are, like the relationships, full of intimacy and pain, joy and rage, burdens and blessings, humor and humanity.

scarlet ibis short story: The Bleeding Tree Hollie Starling, 2023-05-11 It was the last of the ebbing days, the brink of the new season. It was the murky hours, the clove between sunset and sunrise. It was a tall tree with deep roots and it had been bleeding for a long while. As summer falls into autumn, Hollie Starling is hit by the heart-stopping news that her father has died by suicide. Thrust into a state of 'grief on hard mode', Hollie feels underserved by current attitudes toward grief and so seeks another way through the dark. Following her first year without her father, Hollie embraces her lifelong interest in folklore and turns to the healing power of nature, the changing seasons and the rituals of ancient communities. The Bleeding Tree is an unflinching year-zero guidebook to grief that shows us that by looking back to past traditions of bereavement we can all find our own way forward. 'Starling's account of family life is riveting and narrated with grace and honesty, counterpointing the personal with the mythic.' - Irish Times
