- Key Themes in Scott Galloway Books
- Detailed Review of Major Scott Galloway Books
- Impact and Reception of Scott Galloway's Publications
- Why Scott Galloway Books Are Essential for Modern Business Readers

Overview of Scott Galloway's Career and Expertise

Scott Galloway is an accomplished academic, entrepreneur, and author known for his keen analysis of technology and business trends. He is a professor of marketing at New York University's Stern School of Business and has founded multiple companies across different sectors. His expertise lies in understanding the strategies of leading technology giants such as Amazon, Apple, Facebook, and Google. The insights he shares in his books draw from years of research, professional experience, and observation of market dynamics. This background makes scott galloway books authoritative resources for those seeking to comprehend the modern business landscape.

Key Themes in Scott Galloway Books

Scott Galloway's books emphasize several recurring themes that resonate throughout his work. These include the power and influence of big tech companies, the future of retail and branding, digital disruption, and the socio-economic impact of technology. His writing often explores how consumer behavior is evolving amid technological advancements and the implications for businesses trying to stay competitive. Additionally, Galloway discusses the intersection of business with culture and politics, offering a holistic view of the forces shaping the global economy today.

The Dominance of Big Tech

One of the most prominent themes in Scott Galloway's books is the dominance of the so-called "Big Four" tech companies: Amazon, Apple, Facebook, and Google. Galloway analyzes their business models, market strategies, and competitive advantages, explaining why these companies have become so powerful and what challenges they face moving forward.

Branding and Consumer Loyalty

Galloway explores how brands build emotional connections with consumers and maintain loyalty in a crowded marketplace. He discusses the importance of authenticity, storytelling, and value creation as key factors that differentiate successful companies.

Digital Disruption and Innovation

The rapid pace of technological innovation and its effect on traditional industries is another central topic. Galloway highlights how businesses must adapt to survive and thrive in an era defined by digital transformation and changing customer expectations.

Detailed Review of Major Scott Galloway Books

Scott Galloway has published several influential books that have garnered critical acclaim and commercial success. Each book offers unique insights and practical advice for navigating the complexities of the modern business environment.

The Four: The Hidden DNA of Amazon, Apple, Facebook, and Google

In "The Four," Galloway provides an in-depth analysis of the four tech giants that dominate the digital economy. The book delves into their origins, growth strategies, and the ways they have reshaped retail, communication, and information access. It also addresses the societal and regulatory challenges they face. This book is widely regarded as an essential read for understanding contemporary technology and business power structures.

Post Corona: From Crisis to Opportunity

"Post Corona" examines the lasting effects of the COVID-19 pandemic on global business and society. Galloway discusses how the crisis accelerated digital adoption, altered consumer habits, and created new opportunities for innovation. The book offers a forward-looking perspective on how companies can adapt and capitalize on the changes brought about by the pandemic.

Algebra of Happiness: Notes on the Pursuit of Success, Love, and Meaning

While not solely focused on business, this book combines personal reflections with practical wisdom on achieving fulfillment in life and work. Galloway shares lessons on balancing career ambitions with emotional well-being and meaningful relationships. It complements his business-focused works by addressing the human element behind professional success.

Other Notable Works and Contributions

Beyond his major books, Scott Galloway regularly contributes thought leadership through essays, podcasts, and public speaking engagements. These materials often expand on themes explored in his books and offer timely commentary on current market trends and technological developments.

Impact and Reception of Scott Galloway's Publications

Scott Galloway's books have been widely praised for their clarity, insight, and practical relevance. They have influenced business leaders, marketers, and academics by providing a clear framework for understanding how technology shapes markets and consumer behavior. The accessible writing style and use of real-world examples make his concepts easy to grasp for a broad audience. Additionally, his books have sparked important conversations around the ethical responsibilities of big tech and the future of capitalism.

- Critically acclaimed for data-driven analysis
- Frequently cited in business and technology discussions
- Used as foundational texts in business education
- Influential in shaping public opinion on tech industry regulation
- Popular among entrepreneurs and investors for strategic insights

Why Scott Galloway Books Are Essential for Modern Business Readers

In an era of rapid technological change and market disruption, understanding the forces at play is crucial for business success. Scott Galloway books provide readers with the tools to analyze industry trends, anticipate shifts, and develop effective strategies. They offer a blend of theoretical knowledge and practical advice that is valuable for executives, marketers, students, and anyone interested in the future of commerce. Moreover, his focus on the ethical and societal implications of technology encourages a more nuanced approach to business leadership.

By engaging with Scott Galloway books, readers gain access to expert perspectives that illuminate the complexities of the digital economy and inspire informed decision-making in an increasingly interconnected world.

Additional Resources

1. *The Four: The Hidden DNA of Amazon, Apple, Facebook, and Google*

This book by Scott Galloway explores the dominance of four tech giants shaping our economy and culture. Galloway analyzes how Amazon, Apple, Facebook, and Google have built their empires and the impact they have on consumers and society. The book provides insights into their strategies and what the future might hold for these companies.

2. *Algebra of Happiness: Notes on the Pursuit of Success, Love, and Meaning*

In this reflective and personal book, Scott Galloway shares lessons on finding happiness and balance in life. He combines data, personal anecdotes, and philosophical insights to discuss what truly matters

beyond wealth and professional success. It's a guide to living a meaningful life with clarity and purpose.

3. *Post Corona: From Crisis to Opportunity*

Galloway examines the effects of the COVID-19 pandemic on business, technology, and society in this timely book. He argues that the crisis has accelerated trends in digital transformation and offers a roadmap for thriving in a changed world. The book identifies opportunities for innovation and growth in the post-pandemic economy.

4. *Digital Minimalism: Choosing a Focused Life in a Noisy World* by Cal Newport

This book addresses the challenges of digital distraction and offers strategies to regain control over technology use. Newport advocates for a minimalist approach to digital tools, emphasizing intentionality and focus. It complements Galloway's discussions on tech's effects by providing practical advice on managing digital life.

5. *Hooked: How to Build Habit-Forming Products* by Nir Eyal

Eyal's book dives into the psychology behind why certain products captivate users and become addictive. It offers a framework for creating engaging digital experiences, relevant to Galloway's exploration of tech giants' power. The book is a valuable resource for understanding consumer behavior and product design.

6. *Invisible Women: Data Bias in a World Designed for Men* by Caroline Criado Perez

This book uncovers the gender data gap and how it impacts women's lives across various sectors. It aligns with Galloway's interest in societal trends and inequalities, offering a critical look at systemic biases. The book combines research and storytelling to reveal the unseen ways women are disadvantaged.

7. *The Innovators: How a Group of Hackers, Geniuses, and Geeks Created the Digital Revolution* by Walter Isaacson

Isaacson chronicles the history of the digital age through the stories of key innovators. This narrative complements Galloway's analysis of modern tech companies by providing historical context. It highlights collaboration, creativity, and the human element behind technological breakthroughs.

8. *Bad Blood: Secrets and Lies in a Silicon Valley Startup* by John Carreyrou

This investigative book reveals the rise and fall of Theranos, a biotech startup built on deception. It provides an important cautionary tale about startup culture and the tech industry's pitfalls. The story resonates with Galloway's critiques of business ethics and hype in technology sectors.

9. *Lean In: Women, Work, and the Will to Lead* by Sheryl Sandberg

Sandberg's influential book encourages women to pursue leadership roles and confront workplace challenges. It addresses themes of gender and power in business, topics that intersect with Galloway's discussions on diversity and corporate culture. The book combines personal stories with practical advice for career advancement.

scott galloway books: The Algebra of Happiness Scott Galloway, 2019-05-14 An unconventional book of wisdom and life advice from renowned business school professor and New York Times bestselling author of *The Four* Scott Galloway. Scott Galloway teaches brand strategy at NYU's Stern School of Business, but his most popular lectures deal with life strategy, not business. In the classroom, on his blog, and in YouTube videos garnering millions of views, he regularly offers hard-hitting answers to the big questions: What's the formula for a life well lived? How can you have a meaningful career, not just a lucrative one? Is work/life balance possible? What are the elements of a successful relationship? *The Algebra of Happiness: Notes on the Pursuit of Success, Love, and Meaning* draws on Professor Galloway's mix of anecdotes and no-BS insight to share hard-won wisdom about life's challenges, along with poignant personal stories. Whether it's advice on if you should drop out of school to be an entrepreneur (it might have worked for Steve Jobs, but you're probably not Steve Jobs), ideas on how to position yourself in a crowded job market (do something boring and move to a city; passion is for people who are already rich), discovering what the most important decision in your life is (it's not your job, your car, OR your zip code), or arguing that our relationships to others are ultimately all that matter, Galloway entertains, inspires, and provokes. Brash, funny, and surprisingly moving, *The Algebra of Happiness* represents a refreshing perspective on our need for both professional success and personal fulfillment, and makes the perfect gift for any new graduate, or for anyone who feels adrift.

scott galloway books: Post Corona Scott Galloway, 2020-11-24 New York Times bestseller! Few are better positioned to illuminate the vagaries of this transformation than Galloway, a tech entrepreneur, author and professor at New York University's Stern School. In brisk prose and catchy illustrations, he vividly demonstrates how the largest technology companies turned the crisis of the pandemic into the market-share-grabbing opportunity of a lifetime. --The New York Times As good an analysis as you could wish to read. --The Financial Times From bestselling author and NYU Business School professor Scott Galloway comes a keenly insightful, urgent analysis of who stands to win and who's at risk to lose in a post-pandemic world The COVID-19 outbreak has turned bedrooms into offices, pitted young against old, and widened the gaps between rich and poor, red and blue, the mask wearers and the mask haters. Some businesses--like home exercise company Peloton, video conference software maker Zoom, and Amazon--woke up to find themselves crushed under an avalanche of consumer demand. Others--like the restaurant, travel, hospitality, and live entertainment industries--scrambled to escape obliteration. But as New York Times bestselling author Scott Galloway argues, the pandemic has not been a change agent so much as an accelerant of trends already well underway. In *Post Corona*, he outlines the contours of the crisis and the opportunities that lie ahead. Some businesses, like the powerful tech monopolies, will thrive as a result of the disruption. Other industries, like higher education, will struggle to maintain a value proposition that no longer makes sense when we can't stand shoulder to shoulder. And the pandemic has accelerated deeper trends in government and society, exposing a widening gap between our vision of America as a land of opportunity, and the troubling realities of our declining wellbeing. Combining his signature humor and brash style with sharp business insights and the occasional dose of righteous anger, Galloway offers both warning and hope in equal measure. As he writes, Our commonwealth didn't just happen, it was shaped. We chose this path--no trend is permanent and can't be made worse or corrected.

scott galloway books: The Algebra of Happiness Scott Galloway, 2019-10-25 Japanese edition of [*The Algebra of Happiness*] by Scott Galloway. An unconventional book of wisdom and life advice from renowned business school professor and New York Times bestselling author of [*The Four*], Scott Galloway.

scott galloway books: Notes on Being a Man Scott Galloway, 2025-11-04 Bestselling author,

NYU professor, and cohost of the Pivot podcast, Scott Galloway offers a path forward for men and parents of boys. Boys and men are in crisis. Rarely has a cohort fallen further and faster than young men living in Western democracies. Boys are less likely to graduate from high school or college than girls. One in seven men reports having no friends, and men account for three of every four deaths of despair in America. Even worse, the lack of attention to these problems has created a void filled by voices espousing misogyny, the demonization of others, and a toxic vision of masculinity. But this is not just a male issue: women and children can't flourish if men aren't doing well. As we know from spasms of violence, there is nothing more dangerous than a lonely, broke young man. Scott Galloway has been sounding the alarm on this issue for years. In *Notes on Being a Man*, Galloway explores what it means to be a man in modern America. He promotes the importance of healthy masculinity and mental strength. He shares his own story from boyhood to manhood. He explores his parent's difficult divorce, working through his anger and depression issues, trying to make money, and raising two boys. He shares the sometimes funny, often painful, lessons he learned along the way. Some of these lessons include: Being a good dad means being good to their mother. Action absorbs anxiety. Find what you're good at--follow your talent. Get out of the house. Take risk and be willing to feel like an imposter. This is a key to professional success--and masculinity. Acknowledge your blessings--and create opportunities for others. Be of surplus value. Be kind. That's the secret to success in relationships. With unflinching honesty, Scott Galloway maps out an enriching, inspiring operator's manual for being a man today.

scott galloway books: *The Four* Scott Galloway, 2018-09-04 NEW YORK TIMES BESTSELLER USA TODAY BESTSELLER Amazon, Apple, Facebook, and Google are the four most influential companies on the planet. Just about everyone thinks they know how they got there. Just about everyone is wrong. For all that's been written about the Four over the last two decades, no one has captured their power and staggering success as insightfully as Scott Galloway. Instead of buying the myths these companies broadcast, Galloway asks fundamental questions. How did the Four infiltrate our lives so completely that they're almost impossible to avoid (or boycott)? Why does the stock market forgive them for sins that would destroy other firms? And as they race to become the world's first trillion-dollar company, can anyone challenge them? In the same irreverent style that has made him one of the world's most celebrated business professors, Galloway deconstructs the strategies of the Four that lurk beneath their shiny veneers. He shows how they manipulate the fundamental emotional needs that have driven us since our ancestors lived in caves, at a speed and scope others can't match. And he reveals how you can apply the lessons of their ascent to your own business or career. Whether you want to compete with them, do business with them, or simply live in the world they dominate, you need to understand the Four.

scott galloway books: *Summary of Scott Galloway's Post Corona* Swift Reads, 2021-01-13 Buy now to get the insights from Scott Galloway's *Post Corona*. Sample Insights: 1) Time is not constant: it can fluctuate based on change. Even the slightest event or element could produce change that has not been witnessed before, including a microscopic virus. In March 2020, America entered a new stage with the arrival of the coronavirus. Life felt static despite time speeding up. 2) The Covid-19 pandemic's most lasting impact will be as an accelerant. It has accelerated trends that have been already witnessed in society. Many of these trends have been negative and thus compromise the possibility of optimism and opportunity within turmoil. They weaken society's capacity to recover in a post-corona world.

scott galloway books: *Adrift* Scott Galloway, 2022-09-27 From bestselling author, CNN+ host of *No Mercy, No Malice*, and NYU business school professor Scott Galloway comes an urgent examination of the future of our nation – and how we got here. We are only just beginning to reckon with our post-pandemic future. As political extremism intensifies, the great resignation affects businesses everywhere, and supply chain issues crush bottom lines, we're faced with daunting questions – is our democracy under threat? How will Big Tech change our lives? What does job security look like for me? America is on the brink of massive change – change that will disrupt the workings of our economy and drastically impact the financial backbone of our nation: the middle

class. In *Adrift*, Galloway looks to the past – from 1945 to present day – to explain just how America arrived at this precipice. Telling the story of our nation through 100 charts, Galloway demonstrates how crises such as Jim Crow, World War II, and the Stock Market Crash of 2008, as well as the escalating power of technology, an entrenched white patriarchy, and the socio-economic effects of the pandemic, created today's perfect storm. *Adrift* attempts to make sense of it all, and offers Galloway's unique take on where we're headed and who we'll become, touching on topics as wide-ranging as online dating to minimum wage to the American dream. Just as in 1945 and 1980, America is once again a nation at a crossroads. This time, what will it take for our nation to keep up with the fast and violent changes to our new world?

scott galloway books: The Algebra of Wealth Scott Galloway, 2024-04-23 AN INSTANT #1 NEW YORK TIMES BESTSELLER A must-have guide to optimizing your life for wealth and success, from bestselling author, NYU professor, and cohost of the Pivot podcast Scott Galloway. Today's workers have more opportunities and mobility than any generation before. They also face unprecedented challenges, including inflation, labor and housing shortages, and climate volatility. Even the notion of retirement is undergoing a profound rethink, as our lifespans extend and our relationship with work evolves. In this environment, the tried-and-true financial advice our parents followed is no longer enough. It's time for a new playbook. In *The Algebra of Wealth*, Scott Galloway lays bare the rules of financial success in today's economy. In his characteristic unvarnished, no-BS style, he explains what you need to know in order to better your chances for economic security no matter what. You'll learn: How to find and follow your talent, not your passion, when making career decisions How to ride and optimize big economic waves (hard truth: market dynamics always trump individual achievement) What small steps you can take that pay big returns later, including diversification and tax planning How stoicism can help you minimize spending and develop better financial habits Brimming with wise, game-changing advice from one of the world's most popular business school professors, *The Algebra of Wealth* offers a powerful framework for making the most of what opportunities come your way.

scott galloway books: Summary of Scott Galloway's The Four by Milkyway Media Milkyway Media, 2018-08-30 *The Four: The Hidden DNA of Amazon, Apple, Facebook, and Google* (2017) examines how four technology companies became powerful leviathans with the power to defy law, gather large amounts of private data about citizens, and create monopolies. Author Scott Galloway argues that Amazon, Apple, Facebook, and Google have created a climate where their products are indispensable for anyone who wants to get ahead, either professionally or personally... scott galloway books: Scott Galloway Edward Clara, 2025-04-12 This compelling work offers

a profound exploration into the life and mind of Scott Galloway—a figure who has not merely participated in the world of business and thought leadership but has fundamentally reshaped its contours. Far more than a standard biography, this is a deep and introspective narrative that blends personal reflection with historical insight. It tells the story of a man shaped by absence, contradiction, and an unwavering drive for truth. From a turbulent youth to the development of a powerful public voice, Scott Galloway's life is marked by complex dualities: insecurity and confidence, intellect and instinct, silence and momentum. Through vivid storytelling and unfiltered honesty, the book unpacks the key forces that defined Galloway's path—identity rooted in loss, credibility earned through transparency, and influence cultivated through a balance of data and emotional intelligence. Each chapter serves as both a tribute and a challenge, urging readers not only to appreciate a life of impact but to reflect on their own pursuit of purpose. Ideal for ambitious thinkers, innovators, and those navigating their own journey of growth, this book is an invitation to examine what it truly means to build a life of significance.

scott galloway books: Veil of Mist Scott Galloway, 1987 The 74 poems and 27 photographs of VEIL OF MIST parallel the journey of the Merced River from the foothills of the Sierra Nevada mountain range to the snow covered crest where the river is born amid peaks and glaciers in Yosemite National Park. On this journey, the five chapters of the book explore the natural world through which the river flows and humanity's relevance to the environment.

scott galloway books: Summary of Scott Galloway's Post Corona Falcon Press, 2021-03-08 Get the Summary of Scott Galloway's Post Corona Sample insights: Insights from Introduction #1 Time is not constant: it can fluctuate based on change. Even the slightest event or element could produce change that has not been witnessed before, including a microscopic virus. In March 2020, America entered a new stage with the arrival of the coronavirus. Life felt static despite time speeding up. #2 The Covid-19 pandemic's most lasting impact will be as an accelerant. It has accelerated trends that have been already witnessed in society. Many of these trends have been negative and thus compromise the possibility of optimism and opportunity within turmoil. They weaken society's capacity to recover in a post-corona world. #3 Trends, whether positive or negative, accelerated at an alarming rate: riches that were usually made in decades were achieved in weeks, businesses and education went online overnight, pollution decreased in a matter of days, jobs were lost at a fast pace... The world moved faster, both negatively and positively.

scott galloway books: Scott Galloway Memoir Cindy A Truss, 2025-05-12 Scott Galloway is one of the most thought-provoking, candid, and influential voices in business, tech, and education today. In this unauthorized memoir, we take an in-depth journey through his life—from his entrepreneurial triumphs and failures to his unfiltered critiques of Big Tech, his candid personal struggles, and his rise as a public thought leader. Known for his sharp insights, Galloway has built a career by challenging the status quo, never shying away from tackling tough subjects with his signature humor and honesty. This book chronicles his early days as a self-described unremarkable student, through the launch of his companies, his role as a professor, and his rise to media stardom. It also dives deep into his personal life—his marriages, his dedication to his family, and his philosophy on love, success, and happiness. Through the lens of his personal and professional journey, this memoir paints a portrait of a man who has not only built an empire but who has also made it his mission to inspire others to think critically, embrace failure, and constantly push for greatness. Whether you're an aspiring entrepreneur, a student, or someone seeking a fresh perspective on success, Galloway's story will inspire you to take risks, challenge norms, and always keep striving for more.

scott galloway books: The Four Scott Galloway, 2017-10 For all that's been written about the Four over the last two decades, no one has captured their power and staggering success as insightfully as Scott Galloway. Instead of buying the myths these companies broadcast, Galloway asks fundamental questions. How did the Four infiltrate our lives so completely that they're almost impossible to avoid (or boycott)? Why does the stock market forgive them for sins that would destroy other firms? And as they race to become the world's first trillion-dollar company, can anyone

challenge them? In the same irreverent style that has made him one of the world's most celebrated business professors, Galloway deconstructs the strategies of the Four that lurk beneath their shiny veneers. He shows how they manipulate the fundamental emotional needs that have driven us since our ancestors lived in caves, at a speed and scope others can't match. And he reveals how you can apply the lessons of their ascent to your own business or career. Whether you want to compete with them, do business with them, or simply live in the world they dominate, you need to understand the Four.

scott galloway books: Summary of Scott Galloway's Book: the Four Good Summaries, 2021-08-07
A decade ago, the five largest companies in the world consisted of two titans of the industrial era (ExxonMobil and GE), two banks (Citigroup and Bank of America), and Microsoft. The only one remaining in the top five is Microsoft, still in third place and now surrounded by other technology companies--companies Galloway has dubbed The Four Horsemen. Galloway, a successful serial entrepreneur, has made it his job to teach the lessons of these four digital giants. The lessons include the basics of any business school education, the Finance, Marketing, Operations, and Management aspects, but they are more rooted in how these technology firms succeed by appealing to fundamental psychological desires deeply embedded in our evolutionary past. This summary begins with Amazon, our need to acquire stuff to survive, and a concise yet complete history of retail from the corner store to e-commerce--and, perhaps counterintuitively, back to the physical, bricks-and-mortar store again. It is for entrepreneurs, business leaders, and tech and business enthusiasts. The ultimate gift, in our digital age, is a CEO who has the storytelling talent to capture the imagination of the markets while surrounding themselves with people who can show incremental progress against that vision each day. — Scott Galloway. Disclaimer This summary is meant to enhance your reading experience. The insights, analysis, and overall essence is an unofficial work and not the original book. It is not intended as a substitute for the original work it summarizes. It is not licensed, approved, authorized, or endorsed by the original author or publisher.

scott galloway books: Summary of The Four Readtrepreneur Publishing, 2019-05-24 The Four: The Hidden DNA of Amazon, Apple, Facebook, and Google by Scott Galloway - Book Summary - Readtrepreneur (Disclaimer: This is NOT the original book, but an unofficial summary.) Facebook, Amazon, Apple and Google are without any shadow of a doubt, the most influential companies on the world. How did they get there? If the answer was so evident, all of us would be at the top with them. The Four goes in deep to uncover the secret DNA of the 4 most influential companies in the world; Facebook, Amazon, Apple and Google. There are many questions that most people think that they know the answers to, but they are clearly wrong. How did these companies manage to be so incredibly known? Why are these companies on the peak without any challengers? Could they have a potential challenger? Scott Galloway delivers a great title where he answers these questions and more. (Note: This summary is wholly written and published by readtrepreneur. It is not affiliated with the original author in any way) Expect that a certain amount of failure is out of your control, and recognize you may need to endure it or move on. - Scott Galloway One of the most respected business professors is here to give you a masterclass about the strategies that the Four used to get so high and how can one emulate it for his life projects. There is definitely a lot of ground to cover in this topic and Scott Galloway does it splendidly for anyone to follow and be entertained while doing so. Scott Galloway stresses that it doesn't matter if you want to join 'em or beat 'em, you need to understand the Four because they are the ones who are currently dominating the business world. P.S. The Four is an extremely helpful book that will help you comprehend the business world you currently live in and teach you the ropes on how the best ones are at the top so you can begin your journey to the top as well. scott galloway books: SUMMARY - The Four: The Hidden DNA Of Amazon, Apple,

Facebook, And Google By Scott Galloway Shortcut Edition, 2021-06-16 * Our summary is short, simple and pragmatic. It allows you to have the essential ideas of a big book in less than 30 minutes. As you read this summary, you will learn about the hidden DNA of four of the world's largest companies: Amazon, Apple, Facebook and Google, known as the Four. You will also learn : that the Four had a combined market capitalization of \$2.3 trillion in 2017; that Facebook has 1.2 billion users; that Google has 2 billion users; that Amazon's market capitalization in 2017 was greater than the combined market capitalization of twelve of the world's largest retailers; that Google is one of the most profitable companies in the world; that the first two mobile applications in the United States belong to the Facebook group. The Four, that is, Amazon, Apple, Facebook and Google, are the companies on the planet that have the greatest influence on today's modernity. Everyone knows these companies, or at least believes they do. And everyone is wrong. Because their hidden DNA is very different from the nice, civic-minded and a bit mawkish, a bit boy-scout image that these firms go to great lengths to dismiss from them. As is often the case, their true identity is based on an insatiable quest for power and domination, first economic, then cultural and social. All the facts are brought to light by Scott Galloway in The Four. *Buy now the summary of this book for the modest price of a cup of coffee!
