Jeannette Walls' *The Glass Castle* is a memoir of unbreakable spirit and salvation: an account of the life of a dysfunctional yet oddly vivacious family. When sober, Jeannette's father was creative and ambitious.

He taught them geology, physics, and how to take on life without doubt or fear. When drunk, he was untruthful and violent. Meanwhile, Jeannette's mother was indifferent and free-spirited. She detested the concept of domesticity, and she disliked the responsibility that came with raising children. Jeannette and her siblings were compelled to look after themselves and fend for one another. Together, they endured. When they had settled in New York, their parents followed—not minding the fact that they had nowhere to stay—just so they could come together as a family once again. Jeannette began thinking of her childhood after spotting her mother, Rose Mary, rummaging through trash in New York City. Her parents were basically living on the street, but offers of help were always rejected. Jeannette went home to her husband's apartment on Park Avenue. She arranged to have lunch with her mom, who advised her to stop feeling guilty, accept her parents as they were, and stop hiding the truth about them. Taking this advice, Jeannette started writing her story. Her first memory went back to a trailer park in Arizona. You'll love joining Avery in the adventures of *The Glass Castle* where the setting from *The Chronicles of Narnia* meets the action from *Alice in Wonderland*. Avery dragged her three-year-old brother behind a boxwood bush and listened for footsteps in the brittle leaves. She couldn't be sure which was louder—the person on their trail or her own heart, galloping like a stallion in her ears. With one hand over Henry's mouth, Avery looked down at the nicest dress she owned. Not only had she torn the ruffles and destroyed the hem, but the white linen stood out in the shadowy woods, making her an easy target. If she survived this afternoon and made it home tonight—and that felt like a giant if—her father would demand to know why her dress was stained with grass and mud and tinged with blood. She would tell him the truth. The king is growing old and is concerned about who will replace him. His new wife wants to produce an heir to the throne. The only problem? Thirteen years ago, the king's first wife gave birth to a son, and no one knows for sure what happened to him. Rumors swirl throughout the castle. For the new queen, the solution is simple: dispose of all the thirteen-year-olds in the kingdom. Except, it isn't that easy. Avery and her friends won't go quietly. Avery, Kate, Tuck, and Kendrick take charge of the underground network of kidnapped children, inspiring them to believe that their past does not dictate their future and pledging to do the hardest thing of all. . .reunite the children with the homes they left behind. When they discover that one among them might be the child of a man who wants them dead, will everything they work for be lost? *The Glass Castle* is Book 1 of the Thirteen series. the glass castle characters: Through a Glass Darkly Holly Faith Nelson, Lynn R. Szabo, Jens Zimmermann, 2011-01-19
Suffering, the sacred, and the sublime are concepts that often surface in humanities research in an attempt to come to terms with what is challenging, troubling or impossible to represent. These intersecting concepts are used to mediate the gap between the spoken and the unspeakable, between experience and language, between body and spirit, between the immanent and the transcendent, and between the human and the divine. The twenty-five essays in *Through a Glass Darkly: Suffering, the Sacred, and the Sublime in Literature and Theory*, written by international scholars working in the fields of literary criticism, philosophy, and history, address the ways in which literature and theory have engaged with these three concepts and related concerns. The contributors analyze literary and theoretical texts from the medieval period to the postmodern age, from the works of Chaucer, Shakespeare, Donne, and Herbert to those of Endō Shūsaku, Alice Munro, Annie Dillard, Emmanuel Levinas, and Slavoj Žižek. This book will be of particular interest to scholars of religion and literature, philosophy and literature, aesthetic theory, and trauma studies.

the glass castle characters: Breaking the Glass Armor Kristin Thompson, 2020-05-05
Classical works have for us become covered with the glassy armor of familiarity, wrote Victor

Shklovsky in 1914. Here Kristin Thompson defamiliarizes the reader with eleven different films. Developing the technique formulated in her Eisenstein's *Ivan the Terrible* (Princeton, 1981), she clearly demonstrates the flexibility of the neoformalist approach. She argues that critics often use cut-and-dried methods and choose films that easily fit those methods. Neoformalism, on the other hand, encourages the critic to deal with each film differently and to modify his or her analytical assumptions continually. Thompson's analyses are thus refreshingly varied and revealing, ranging from an ordinary Hollywood film, *Terror by Night*, to such masterpieces as *Late Spring* and *Lancelot du Lac*. She proposes a formal historical way of dealing with realism, using *Bicycle Thieves* and *The Rules of the Game* as examples. *Stage Fright* and *Laura* provide cases in which the classical cinema defamiliarizes its own conventions by playing with audience expectations. Other chapters deal with Tati's *Les Vacances de Monsieur Hulot* and *Play Time* and Godard's *Tout va bien* and *Sauve qui peut* (la vie). Although neoformalist analysis is a rigorous, distinctive approach, it avoids extensive specialized vocabulary and esoteric concepts: the essays here can be read separately by those interested in the individual films. The book's overall purpose, however, goes beyond making these particular films more accessible and intriguing to propose new ways of looking at cinema as a whole.

the glass castle characters: *Dissolute Characters* W. J. McCormack, 1993 Irish literature in English commands world-wide respect, but it is rarely discussed in a comparative light. This study of the making and unmaking of character commences with Balzac's impact on nineteenth-century Irish fiction. Sheridan Le Fanu links Balzac and Swedenborg to Yeats, and anticipates Elizabeth Bowen's deployment of ghost story conventions in the 1940s. Through painterly imagery, biblical quotation and the distortion of proper names, Le Fanu shows character to be a self-consuming project. Yeats's Parnell emerges as a modernist gothic hero of the 1930s. Bowen's *The heat of the day* anatomises the problems of identity, bequeathed by Yeats. Radically revising the idea of a gothic tradition and traversing two centuries of Irish literary history, *Dissolute characters* gives a fluent and detailed account of the emerging relation between Irish culture, modernism and politics.

the glass castle characters: *Sherlock Holmes Is Like: Sixty Comparisons for an Incomparable Character* Christopher Redmond, 2019-01-07 What do Superman, Gertrude Stein, the Beatles, Lord Shiva, the Wizard of Oz, and Hermione Granger have in common? They share essential characteristics with iconic detective Sherlock Holmes, explored in *Sherlock Holmes is Like: Sixty Comparisons for an Incomparable Character*. In his introduction, editor Christopher Redmond says "The essays in this collection are not an analysis of what Sherlock Holmes is like (brilliant, unsociable, hawk-nosed) but rather case studies of whom he can be said to be like. Their sixty suggestions range across centuries and continents, and include figures from belief and legend as well as from contemporary fiction and film. Some are household names, while others will be unknown to nearly all readers. In each case, while the author has been encouraged to provide an introduction to the character in question, the ultimate purpose of the comparison is to shed light on some aspect of the character of Sherlock Holmes, whose complexities are far from exhausted more than 130 years after he was introduced to a curious readership."
