tyler henry books in order: Between Two Worlds Tyler Henry, 2016-11 From Tyler Henry, a twenty-year-old clairvoyant and star of E!'s hit reality series Hollywood Medium with Tyler Henry, comes *Between Two Worlds*, a memoir about his journey as a medium thus far. "Dying doesn't mean having to say goodbye." Tyler Henry discovered his gift for communicating with the departed when

he was just ten years old. After experiencing a sudden, accurate premonition of his grandmother's death—what Tyler would later describe as his first experience of “knowingness”—life would never be the same. Now in his twenties, Tyler is a renowned, practicing medium, star of the smash hit E! reality show, *Hollywood Medium with Tyler Henry*, and go-to clairvoyant of celebrities, VIP's, and those simply looking for closure and healing. He has worked with some of Hollywood's biggest names including Khloe Kardashian, Amber Rose, Margaret Cho, Jaime Pressly, and Monica Potter. Despite struggling to accept his rare talent, Tyler grew to embrace it, and finally found the courage to share it with—and ultimately change—the world. For the first time, Tyler pulls back the curtain on living life as a medium in his first memoir, in which he fearlessly opens up about discovering his gift as an adolescent, what it's truly like to communicate with those who have passed, the power of symbolism in his readings, and the lessons we can learn from our departed loved ones. With unparalleled honesty, Tyler discusses how his complex and fascinating gift has changed his perception of the afterlife, and more importantly, how readings can impact our relationships with our closest friends and family once they're gone.

tyler henry books in order: [The Premonitions Club](#) Gwendolyn Womack, 2025-04-22 The future can be changed. The trick is you have to see it first. When Liv Hall and her friends find boxes of letters hidden in her grandfather's attic, they discover hundreds of psychic predictions addressed to the Premonitions Bureau, a bureau to investigate psychic abilities that mysteriously closed in 1993. As the group reads decades-old premonitions, they stumble on letters from powerful psychics who mailed in their predictions and then disappeared. A post online about the found predictions alerts a black ops group in charge of the military's paranormal research, who will do anything to get their hands on the letters and the psychics who wrote them. Liv and her friends now know too much, and they're directly in the crosshairs. To survive, they're going to have to rely on each other and the unlikely help of psychics who thought they'd left the dangers of the Bureau behind forever.

tyler henry books in order: Gun Barons John Bainbridge, Jr., 2022-05-24 John Bainbridge, Jr.'s *Gun Barons* is a narrative history of six charismatic and idiosyncratic men who changed the course of American history through the invention and refinement of repeating weapons. Love them or hate them, guns are woven deeply into the American soul. Names like Colt, Smith & Wesson, Winchester, and Remington are legendary. Yet few people are aware of the roles these men played at a crucial time in United States history, from westward expansion in the 1840s, through the Civil War, and into the dawn of the Gilded Age. Through personal drive and fueled by bloodshed, they helped propel the young country into the forefront of the world's industrial powers. Their creations helped save a nation divided, while planting seeds that would divide the country again a century later. Their inventions embodied an intoxicating thread of American individualism—part fiction, part reality—that remains the foundation of modern gun culture. They promoted guns not only for the soldier, but for the Everyman, and also made themselves wealthy beyond their most fevered dreams. *Gun Barons* captures how their bold inventiveness dwelled in the psyche of an entire people, not just in the minds of men who made firearm fortunes. Whether we revere these larger-than-life men or vilify them, they helped forge the American character.

tyler henry books in order: Probing Parapsychology Grant R. Shafer, 2023-05-16 Parapsychology is a science made controversial by its subjects: extrasensory perception, psychokinesis (mind over matter) and disembodied minds, which imply life after death. Moreover, these parapsychological phenomena (called psi) challenge physicalism, the philosophy that everything can be completely understood in terms of physics. This book is a snapshot of the parapsychological field, with essays written by authors of diverse academic backgrounds and experiences. Essays examine parapsychological phenomena from prehistory, through the founding of the science by intellectuals distressed by physicalism, to the postmodern present. It includes both experimental and theoretical evaluations of the phenomena. Parapsychology is a science which may overturn the philosophy which has dominated science since Newton and may inspire curious readers who are disheartened by the consequent denial of the spirit.

tyler henry books in order: The Gun Book for Girls Silvio Calabi, Steve Helsley, Roger Sanger, 2013-09-16 This third installment in the popular series of practical books about guns and shooting is aimed at women of all ages—the fastest-growing segment of the sport—and it couldn't come at a better time. America and firearms literally grew up together, but today guns are often simply linked to crime and violence; gun control has become a polarizing political issue; and misinformation about firearms is spreading. Now three experts have tackled the subject in a series of books that explores the realities of guns and shooting and sets the record straight about some common misconceptions.

On the heels of *The Gun Book for Boys* and *The Gun Book for Parents*, *The Gun Book for Girls* is for girls (and women) interested in guns and shooting but who have little or no background in firearms. Through example and anecdote, the book emphasizes safety and proper usage, and it defines terms and provides hands-on advice about using and maintaining guns. It also covers firearms, shooting methods, clothing and accessories for women, profiles females who shoot and who work in the gun trade, and discusses the issues around guns for self-defense (a topic of special interest to women). Like the other two titles, this book is non-political and written in an easy-to-understand conversational tone. Each book is thoroughly illustrated, and content is presented in easily managed portions that can be read in series or singly, all backed up with an index.

tyler henry books in order: *The Afterlife Book* Jeannie Reed, 2022-03-01 These days we're taught that death is the period at the end of the sentence of life. A hard stop. The end. So, many of us have never had faith in the idea that death might just be a simple transition to another form of life. But suppose that's what it is? And suppose there's proof? *The Afterlife Book* takes a close look at the hidden workings of the spirit world and the endless life of the soul, how it all seems to function, and the earthly forces at play that influence the relationship between the afterlife and life as we know it. In the Book you'll find ancient mystics, oracles, and thinkers, Michio Kaku and his quantum physics world, Deepak Chopra and his spiritual philosophy, Caroline Myss and her work on Native American spirituality, Edgar Cayce and his psychic genius. Here you'll find Dr. Carl Jung, Dr. Raymond Moody, Jr., Dr. Brian Weiss, Dr. Ian Stevenson, and Dr. Jim Tucker and their research into death and memory. Here you'll find Albert Einstein and Pythagoras alongside a New Jersey cab driver, a Long Island executive, a California electrician, a Massachusetts singer, a Virginia woman of strong Christian faith. Here you'll find mediums from the 1700s on, including today's Jeffrey Wands, George Anderson, Lisa Williams, Theresa Caputo. Here you'll find Andy Griffith and Jerry Orbach and Elvis Presley, right alongside Socrates, Madame Blavatsky, Abraham Lincoln, and Amedeo Modigliani. Overall, *The Afterlife Book* is an informative and entertaining read, a book that talks about a whole new/old way of looking at life and after-life. Jeannie Reed notes, Maybe after reading this, we won't be afraid of dying anymore.
