

us political news

us political news remains a critical area of focus for citizens, analysts, and policymakers alike, given its impact on domestic and international affairs. Staying informed about the latest developments in US political news is essential for understanding legislative changes, election outcomes, policy debates, and governmental actions. This article provides a comprehensive overview of the current landscape of US political news, highlighting key topics such as election dynamics, congressional activities, executive branch decisions, and the influence of media on public perception. Additionally, it examines the role of political parties, the impact of political scandals, and the evolving nature of political discourse in the United States. With the ever-changing political environment, this guide serves as a reliable resource for those seeking to grasp the complexities of US politics today. The following sections will delve into these themes in detail, offering a structured analysis of the most pertinent issues in US political news.

- Current Election Landscape in the United States
- Legislative Developments and Congressional Updates
- Executive Branch Actions and Policy Changes
- The Role of Political Parties and Partisanship
- Media Influence and Political Communication
- Political Scandals and Their Impact
- Trends in Political Discourse and Public Opinion

Current Election Landscape in the United States

The US election landscape is a dynamic and complex field that significantly shapes the country's political news. Elections at federal, state, and local levels determine leadership and influence policy direction. Presidential elections, midterm elections, and various local contests receive extensive coverage as they reflect the political mood of the populace. Key factors in the election landscape include voter turnout, campaign strategies, and electoral regulations. Understanding these components is vital for comprehending broader political trends reported in US political news.

Presidential and Midterm Elections

Presidential and midterm elections are pivotal events in US political news, often setting the tone for the nation's policy and governance. Presidential elections occur every four years, with candidates from major political parties vying for the highest office. Midterm elections, held halfway through the presidential term, influence congressional control and can alter the balance of power. These elections are widely analyzed for voter behavior, demographic shifts, and the impact on legislative agendas.

Voter Turnout and Election Integrity

Voter turnout is a critical metric frequently discussed in US political news, reflecting citizen engagement and the legitimacy of electoral processes. Factors such as voter ID laws, mail-in voting, and early voting options influence participation rates. Election integrity concerns, including allegations of fraud and cybersecurity threats, also dominate the discourse, prompting legislative and judicial responses. Monitoring these issues helps contextualize the reliability and fairness of elections.

Legislative Developments and Congressional Updates

Congressional activities and legislative developments constitute a substantial portion of US political news. The legislative branch, comprising the House of Representatives and the Senate, is responsible for creating and passing laws that affect various aspects of American life. News coverage often focuses on bill proposals, committee hearings, and debates on critical issues such as healthcare, the economy, and national security. Tracking legislative progress provides insights into policy priorities and political negotiations.

Key Legislation and Policy Debates

Current US political news frequently highlights significant legislation under consideration or recently enacted. These include laws related to infrastructure, immigration reform, climate change, and social welfare programs. Policy debates surrounding these bills reveal ideological divides and the influence of interest groups. Understanding the legislative agenda helps clarify the direction of US governance and public policy.

Congressional Leadership and Partisan Dynamics

Leadership roles in Congress, such as the Speaker of the House and Senate Majority Leader, play critical roles in shaping legislative outcomes. US political news often covers the strategies and power struggles among these leaders. Partisan dynamics, including bipartisan cooperation or gridlock, affect the efficiency of Congress and are closely monitored by political analysts and the public.

Executive Branch Actions and Policy Changes

The executive branch, led by the President, is central to US political news due to its role in implementing laws and setting national policy. Presidential decisions, executive orders, and administrative regulations frequently make headlines. These actions impact areas such as foreign policy, economic management, and public health. The executive branch's agenda often reflects the administration's priorities and political philosophy.

Presidential Executive Orders and Directives

Executive orders are a significant tool for the President to effect policy changes without congressional approval. US political news regularly covers the issuance, scope, and legal challenges related to these

orders. They can address urgent issues or signal shifts in governmental priorities. Understanding executive orders is key to analyzing the President's influence on governance.

Federal Agency Regulations and Initiatives

Federal agencies under the executive branch implement regulations that affect various sectors, including environment, finance, and labor. US political news reports on regulatory changes and initiatives that shape industry standards and public welfare. These developments are often the result of political pressure, legal mandates, or shifts in administration policy.

The Role of Political Parties and Partisanship

Political parties are fundamental to the US political system and a frequent subject of US political news. The Democratic and Republican parties dominate the landscape, with third parties playing less prominent roles. Party platforms, election strategies, and internal divisions contribute to the political narrative. Partisanship influences legislative behavior, electoral competition, and public opinion.

Party Platforms and Ideological Positions

Each political party articulates its core principles and policy goals through platforms, which guide candidates and elected officials. US political news often analyzes these platforms for their implications on governance and voter alignment. The ideological spectrum ranges from progressive to conservative stances, shaping debates on social and economic issues.

Partisan Polarization and Its Effects

Increasing partisan polarization is a defining feature of contemporary US political news. This division affects legislative collaboration, media coverage, and voter attitudes. The consequences include legislative gridlock and heightened political rhetoric. Understanding polarization is essential for interpreting political developments and public discourse.

Media Influence and Political Communication

The media plays a crucial role in shaping US political news by framing issues, setting agendas, and influencing public perception. Traditional outlets, digital media, and social platforms contribute to the dissemination and interpretation of political information. Media bias, misinformation, and the rise of partisan news sources are significant topics within political news coverage.

Traditional vs. Digital Media in Politics

Traditional media, including television, radio, and newspapers, has historically been the primary source of US political news. However, digital media and social networks now dominate information consumption, enabling rapid news cycles and direct communication between politicians and the

public. The evolving media landscape affects how political messages are crafted and received.

Challenges of Misinformation and Media Bias

Misinformation and media bias pose challenges to the credibility and accuracy of US political news. Fake news, selective reporting, and echo chambers contribute to public confusion and mistrust. Efforts to promote media literacy and fact-checking are increasingly important in maintaining an informed citizenry.

Political Scandals and Their Impact

Political scandals frequently capture national attention and are a staple of US political news. These incidents involve allegations of corruption, misconduct, or ethical violations by public officials. The fallout from scandals can affect political careers, party reputations, and public trust in government institutions.

Notable Recent Scandals

Recent US political news has covered several high-profile scandals involving elected officials and government agencies. These cases often lead to investigations, legal proceedings, and media scrutiny. The coverage of scandals highlights issues of accountability and transparency in politics.

Effects on Public Trust and Political Stability

Political scandals tend to erode public trust and can deepen cynicism toward the political system. They may also influence election outcomes and prompt calls for reform. Understanding the impact of scandals is essential for assessing the health and stability of US democracy.

Trends in Political Discourse and Public Opinion

Political discourse and public opinion are continuously evolving and are central themes in US political news. The ways in which politicians, media, and citizens communicate shape the political environment. Polling data and social research provide insights into voter priorities and societal attitudes.

Changing Nature of Political Dialogue

The nature of political dialogue in the United States has shifted with technological advances and social changes. US political news examines trends such as increased polarization, the use of social media for political messaging, and the role of grassroots movements. These factors influence how policies are debated and decisions are made.

Public Opinion Polls and Their Significance

Public opinion polls are a vital component of US political news, offering snapshots of voter preferences and issue salience. Polling data informs campaign strategies, legislative priorities, and media narratives. Interpreting these polls accurately is crucial for understanding the political climate and forecasting electoral outcomes.

Summary of Key Factors in US Political News

- Election dynamics including presidential and midterm elections
- Legislative developments and congressional leadership
- Executive branch policies and regulatory actions
- Partisan politics and ideological divisions
- Media influences and challenges of misinformation
- Political scandals and their ramifications
- Trends in discourse and public opinion polling

Frequently Asked Questions

What are the main issues shaping the 2024 US presidential election?

Key issues include the economy, healthcare, climate change, immigration, and national security, with candidates focusing on policies to address inflation, social justice, and foreign relations.

How is the US Congress addressing the recent debt ceiling crisis?

Congress has engaged in intense negotiations to raise or suspend the debt ceiling to avoid default, with debates centered around government spending, deficit reduction, and fiscal responsibility.

What impact is the Supreme Court having on current US political debates?

The Supreme Court has made landmark rulings on issues like abortion rights, gun control, and voting laws, significantly influencing political discourse and legislative priorities across the country.

How are US political parties preparing for the midterm elections?

Both Democrats and Republicans are mobilizing voters, fundraising, and selecting candidates, with strategies focusing on key swing states and addressing local and national issues to gain control of Congress.

What is the status of voting rights legislation in the US?

Efforts to pass comprehensive voting rights legislation continue amid partisan divides, with debates over measures to expand access, prevent voter suppression, and regulate election security.

How are US foreign policy decisions influencing domestic politics?

Foreign policy actions, such as responses to conflicts, trade agreements, and alliances, affect national security perceptions, economic interests, and voter opinions, thereby impacting political campaigns and policymaking.

What role is social media playing in US political news and campaigns?

Social media platforms are crucial for political communication, voter engagement, and information dissemination, but also raise concerns about misinformation, polarization, and election interference.

How is the US addressing climate change in its political agenda?

Climate change is a growing priority with initiatives focused on clean energy investments, emission reductions, and environmental regulations, though political consensus on the approach varies widely among lawmakers.

Additional Resources

1. The Audacity of Hope: Thoughts on Reclaiming the American Dream

Written by Barack Obama, this book offers an insightful look into American politics and the challenges facing the nation. Obama reflects on his own political experiences and shares his vision for a more united and hopeful America. It delves into the complexities of political ideologies and the importance of empathy in governance.

2. Fear: Trump in the White House

Bob Woodward's investigative work provides a detailed and often alarming account of Donald Trump's presidency. Based on hundreds of hours of interviews, the book explores the inner workings of the White House and the chaos surrounding key decision-making processes. It's an essential read for understanding the Trump administration's impact on US politics.

3. What You Should Know About Politics . . . But Don't: A Nonpartisan Guide to the Issues That Matter

Jessamyn Conrad offers a clear and accessible guide to the most pressing political issues in the United States. From healthcare to climate change, this book breaks down complex topics for readers seeking to become more informed voters. It encourages critical thinking and engagement with current political debates.

4. *The Fifth Risk: Undoing Democracy*

Michael Lewis examines the often-overlooked risks that government agencies manage and the consequences of political mismanagement. Through vivid storytelling, Lewis highlights how neglect and political interference can threaten national security and public welfare. This book sheds light on the critical importance of competent governance.

5. *How Democracies Die*

Steven Levitsky and Daniel Ziblatt analyze the subtle ways democratic institutions can erode and eventually collapse. Drawing on historical examples and recent political developments, they warn of the dangers posed by authoritarian tendencies within democracies. The book serves as a cautionary tale and a call to protect democratic norms.

6. *Dark Money: The Hidden History of the Billionaires Behind the Rise of the Radical Right*

Jane Mayer investigates the influence of wealthy donors on American politics, particularly in funding conservative causes and candidates. The book reveals how large sums of undisclosed money shape policy and elections, often without public awareness. It provides a critical perspective on money's role in shaping political power.

7. *Team of Rivals: The Political Genius of Abraham Lincoln*

Doris Kearns Goodwin's acclaimed biography explores Lincoln's leadership during one of America's most turbulent times. By assembling a cabinet of former political opponents, Lincoln demonstrated remarkable political skill and unity-building. The book offers valuable lessons on leadership, negotiation, and political strategy.

8. *The New Jim Crow: Mass Incarceration in the Age of Colorblindness*

Michelle Alexander's groundbreaking work discusses the systemic racial inequalities within the US criminal justice system. She argues that mass incarceration functions as a contemporary system of racial control, affecting political and social dynamics. The book is crucial for understanding the intersection of race, law, and politics.

9. *The Road to Serfdom*

Friedrich Hayek's classic work explores the dangers of government overreach and centralized planning. Although written in the mid-20th century, its themes remain relevant to ongoing political debates in the US about freedom, economic policy, and the role of government. The book provides a foundational perspective on political philosophy and policy.

us political news: Reporting US Politics Brian Calfano, 2025-05-13 With a particular focus on the United States, this book offers a practical guide to writing and delivering sound political TV news coverage. Beginning with a historical overview of political reporting, and contextualizing political journalism and local TV news within wider industry issues, this book goes on to offer an essential understanding of the complex decision-making inherent in this critical form of journalism today. In accessible and engaging language, Calfano introduces students to all the basics of local political TV reporting—writing, shooting, editing, and producing—touching on long-form interviewing, political talkbacks, election coverage, using data, and investigative journalism as a means of uncovering political stories. Readers will learn about working the political beats, from the City Hall to the Statehouse and from policy to budgets, in a way which is both compelling and ethical. A chapter on local, state, and federal government acts as a quick reference primer to the US political landscape. Each chapter includes a series of reflection exercises and ideas for exploring political coverage from the perspectives introduced, and case studies help readers translate what they've learned into real-world practice. This book also features a list of quick hacks for political reporters and a political resource list which TV news reporters and producers can go to for sources and government information. This textbook is essential reading for anyone aspiring to become a reporter, producer, or news manager in the United States and will also be of great value to students of Political Journalism, Broadcast Journalism, and Local TV News worldwide.

us political news: Encyclopedia of U.S. Political History Andrew Whitmore Robertson, 2010
Annotation st1\ : {behavior:url(#ieooui) } Unparalleled coverage of U.S. political development through a unique chronological framework
Encyclopedia of U.S. Political History explores the events, policies, activities, institutions, groups, people, and movements that have created and shaped political life in the United States. With contributions from scholars in the fields of history and political science, this seven-volume set provides students, researchers, and scholars the opportunity to examine the political evolution of the United States from the 1500s to the present day. With greater coverage than any other resource, the Encyclopedia of U.S. Political History identifies and illuminates patterns and interrelations that will expand the reader's understanding of American political institutions, culture, behavior, and change. Focusing on both government and history, the Encyclopedia brings exceptional breadth and depth to the topic with more than 100 essays for each of the critical time periods covered. With each volume covering one of seven time periods that correspond to key eras in American history, the essays and articles in this authoritative encyclopedia focus on the following themes of political history:
The three branches of government
Elections and political parties
Legal and constitutional histories
Political movements and philosophies, and key political figures
Economics
Military politics
International relations, treaties, and alliances
Regional histories
Key Features
Organized chronologically by political eras
Reader's guide for easy-topic searching across volumes
Maps, photographs, and tables enhance the text
Signed entries by a stellar group of contributors
VOLUME 1 Colonial Beginnings through Revolution 1500 & 1783
Volume Editor: Andrew Robertson, Herbert H. Lehman College
The colonial period witnessed the transformation of thirteen distinct colonies into an independent federated republic. This volume discusses the diversity of the colonial political experience & a diversity that modern scholars have found defies easy synthesis & as well as the long-term conflicts, policies, and events that led to revolution, and the ideas underlying independence.
VOLUME 2 The Early Republic 1784 & 1840
Volume Editor: Michael A. Morrison, Purdue University
No period in the history of the United States was more critical to the foundation and shaping of American politics than the early American republic. This volume discusses the era of Confederation, the shaping of the U.S. Constitution, and the development of the party system.

us political news: Guide to U.S. Political Parties Marjorie R. Hershey, 2014-04-01 This one-volume reference presents the major conceptual approaches to the study of U.S. political parties and the national party system, describing the organization and behavior of U.S. political parties in

thematic, narrative chapters that help undergraduate students better understand party origins, historical development, and current operations. Further, it provides researchers with in-depth analysis of important subtopics and connections to other aspects of politics. Key Features: Thematic, narrative chapters, organized into six major parts, provide the context, as well as in-depth analysis of the unique system of party politics in the United States. Top analysts of party politics provide insightful chapters that explore how and why the U.S. parties have changed over time, including major organizational transformations by the parties, behavioral changes among candidates and party activists, and attitudinal changes among their partisans in the electorate. The authors discuss the way the traditional concept of formal party organizations gave way over time to a candidate-centered model, fueled in part by changes in campaign finance, the rise of new communication technologies, and fragmentation of the electorate. This book is an ideal reference for students and researchers who want to develop a deeper understanding of the current challenges faced by citizens of republican government in the United States.

us political news: Mass Media and American Politics Doris A. Graber, Johanna Dunaway, 2017-08-08 Mass Media and American Politics is the most comprehensive and best book for political communication. This text has made it easy for my students to learn about research and theory related to political journalism and the political communication system in America. It has great utility and insight while being comprehensive but not overwhelming for students. —Jason Martin, DePaul University Known for its readable introduction to the literature and theory of the field, Mass Media and American Politics is a trusted, comprehensive look at media's impact on attitudes, behavior, elections, politics, and policymaking. This Tenth Edition is thoroughly updated to reflect major structural changes that have shaken the world of political news and examines the impact of the changing media landscape. It includes timely examples from the 2016 election cycle to illustrate the significance of these changes. This classic text balances comprehensive coverage and cutting-edge theory, shows students how the media influence governmental institutions and the communication strategies of political elites, and illustrates how the government shapes the way the media disseminate information. Written by Doris A. Graber—a scholar who has played an enormous role in establishing and shaping the field of mass media and American politics—and Johanna Dunaway, this book sets the standard. us political news: Studies in US Politics David Keith Adams, 1989

us political news: Donald J. Trump and the Politics of Mass Society Albert P. Melone, 2024-01-16 In Donald J. Trump and the Politics of Mass Society, Albert P. Melone studies Trump's behavioral patterns in the fourth year of his presidential term and the three tumultuous years leading to the 2024 presidential election. Melone analyzes the leading explanatory paradigm of American government and politics by utilizing the democratic and aristocratic criticisms of mass society theory to better describe and explain the behavior of Donald Trump and his followers. The initial chapters outline the theoretical framework, the mass movement characteristics, and its membership's cult-like behavior. Two significant events of the last year of Trump's administration—the pandemic and the politics surrounding the Black Lives Matter demonstrations— illustrate Trump's leadership style and the behavioral patterns of the MAGA mass movement. The 2020 election and the attempt to reverse its outcome is a central topic throughout the text, including a discussion of Trump's second impeachment, the efforts of the House Select Committee on January 6th, voter reactions in the 2022 midterm elections, and the various political and legal attempts to make Trump accountable for his role in the so-called insurrection at the nation's Capitol. In the final chapter, Melone critically analyzes alternative prescriptions to right the ship of state with a steely eye focused on the realities and possibilities to salvage the democratic republic from an autocratic future.

us political news: Global Media Perceptions of the United States Yahya R. Kamalipour, 2021-02-15 A 2022 Choice Reviews Outstanding Academic Title As a timely portrait of international perceptions and media coverage of the United States, this comprehensive collection reveals the

global effects of the tumultuous environments and controversial views promoted during the Donald J. Trump presidency. More than thirty accomplished and prominent media, communication, and journalism scholars represent twenty countries with methodically researched assessments of their respective country's major national newspapers, social media, or comprehensive public opinion surveys. Together, these analyses offer a unique cross-cultural approach that helps students and scholars understand the image of the USA and President Trump through the eyes of politicians, media personalities, and ordinary people across the globe.

us political news: Women and American Politics Susan J. Carroll, 2003 Women and American Politics brings together leading scholars in the field of women and politics to provide an account of recent developments and the challenges that the future brings for the study of gender and American Politics. The book examines women's participation in the electoral arena and the emerging scholarship on the relationship between the media and women in politics, the participation of women of colour, and women's activism outside the electoral arena. This volume demonstrates both the wealth of knowledge about women and American politics by the current generation of scholars and the vast number and range of important research questions, which pose a challenge for the next generation.

us political news: CliffsNotes AP U.S. Government and Politics 2nd Edition Paul Soifer, 2010-06-25 Your complete guide to a higher score on the *AP U.S. Government and Politics About the book: Introduction Reviews of the AP exam format and scoring Proven strategies for answering multiple-choice questions Hints for tackling the essay questions FAQs Part I: Subject Area Reviews Covers all subject areas you'll be tested on Constitutional basis of U.S. government Political beliefs and behaviors Political parties, interest groups, and mass media Structure of government Public policy Civil rights and civil liberties Includes sample questions and answers for each subject Part II: AP U.S. Government and Politics Practice Exams 3 full-length practice exams with answers and complete explanations

us political news: Turn-taking in English and Japanese Hiroko Furo, 2013-10-31 This book examines turn-taking in English and Japanese conversations and political news interviews to investigate the relationship between language and interaction.

us political news: Americanizing Latino Politics, Latinoizing American Politics Rodolfo O. de la Garza, Alan Yang, 2019-11-20 Using the most extensive and currently available survey opinion data, this book empirically supports the argument that Latinos have emerged as a convergent panethnic political group, beyond the individual national origin identities dating to the time of the 1990 Latino National Political Survey when Mexican Americans, Puerto Ricans, and Cuban Americans were treated conceptually as politically distinct groups. Replete with data and supplemented by an extensive online resource, this book offers scholars, students, and sophisticated general readers evidence and inspiration for understanding the dynamics of Latino politics in the U.S. today.

us political news: A City on the Edge Dennis R. McBride, 2025-09-30 Some years change the course of history. 2020 was one of those years. As a pandemic, lockdowns, and an economic downturn convulsed America, police shootings of George Floyd and other African Americans touched off the largest protest movement in U.S. history. At the same time, mass shootings soared; many states saw unprecedented increases in gun-related incidents. Churning in the background were a bitter presidential election campaign and counterprotests opposing public health measures and the election result itself. Mayors of cities big and small struggled with some of these challenges, but Dennis McBride, the new mayor of a mid-sized, mostly-White suburb bordered by the majority-minority City of Milwaukee—called the heartland of the heartland—faced them all. His city, a microcosm of a troubled America, teetered on the verge of anarchy while playing a crucial role in the presidential election. *A City on the Edge* is the gripping story of how he and other mayors have steered America's hometowns through a storm of personal and political divisions. Though the chaos of 2020 has gradually subsided, it is still reverberating in the nation's economy, politics, and psyche. The changes sparked by the events of that historic year continue to vex mayors and their

communities. Americans and their leaders are searching for a new equilibrium. That balance will be found first in our hometowns. *A City on the Edge* offers a path forward.

us political news: *Building a Green Wall* Kimberly Cowell-Meyers, Carolyn Gallaher, 2025-11-18 In the aftermath of Britain's 2016 decision to leave the EU, the Irish-American ethnic lobby remobilized to defend the Belfast/Good Friday Agreement from the threats posed by Brexit. Drawing on interviews in Washington, Belfast, Dublin and London, Cowell-Meyers and Gallaher explore how the lobby shaped US policy towards Brexit in order to prevent the reimposition of a hard border on the island of Ireland and preserve peace. The authors also consider the lobby's approach to other contentious issues, including a united Ireland and Troubles-related investigations.

us political news: Trumping the Mainstream Lise Esther Herman, James Muldoon, 2018-08-15 In 2016, the striking electoral success of the UK Vote Leave campaign and Donald Trump's presidential bid defied conventional expectations and transformed the political landscape. Considered together, these two largely unpredicted events constitute a defining moment in the process of the incorporation of far-right populist discourse in mainstream politics. This timely book argues that there has been a change in the fundamental dynamic of the mainstreaming of far-right populist discourse. In recent elections, anti-establishment actors have rewritten the playbook, defeated the establishment and redefined political norms. They have effectively outplayed, overtaken and trumped mainstream parties and policies. As fringe discourse becomes mainstream, how we conceive of the political landscape and indeed the very distinction between a political centre and periphery has been challenged. This book provides new theoretical tools and empirical analyses to understand the ongoing mainstreaming of far-right populism. Offering case studies and comparative research, it analyses recent political events in the US, UK, France and Belgium. This book is essential reading for scholars and students of populism and far-right politics who seek to make sense of recent world-altering events.

us political news: *Analyzing American Democracy* Jon R. Bond, Lydia M. Andrade, 2023-08-31 Providing the tools for critical thinking, the fifth edition of *Analyzing American Democracy: Politics and Political Science* relies on statistical analysis, constitutional scholarship, and theoretical foundations to introduce the structure, process, and outcomes of the U.S. political system. Interpretation and implications of the 2022 mid-term elections and full results of the 2020 census are included, as are discussions of: the January 6th commission, major developments in the Supreme Court, the Covid-19 pandemic, the Russian invasion of Ukraine, and other key political events that shape domestic, foreign, judicial, and economic policies. For introductory courses in American government, this text covers theory and methods as well. New to the Fifth Edition • New and updated statistical data reflecting the 2020 census and the 2022 midterm elections, and discussions of the implications of the data and the results. • Offers a retrospective analysis of the entire Trump presidency and the first years of the Biden presidency. • Examines contemporary questions of social justice and anticipates upcoming challenges to voting rights, affirmative action policies, health care and reproductive rights, and protections for ethnic minorities and the LGBT community. • Previews the policy implications of an increasingly partisan Supreme Court, recaps the controversial recent decisions on health care, abortion, and environmental policy, and covers the historic confirmation of new justice Ketanji Brown-Jackson.

us political news: Social Computing and Social Media. User Experience and Behavior Gabriele Meiselwitz, 2018-07-10 The two volumes set LNCS 10913-10914 of SCSM 2018 constitutes the proceedings of the 10th International Conference on Social Computing and Social Media, SCSM 2018, held as part of the International Conference on Human-Computer Interaction, HCII 2018, held in Las Vegas, NV, USA, in July 2018. The total of 1171 papers and 160 posters presented at the 14 colocated HCII 2018 conferences. The papers were carefully reviewed and selected from 4346 submissions. These papers which are organized in the following topical sections: social media user experience, individual and social behavior in Social Media, privacy and ethical issues in Social Media, motivation and gamification in Social Media, social network analysis, and agents, models and algorithms in Social Media.

us political news: *Government Issued Opinion* Dennis F. Poindexter, 2022-04-22 Intelligence services, businesses and governments use a sinister methodology called an influence campaign to sway the core values of their own countries and others around the globe. This method is used by many different types of world governments (including the U.S.) and can pervade many different sectors of public life. Even seemingly powerful politicians are impacted by influence campaigns. While influence campaigns differ from political campaigns or corporate advertising, they share similar characteristics. Both influence behavior by manipulating beliefs to produce an outcome favorable to the campaign goal. This book explains the mechanisms of influence campaigns and how they affect policy making, often in surprising ways. Chapters detail examples of influence campaigns waged by various governments throughout the years and suggest how the public consciousness should deal with these strategies. As targets of these campaigns, citizens must understand how our leaders use them for their own benefit.

us political news: *Veblens America* Sidney Plotkin, 2018-12-28 Donald Trump's astonishing rise to the US presidency challenges conventional understandings of American politics, yet he is distinctively American. His biography and family lineage reflect American traditions such as real estate hucksterism and buccaneering salesmanship. But Trump's pugnacity also reflects the shadow of other darker American traditions of misogyny, racism and xenophobia, patterns that formed what Thorstein Veblen called a "sclerosis of the American soul." Using Veblen's theory of American development to explore the nation's curious fusion of barbarism and liberal democracy, Veblen's America taps the rich vein of the sociologist's early twentieth-century insights to shed light on the Trump phenomenon that has overwhelmed and threatened early twenty-first-century American democracy.

us political news: *Code of Federal Regulations*, 1997 Special edition of the Federal register, containing a codification of documents of general applicability and future effect as of July ... with ancillaries.

us political news: *Politics, Discourse, and American Society* Roderick P. Hart, Bartholomew H. Sparrow, 2001 What is the purpose of public talk in a democratic society? Do the American people interact with their government in distinctive ways? Are the nation's mass media helpful or harmful to the democratic experience? In *Politics, Discourse, and American Society*, some of the nation's best young scholars take us beyond conventional perspectives to present original work on how politics is transacted in American society and how public communication affects those transactions. They also lay out directions for future research, thereby putting fresh ideas on the scholarly agenda. The authors ask whether the American president is genuinely powerful, if lawsuits have become a way of changing the nation's politics, whether public opinion polling is really objective, and whether politics can still be distinguished from pop culture.
