Scanlon, 2021-11-28 This volume details the development and initial evaluation of a supplemental literacy course intended to support at-risk high school students in the US. That sense of self – the student's nascent professional identity – needs to take a particular form if the students are to fulfil the public purposes of lawyers and find deep meaning and satisfaction in their work. In this book, Professors Patrick Longan, Daisy Floyd, and Timothy Floyd combine what they have learned in many years of teaching and research concerning the lawyer's professional identity with lessons derived from legal ethics, moral psychology, and moral philosophy. They describe in depth the six virtues that every lawyer needs as part of his or her professional identity, and they explore both the obstacles to acquiring and deploying those virtues and strategies for overcoming those impediments. The result is a straightforward guide for law students on how to cultivate a professional identity that will allow them to make a meaningful difference in the lives of others and to flourish as individuals.
