world best beautiful girl country: The beautiful and the dark side of a love story Adrian Gabriel Dumitru, The book is trying to define the beautiful and the dark side from a man and a woman, that are in love of each other, but not as theory ... but as a result of analyzing facts that are happening on the timeline of the love story. It's a book about a fairy tale, with 2 lovely characters

that are not understanding, but also are not accepting that the meaning of an abstract love ... or an impossible story is to enjoy only the beauty of what is going on. The 2 people from the essays get lost so many times, that not even the people around them can't see if the story itself is real or not. But it's all a journey of accepting the beautiful and the dark side from the person that you love so much. After the first period when you are blinded by love, it comes the second episode when you see that you are not in love with a god, but with a human being ... and just as you have millions of imperfections ... the same has also that magic person that you fall in love with. It's a book that defines the fact that we should accept the things just as they are ... and love with an opened heart ... no matter what is going on. The nice part is that the book is not a collection of imaginary stories ... but essays that talks about a real story between 2 adults that wants to redefine and also restart their lives ... but in the end just enjoy the fact that they met ... losing any expectation at all as the story to become a real one. Today you are happy, tomorrow you are not .. and the essays describes this in a very honest, but also beautiful way ... all those amazing moments spent together.

world best beautiful girl country: A Library of the World's Best Literature - Ancient and Modern - Vol.XLIV (Forty-Five Volumes); Synopses of Famous Books Charles Dudley Warner, 2008-07-01 Popular American essayist, novelist, and journalist CHARLES DUDLEY WARNER (1829-1900) was renowned for the warmth and intimacy of his writing, which encompassed travelogue, biography and autobiography, fiction, and more, and influenced entire generations of his fellow writers. Here, the prolific writer turned editor for his final grand work, a splendid survey of global literature, classic and modern, and it's not too much to suggest that if his friend and colleague Mark Twain-who stole Warner's quip about how everybody complains about the weather, but nobody does anything about it-had assembled this set, it would still be hailed today as one of the great achievements of the book world. Volume 44 features synopses of notable works-from The Abb Constantin by Ludovic Halvy to Wuthering Heights by Emily Bront-including many not previously referenced in the set but highlighted as well worth a serious reader's time and attention.

world best beautiful girl country: THE ILLUSION OF CHANGE Adrian Gabriel Dumitru, The real change will come only when you will accept it inside your soul ... There are so many books about

change or success, that you will not have enough time to read them during this life time. Sometimes looking for a huge success that could complete our lives ... the change is just part of the script. And success indeed can't come without the change. But what is the change?! Can you do it by yourself, or you just need special help from different people?! Or maybe the real change can come only from inside of us ... and the only real help as it to happen is to accept it ... not only want it. Accept it ... as part of your life. Imagine that many years ago ... you had been poor, but you dreamed to be rich. And one day you become rich. But the funny question is ... do you accept the fact that you became rich?! There are so many people that they were poor and then they became millionaires ... but soon after they lost everything again. So ... they re became poor again. They did not accepted the change. Could not integrate it in their life. When change comes in small steps ... is much easier to accept it as part of our new life. When change comes suddenly ... we need to change our thinking right away ... and dare to see the whole scene of life in different colors. On the paths trough life ... we get lost. We lose all our dreams, one by another ... and we also lose ourselves also. One day ... the idea of change looks illusory and we wonder why we can't understand the fact that we are never happy anymore. For a beautiful life, no matter if you are 20, 30, 40, 50 or even 60 or 70 ... you just need a plan ... the plan for the change. But the change needs to be a positive one ... and not a collection of silly desires. And if your life is miserable today ... small changes will make almost no difference at all. The change needs to be a process of ... dreaming big no matter what happens in your actual life. But you need to visualize and accept the future ... cause the real change means the break up from your past. You will lose yourself into this process and become a new you ... but if you really want a new you ... you will accept it.
