crow country walkthrough: 52 European Wildlife Weekends James Lowen, 2018-04-06 This innovative new title from Bradt is the first of its type to focus specifically on the vast array of wildlife-watching opportunities found in Europe. Written by expert James Lowen, author of the best-selling *52 Wildlife Weekends: A Year of British Wildlife-Watching Breaks* and award-winning *A Summer of British Wildlife: 100 Great Days Out Watching Wildlife*, this unique guide is packaged into 52 weekend-sized breaks highlighting the best of European wildlife including mammals, reptiles, amphibians, flora, butterflies, dragonflies and birds. We may think of snow-covered Antarctica, South American jungles or African savannahs as holding the world's most plentiful and special wildlife, yet Europe heaves with wildlife wonders year-round, many of which can be seen in a simple weekend break. This book suggests one wildlife-watching break, somewhere in Europe, for every weekend of the year. Want to see brown bears? Make for Finland or Slovenia. Fancy a crack at wolves? Hop on a flight to northern Spain or Italy's Abruzzo. If whales float your boat, a long weekend in Iceland, Ireland or the Bay of Biscay would suit. Orchid lovers can head to Corsica, Crete or the Costa del Sol in spring. Birdwatchers can flock to see migrating raptors in Gibraltar, great gatherings of cranes in central Spain, or vast flocks of seaduck in Arctic Norway. Then there's the wacky olm in Slovenia, cave salamanders in Sardinia and owl-flies in the Picos de Europa. Hungary's mayfly emergence is truly spectacular, as are Norway's musk oxen and Poland's bison. Stretching from the Arctic to its boundaries with Africa and Asia, Europe has enough exciting living creatures amid jaw-dropping landscapes to fill an entire lifetime of wildlife-watching. Ideal for both the experienced wildlife tourist and the novice and packed with stunning colour photos, Bradt's *52 European Wildlife Weekends* shows when, where and how to see the most exciting wildlife, complete with inspiring itineraries, engaging descriptions, detailed directions and tips on how to find, identify and enjoy animals and plants. Each entry gives details on species of interest and the landscapes they inhabit, plus suggestions for extending your quick break into a longer visit. Winner of the British Guild of Travel Writers Adele Evans Award for Best Guidebook 2018.

crow country walkthrough: Jim Bridger Jerry Enzler, 2021-04-29 Even among iconic frontiersmen like John C. Frémont, Kit Carson, and Jedediah Smith, Jim Bridger stands out. A mountain man of the American West, straddling the fur trade era and the age of exploration, he lived the life legends are made of. His adventures are fit for remaking into the tall tales Bridger himself liked to tell. Here, in a biography that finally gives this outsize character his due, Jerry Enzler takes this frontiersman's full measure for the first time—and tells a story that would do Jim Bridger proud. Born in 1804 and orphaned at thirteen, Bridger made his first western foray in 1822, traveling up the Missouri River with Mike Fink and a hundred enterprising young men to trap beaver. At twenty he "discovered" the Great Salt Lake. At twenty-one he was the first to paddle the Bighorn River's Bad Pass. At twenty-two he explored the wonders of Yellowstone. In the following years, he led trapping brigades into Blackfoot territory; guided expeditions of Smithsonian scientists, topographical engineers, and army leaders; and, though he could neither read nor write, mapped the tribal boundaries for the Great Indian Treaty of 1851. Enzler charts Bridger's path from the fort he built on the Oregon Trail to the route he blazed for Montana gold miners to avert war with Red Cloud and his Lakota coalition. Along the way he married into the Flathead, Ute, and Shoshone tribes and produced seven children. Tapping sources uncovered in the six decades since the last documented Bridger biography, Enzler's book fully conveys the drama and details of the larger-than-life history of the "King of the Mountain Men." This is the definitive story of an extraordinary life.
