### Leo

Leo is a young boy who lives on the island and is a central character. Players can build friendships with him by giving gifts and engaging in conversation. He plays a significant role in unlocking new content and quests.

## Willy

Willy, the local fisherman, operates the boat that transports players to and from the island. He also sells unique items and offers fishing-related quests, adding to the island's vibrant community.

## Secrets and Treasure on Ginger Island

- **Golden Walnuts:** These collectibles are scattered throughout the island and can be exchanged for different rewards.
- **Farm Buildings:** Players can build special structures unique to the island, enhancing gameplay and aesthetics.
- **Treasure Chests:** Hidden throughout the island and the volcano, these chests contain valuable items and resources.

Exploring thoroughly and interacting with the environment will yield rewards and surprises for players willing to dive deep into the island's mysteries.
