ham ham heartbreak walkthrough: Bravely Default II Guide Filix Bondola, 2021-03-04 Welcome to our Bravely Default II walkthrough and guide. With this guide, you can expect a full walkthrough from beginning to end with strategies for every boss fight in the game, locations of all Treasure Chests, all sidequests, and much more! Bravely Default 2 Guide includes a complete, detailed walkthrough (including boss strategies), Job unlock locations and statistics, information on your favorite characters, collectibles, cheats and secrets, and even deep-dives into specific game mechanics. After both of the beautiful games that came out for 3DS, the series came to a halt... and after 5+ years of wait, we finally got the next game. This game is a completely separate story from the first 2, with different cast, different story, and even different art style. After many, MANY RPGs that I've played during 2020, playing Bravely Default 2 was a hard change, but not a bad one. Bravely Default II is a VERY RPG game, and by that I mean there are save points in dungeons, there are tents to heal up, tons of weapons and jobs, etc. This is a game where you cannot save anywhere, where save points won't heal your HP and MP, and when you need to grind to get stronger.
