mafia definitive edition walkthrough: Mafia 2 Definitive Edition - Unofficial Game Guide, Tips, Tricks and Hints Anton Loire, 2020-05-29 Before buying, please note that this is not an official Mafia 2 Definitive Edition Game Guide. This is a collection of Tips, Tricks and Hints that we found in the game. Mafia 2 is an adventure action game that takes players to the underworld of America in the 40-50s of the last century. The game starts in February 1945, when the Second World War is still underway. Vito Scarletta, the protagonist of the game, is still young and inexperienced, he has just returned from the army and is eager to find himself in life. Together with Joe, he tries to prove his worth to the mafia, playing the role of an ordinary gangster. The entire plot line of the second Mafia is based on the events that took place in the United States at the end of the first half of the 20th century, when mafia clans expanded unprecedentedly in the country. The place of development of exciting events will be the city of Empire Bay, the prototype of which was made by Chicago. Vito Scarletta first has to bend her back on the mafia in order to repay her father's debts, but at a certain moment he wants more and plunges into the world of crime, which promises him money, fame and, at the same time, a huge risk. However, in Mafia 2 there is the opportunity not only to complete tasks - the player is free to just wander around the city, updating his wardrobe, buying new cars, or simply sightseeing and listening to jazz music.
