Cometx1, 2021-06-26 The following guide contains a complete breakdown of Demon's Souls Remake. You will learn all the basic and advanced mechanics to complete this very demanding production by From Software. The guide will help you successfully complete the game and pay attention to the most important secrets. The material is intended primarily for beginners and intermediate fans of the game, however, old veterans will also find something of interest. One of the most important parts of the guide is a complete walkthrough description, divided into separate areas. You will learn how to go through all the lands, how to deal with given opponents and where to find things of value. Our guide includes all boss fights - we inform you about the location of bosses, their basic attacks, weaknesses, and also show you how to defeat a given boss in different ways, depending on whether you prefer close combat, fighting from a distance, or for example, playing as a magician. The second, equally important part of the guide is the extensive section including the answers to the most frequently asked questions, i.e. FAQ. Among other things, you will find information there on how to trade with other players, how miracles differ from magic, what can be done with the bosses' souls, and what to consider when choosing weapons.
