free recovery workbooks: The Self on the Shelf Gary Greenberg, 1994-08-04 The Self on the Shelf examines the cultural and philosophical determinants of popular recovery books. Greenberg argues that this literature can be read as documents of the prevailing understanding of the self in American society. The construction of the self promoted by recovery literature is seen as a nihilistic one insofar as it denies the significance of what continental philosophy calls the Other. In this sense the self-help books are correct in their assertion that we have lost sight of how to love, but their proposed solution shows up as a recapitulation and strengthening of the conditions that gave rise to this situation in the first place. Greenberg's critique provides a commentary on the difficulties that

face our culture in achieving any sense of meaningful community, and on the way that this problem surfaces in a highly popular discourse.

free recovery workbooks: **SCA: A Program of Recovery - 3rd Edition (Revised and Expanded)** International Service Organization of Sexual Compulsives Anonymous, Inc., 2021-08-11 This book contains more than four decades of experience, strength, and hope in recovery from sexual compulsion. It has been written, edited, and published entirely by members of Sexual Compulsives Anonymous (SCA). This 3rd edition is an expanded and updated version of SCA's previous recovery book. It includes commentaries on the Twelve Steps and Twelve Traditions as adapted from the original principles of Alcoholics Anonymous, as written by members of SCA. They provide context for working the Twelve Steps and practical wisdom in the observance of the Twelve Traditions. This version also contains new commentaries on *The Characteristics Most of Us Seem to Have in Common*, an early work that SCA members developed in the 1980s. The book begins with a Foreword written by Alexandra Katehakis, Ph.D., who is a Clinical Sexologist and Founder of the Center for Healthy Sex. She is the author of numerous books on sex addiction and intimacy issues. This edition addresses the individual in recovery and then discusses how SCA members recover together in groups and the fellowship at large. There are also chapters on sexual anorexia and pornography, apps, and internet addiction that SCA developed to address the fellowship's changing needs. After extensive revisions, many separately released SCA publications, including *Moving Through Withdrawal*, *Avoiding Common Pitfalls*, *Secret Shame*, etc., have chapters in this edition. Other chapters from the *SCA: A Program of Recovery*, 2nd edition, were revised and updated before inclusion in this edition. These sections address designing a sexual recovery plan, sponsorship, the telephone as a recovery tool, compulsive masturbation, abstinence, and ways to avoid a "slip." The chapters on individual recovery conclude with SCA's version of *The Promises of Alcoholics Anonymous: The Gifts of Recovery*. The group recovery section has updated chapters on starting an SCA meeting, what happens at SCA meetings, and doing service in SCA. Origins of SCA, which are stories written by some of SCA's founders, appear unchanged from the previous edition. This book also contains twenty-eight (28) stories of individual recovery, written by various SCA members.
