

hsk textbooks

hsk textbooks are essential resources for students aiming to master the Chinese language through the Hanyu Shuiping Kaoshi (HSK) examination. These textbooks provide a structured approach to learning, encompassing vocabulary, grammar, reading, and writing skills necessary for success at various HSK levels. In this article, we will explore the significance of HSK textbooks, the different types available, their key features, recommendations for effective use, and tips for selecting the right one for your learning needs. Our aim is to provide comprehensive insights to help learners navigate the vast array of HSK textbooks on the market.

- Introduction to HSK Textbooks
- Types of HSK Textbooks
- Key Features of HSK Textbooks
- Recommended HSK Textbooks
- Using HSK Textbooks Effectively
- Choosing the Right HSK Textbook

Types of HSK Textbooks

HSK textbooks can be categorized based on the levels they cover and their specific focus areas. Understanding the types of textbooks available is crucial for learners to select the right materials that align with their learning objectives.

Level-Specific Textbooks

HSK is divided into six levels, ranging from HSK 1 (beginner) to HSK 6 (advanced). Each level corresponds to a specific set of vocabulary and grammar rules that learners must grasp. Level-specific textbooks are designed to cater to the unique requirements of each HSK level. These textbooks typically include:

- Vocabulary lists

- Grammar explanations
- Practice exercises
- Sample tests

These resources provide a tailored approach to learning, ensuring that learners can progress from one level to the next effectively.

Supplementary Textbooks

In addition to level-specific textbooks, there are supplementary textbooks that focus on various aspects of language learning. These may include workbooks for additional practice, reading comprehension books, and vocabulary builders. Supplementary materials enhance the learning experience by providing diverse resources to reinforce the core curriculum.

Key Features of HSK Textbooks

When selecting HSK textbooks, it is essential to consider certain key features that enhance learning. These features ensure that the textbooks are not only informative but also engaging for learners.

Structured Learning Path

A well-organized textbook will present information in a logical sequence, gradually introducing new concepts while reinforcing previously learned material. This structured approach helps learners build a solid foundation before advancing to more complex topics.

Practice Exercises and Tests

Effective HSK textbooks should include a variety of practice exercises, quizzes, and mock exams. These assessments are vital for gauging progress and reinforcing learning. Textbooks that provide answers and explanations for exercises can further enhance comprehension.

Audio and Visual Aids

Many modern HSK textbooks come with supplementary audio materials, such as CDs or online access to recordings. These audio aids are crucial for improving listening skills and pronunciation. Visual aids, including diagrams, charts, and illustrations, also help clarify complex concepts.

Recommended HSK Textbooks

With numerous HSK textbooks available, it can be overwhelming to choose the right one. Here are some highly recommended textbooks that are well-regarded among learners and educators alike:

1. HSK Standard Course

The HSK Standard Course series is one of the most popular choices among learners. This series is available for all six HSK levels and provides a comprehensive curriculum, including vocabulary, grammar, exercises, and cultural notes.

2. New Practical Chinese Reader

This series not only prepares students for the HSK exams but also immerses them in Chinese culture and society. It is suitable for learners at various levels and includes multimedia resources to enhance the learning experience.

3. Integrated Chinese

Integrated Chinese is a widely used textbook series that covers vocabulary, grammar, reading, and writing. It aligns well with the HSK curriculum and offers a balanced approach to learning Mandarin.

Using HSK Textbooks Effectively

To maximize the benefits of HSK textbooks, learners should adopt effective study strategies. Here are some tips to enhance your learning experience:

Set Clear Goals

Before diving into your HSK textbooks, establish clear and achievable goals. Determine which HSK level you aim to pass and outline a study plan that accommodates your schedule and learning pace.

Regular Practice

Consistency is key in language learning. Allocate regular study sessions to review vocabulary, complete exercises, and practice speaking. Engage with the material daily, even if for a short duration, to reinforce retention.

Utilize Supplementary Resources

In addition to your chosen HSK textbooks, consider utilizing online resources, language apps, and study groups. Engaging with other learners can provide motivation and enhance your understanding of the language.

Choosing the Right HSK Textbook

Selecting the right HSK textbook is crucial for effective learning. Here are some factors to consider when making your choice:

Assess Your Learning Style

Different learners have varying preferences when it comes to studying. Some may prefer textbooks with visual aids, while others might benefit from extensive practice exercises. Identify your learning style to choose a textbook that aligns with your needs.

Check for Updated Editions

Language learning resources are frequently updated to reflect changes in curriculum and teaching methodologies. Always opt for the most recent edition of HSK textbooks to ensure you are learning the latest content.

Read Reviews and Recommendations

Before purchasing a textbook, read reviews from other students or educators. Recommendations from those who have successfully passed the HSK exams can provide valuable insights into the effectiveness of the material.

Conclusion

HSK textbooks are a vital component of the language learning journey for students aiming to achieve proficiency in Chinese. By understanding the types of textbooks available, their key features, and how to use them effectively, learners can make informed choices that cater to their individual needs. Selecting the right textbook will not only enhance learning but also boost confidence in taking the HSK exams. With dedication and the right resources, mastering the Chinese language is an attainable goal.

Q: What are HSK textbooks used for?

A: HSK textbooks are used to prepare for the Hanyu Shuiping Kaoshi (HSK) exam, which assesses Chinese language proficiency. They provide structured lessons, vocabulary, grammar, and practice exercises aligned with HSK standards.

Q: How many levels are there in the HSK system?

A: There are six levels in the HSK system, ranging from HSK 1 (beginner) to HSK 6 (advanced). Each level corresponds to different language proficiency skills and vocabulary requirements.

Q: Are there practice tests available in HSK textbooks?

A: Yes, most HSK textbooks include practice tests, quizzes, and exercises to help learners assess their understanding and prepare for the actual HSK exam.

Q: Can HSK textbooks help with speaking skills?

A: While HSK textbooks primarily focus on reading and writing, many include speaking exercises and audio materials to improve pronunciation and conversational skills.

Q: Are there online resources for HSK preparation?

A: Yes, many online platforms offer supplementary materials, interactive exercises, and language learning apps designed to support HSK preparation alongside traditional textbooks.

Q: How do I choose the right HSK textbook for my level?

A: Choose a textbook that aligns with your current proficiency level. Consider factors like your learning style, the structure of the textbook, and reviews from other learners to ensure it meets your needs.

Q: Do HSK textbooks cover Chinese culture as well?

A: Many HSK textbooks incorporate cultural notes and contexts to enrich the language learning experience, making it easier for learners to understand the language within its cultural framework.

Q: How often should I study using HSK textbooks?

A: Consistency is crucial; it is recommended to study regularly, ideally daily, even if for shorter sessions. This helps reinforce learning and retention of vocabulary and grammar.

Q: Is it necessary to buy multiple HSK textbooks?

A: It depends on your learning preferences. While one comprehensive textbook per level may suffice, supplementary materials can provide additional practice and insights, especially for specific areas such as speaking or listening.

hsk textbooks: Hsk 1-4 Vocabulary Book: Practice Test Hsk1-4 Workbook Mandarin Chinese Character with Flash Cards Plus Dictionary. This Hsk Vocabulary List St

Childrenmix Summer B., 2019-02-20 This HSK vocabulary list is a complete Chinese word book for HSK level 1 to 4 test prep. This workbook provides 6 Chinese words with pinyin and translation in English on 1 page. There are totally complete 900 words! You can fold the paper as per dot line in order to test yourself for reading and translation. This book aims at the fourth level of HSK and also to improve your Chinese language skills effectively and systematically.

hsk textbooks: Study Chinese Characters for the Chinese Language Proficiency Exam. Master All the Chinese Characters for the Hsk Exam Levels 1-6. a Textbook & Workbook Muhammad Wolfgang G. A. Schmidt, 2018-05-28 This book teaches the complete Chinese character set with a total of 2636 simplified Chinese characters required for all the six levels of the Chinese language proficiency exam (HSK). Western learners of Chinese are not only introduced to their way of writing but are also given other essential information on them such as pronunciation/transcription according to the Hanyu Pinyin and Bopomofo systems, basic English meaning definitions, radicals, and number of strokes. With textbook and workbook parts and a Chinese character Index at the end of the book. In the workbook part, users can practice the writing of Chinese characters, both guided and non-guided. The material is organised according to the HSK Language Proficiency levels 1 - 6 and within these HSK Language Proficiency level chapters according to their number of strokes. This will enable the user to concentrate on characters unknown and to ignore those already known. An essential textbook and workbook for Western learners of Chinese.

hsk textbooks: Learning Mandarin Chinese Characters Volume 2 Yi Ren, 2017-04-11 Reinforce your written Chinese with this practice book for the best-selling Tuttle Learning Chinese Characters. Learning Mandarin Chinese Characters helps students quickly learn the essential Chinese characters that are fundamental to the language. This character workbook is intended for self-study or classroom use and presents 135 high-frequency characters and over 405 prevalent words using these characters. These are the characters and words students need to know if they plan to take the official Chinese government HSK Level 2 Exam or the Advanced Placement (AP) Chinese Language and Culture Exam. Each character is presented in a straightforward way. A step-by-step diagram shows how to write the character and boxes are provided for freehand writing practice. The meaning and pronunciation are given along with the key vocabulary compounds and an example sentence. Review exercises reinforce the learning process, and an index at the back allows you to look up the characters according to their English meanings or romanized Hanyu Pinyin pronunciation. Key features of this Chinese workbook include: Designed for HSK Level 2 and AP exam prep Learn the 135 most written Chinese characters Example sentences and over 405 vocabulary items Step-by-step writing diagrams and practice boxes

hsk textbooks: Learning Mandarin Chinese Characters Volume 1 Yi Ren, 2017-02-28 Reinforce your written Chinese with this practice book for the best-selling Tuttle Learning Chinese Characters. Learning Mandarin Chinese Characters helps students quickly learn the essential Chinese characters that are fundamental to the language. This character workbook presents 178 Chinese characters and over 534 standard words using these characters. It is intended for self-study and classroom use and includes the characters and words students need to know if they plan to take the official Chinese government HSK Level 1 Exam or the Advanced Placement (AP) Chinese Language and Culture Exam. Each character is presented plainly and transparently. A step-by-step diagram shows how to write the character, and boxes are provided for freehand writing practice. The meaning and pronunciation are given along with the critical vocabulary compounds and an example sentence. Review exercises reinforce the learning process, and an index at the back allows you to look up the characters according to their English meanings or romanized Hanyu Pinyin pronunciation. Key features of this Chinese workbook include: Designed for HSK Level 1 and AP exam prep Learn the 178 most essential Chinese characters Example sentences and over 534 vocabulary items Step-by-step writing diagrams and practice boxes

hsk textbooks: HSK Standard Course Jiang Liping, 2013

hsk textbooks: Chinese Lexical Semantics Peng Jin, Qi Su, Jia-Fei Hong, 2025-03-26 The two-volume set LNAI 15552 and 15553 constitutes the refereed post-conference proceedings of the

25th Workshop on Chinese Lexical Semantics, CLSW 2024, held in Xiamen, China, during May 31–June 2, 2024. The 64 revised full papers presented in these proceedings were carefully reviewed and selected from 226 submissions. The papers are organized in the following topical sections: Part I : Lexical Semantics Part II : Computational Linguistics and Natural Language Processing; Corpus Linguistics and Language Resources; and General Linguistics.

hsk textbooks: Chinese as a Second Language Assessment Dongbo Zhang, Chin-Hsi Lin, 2017-04-12 This book brings together 13 original research papers that address emerging issues in the assessment of Chinese as a Second Language (CSL) in five major areas, including standards in CSL assessment; development of CSL tests; assessment of diverse knowledge and skills; computer-supported assessment; and CSL assessment in relation to instruction and teachers' assessment competence. It goes beyond the psychometric testing of Chinese and provides cutting-edge examinations of the interfaces of assessment with sociology of language, acquisition, pedagogy, and modern technologies, as well as teacher education. Given its unique features and broad range of topics, the book offers an intriguing and valuable resource, not only for scholars and researchers but also teacher educators and assessment practitioners who are directly or indirectly involved in CSL assessment.

hsk textbooks: Chinese for Specific and Professional Purposes Hongyin Tao, Howard Hao-Jan Chen, 2019-08-20 This book, likely the first of its kind in the English language, explores Chinese for specific and professional purposes (CSP) in terms of theorizing and developing practical applications for language teaching and learning. While research in language for specific purposes is thriving for languages such as English, there has been comparatively little such research conducted for Chinese. This volume attempts to fill the gap by bringing together practitioners from a broad international scholarly community, who share common interests yet diverse orientations. Seventeen papers are included, and address four broad thematic categories: (1) academic Chinese, (2) business Chinese, (3) Chinese for medicine and health care, and (4) Chinese for other broadly defined services and industries (diplomacy, tourism, wine-tasting, etc.). Representing the state of the art in CSP research, the book offers an indispensable guide for anyone interested in theoretical and practical issues in this area of applied Chinese language studies.

hsk textbooks: Computational Social Science Wei Luo, Maria Ciurea, Santosh Kumar, 2021-02-18 Selected papers from the International Conference on New Computational Social Science, focusing on the following five aspects: Big data acquisition and analysis, Integration of qualitative research and quantitative research, Sociological Internet experiment research, Application of ABM simulation method in Sociology Research, Research and development of new social computing tools. With the rapid development of information technology, especially sweeping progress in the Internet of things, cloud computing, social networks, social media and big data, social computing, as a data-intensive science, is an emerging field that leverages the capacity to collect and analyze data with an unprecedented breadth, depth and scale. It represents a new computing paradigm and an interdisciplinary field of research and application. A broad comprehension of major topics involved in social computing is important for both scholars and practitioners. This proceedings presents and discusses key concepts and analyzes the state-of-the-art of the field. The conference not only gave insights on social computing, but also affords conduit for future research in the field. Social computing has two distinct trends: One is on the social science issues, such as computational social science, computational sociology, social network analysis, etc; The other is on the use of computational techniques. Finally some new challenges ahead are summarized, including interdisciplinary cooperation and training, big data sharing for scientific data mashups, and privacy protect.

hsk textbooks: Teaching and Learning Chinese in Higher Education Yang Lu, 2017-02-24 Teaching and Learning Chinese in Higher Education deals with the current issues and challenges faced by teachers and learners of Chinese. Written by leading professionals and academics, the book is the first collection of research articles based on data collected in higher education institutions in the UK. The studies focus on concerns related to learners of Chinese as a foreign language (CFL)

and aim to establish studies on teaching Chinese as a foreign language (TCFL) as part of the mainstream of applied linguistics. The contributors have applied their theoretical backgrounds in applied linguistics and education to tackle issues such as how to benchmark the Chinese written language with CEFR, how to integrate standardised Chinese proficiency tests with institutional assessments and teaching methodologies. *Teaching and Learning Chinese in Higher Education* will be invaluable to professionals, academics and students seeking theoretical frameworks in applied linguistics for TCFL.

hsk textbooks: *Chinese as a Second Language Multilinguals' Speech Competence and Speech Performance* Peijian Paul Sun, 2020-08-19 This book offers a comprehensive and systematic review of multilingual L2 learners' spoken Chinese, focusing on the dual dimensions of speech competence and speech performance. Specifically, by adopting a mixed-methods approach, it explores the cognitive, affective, and socio-cultural differences between intermediate and advanced multilingual learners' L2 Chinese speech competence and speech performance. Drawing on a theoretical framework underpinned by the affective filter hypothesis, L2 willingness to communicate model, L2 motivational self-system, and L2 speech production models, this book not only contributes to our theoretical understanding of the roles of various factors in L2 Chinese speech competence and speech performance, but also offers practical insights into the implications for both teachers and learners in terms of how to minimize the gap between these two dimensions among L2 Chinese learners. It concludes with a discussion on the limitations of L2 Chinese speech and on future directions for the field.

hsk textbooks: **HSK 1 StoryBook** B Y Leong, HSK 1 STORYBOOK SECOND EDITION This book consists of 15 short stories written in Simplified Chinese and pinyin. The purpose of this book is to provide readers with reading materials to practice their reading skills as well as an introduction to more extended sentence structure and longer articles. This book has all the vocabularies in HSK 1. If you finish the book, you would have practiced your reading skill on all the vocabularies in HSK 1. I have tried to restrict the vocabularies used in this book to HSK 1 as far as possible. Where it is not possible, I have introduced limited new words in the story. If you have learned all the HSK 1 Vocabulary and completed the Standard Course Book for HSK 1 by Jiang Liping, you would be able to read about 90% of this book without learning new words. You may also download the audio files for free with the link and password provided on the last page of the book. The password in this book will also give you access to other materials such as HSK Vocabulary Writing Practice Sheet (with stroke order) and printable HSK Vocabulary with audio files. Lastly, I am sorry to disappoint those who enjoy reading a book with pictures because this book has no picture, only words. For the rest who doesn't like the distraction of pictures, I hope you will enjoy reading this book. If you have any feedback or would like to download sample chapters of this book, please feel free to visit <https://allmusing.net>.

hsk textbooks: Hsk4 Vocabulary Book: Practice Test Hsk 4 Workbook Mandarin Chinese Character with Flash Cards Plus Dictionary. This Complete 600 Hsk Vocabu Childrenmix Summer B., 2019-02-20 This HSK vocabulary list is a complete Chinese word book for HSK level 4 test prep. This workbook provides 6 Chinese words with pinyin and translation in English on 1 page. There are totally complete 600 words! You can fold the paper as per dot line in order to test yourself for reading and translation. This book aims at the fourth level of HSK and also to improve your Chinese language skills effectively and systematically.

hsk textbooks: **People's Republic of China Year-book** , 2003

hsk textbooks: Hsk 1-2 Vocabulary Book: Practice Hsk Level 1,2 Mandarin Chinese Character with Flash Cards Plus Dictionary. This Workbook Is Designed for Test Childrenmix Summer B., 2019-02-19 This HSK vocabulary list is a complete Chinese words list for test prep HSK 1 and HSK 2. There is a Chinese word with pinyin and translation in English. In one page has 3 words, you can fold the paper as per dot line in order to test yourself for reading and meaning.

hsk textbooks: **Edexcel A Level Chinese (A1 A2 Chinese, 9CN0 8CN0) Grammar Book** DAVID YAO, Edexcel A Level Chinese (A1 A2 Chinese, 9CN0 8CN0) Grammar Book - The

Comprehensive Reference for Your Success in the Coming Exams (3rd Version 2020) By referring Edexcel A1 A2 Chinese Specifications and HSK 1-6 (CHINESE PROFICIENCY TEST 1-6) HSK (NEW SINCE 2009) 语法 Grammar is a borrowed concept from western language. There is no Grammar in Chinese in certain senses. The greatest truths are the simplest! In simple way, Chinese Grammar is just the sequence construction of Characters, like our LEGOO brand. In the complicated way, Chinese Grammar can drive you to crazy! In this book, I will show you the simplest truths in my own way, if not academic way! Edexcel A LEVEL Chinese 9CN0-01,02,03 (OLD 6CN0) Teaching from: September 2017 External assessment from: 2019 Designed to make language learning enjoyable and stimulating, our Edexcel A level Chinese specification rewards advanced research and reading skills, and acknowledges the importance of Chinese language culture. There are three papers: Reminder: this AS subject is not available for assessment after summer 2020. Paper 1: Listening, reading and translation (**Paper code: 9CN0/01)) Paper 2: Written response to works and translation (**Paper code: 9CN0/02) Paper 3: Speaking (**Paper code: 9CN0/03M/03C) By referring to Cambridge IGCSE Chinese, Edexcel IGCSE Chinese (another two examination board) and HSK (Chinese Proficiency Test), combining our 25 years experience in Teaching and editing our own materials. Here is the "LIFE SAVING" book called by many students for their exams. It takes our years' painful effort to edit. The book give a quick revision for your coming exam! Grab it!

hsk textbooks: Hsk 1-2 Mandarin Textbook Standard Course for Test: Learn Full Mandarin Chinese Hsk1-2 300 Flash Cards. Practice Hsk Test Exam Level 1, 2. New Vocabul Feng Su Tai, 2019-03-21 HSK or Hanyu Shuiping Kaoshi (Chinese proficiency test) Level 1,2 is a Chinese course for beginners. HSK 1-2 is the most important Chinese proficiency test in use today. It assesses non-native Chinese speakers' abilities in using Chinese in their daily, academic and professional lives. And this HSK vocabulary book provides full Chinese words list for test prep HSK 1 and 2. There is a Chinese word with pinyin and translation in English. After remembering all these words and practice mock exams, you will be ready for the HSK Test with a high score!

hsk textbooks: Dictionaries. An International Encyclopedia of Lexicography Rufus Gouws, Ulrich Heid, Wolfgang Schweickard, Herbert Ernst Wiegand, 2013-12-18 The basis for this additional volume are the three volumes of the handbooks Dictionaries. An International Encyclopedia of Lexicography (HSK 5.1-5.3), published between 1989 and 1991. An updating has been perceived as an important desideratum for a considerable time. In the present Supplementary Volume the premises and subjects of HSK 5.1-5.3 are complemented by new articles that take account of the practice-internal and theoretical developments of the last 15 years. Special attention has been given to the following topics: the status and function of lexicographic reference works, the history of lexicography, the theory of lexicography, lexicographic processes, lexicographic training and lexicographic institutions, new metalexicographic methods, electronic and, especially, computer-assisted lexicography.

hsk textbooks: HSK 1 Storybook Vol. 2 (2nd Edition) B Y Leong, HSK 1 Storybook Vol. 2 consists of 12 short stories written in Simplified Chinese, with Pinyin and English translation. The purpose of this book is to provide readers with reading materials to practice their reading skills as well as an introduction to more extended sentence structure and longer articles compared to HSK 1 Storybook. The stories here are of course different compared to the stories in the first book. HSK 1 Storybook Vol. 2 has all the vocabularies in HSK 1. If you finish the book, you would have practiced your reading skill on all the vocabularies in HSK 1. I have tried to restrict the vocabularies used in this book to HSK 1 as far as possible. Where it is not possible, I have introduced limited new words in the story. If you have learned all the HSK 1 Vocabulary and completed the Standard Course Book for HSK 1 by Jiang Liping, you would be able to read around 85% of this book (and if you have learnt the new words in HSK 1 Storybook, you would be able to read around 95% of this book) without learning any new words. I consider the HSK 1 Vocabulary together with the new words introduced in Standard Course Book as Extended HSK 1 Vocabulary and I will refer to it as such from now on. The stories in this book are individual stories. A reader may choose to read this book in any particular order. To help you decide which story to read first, you may take a look at the Statistics before you

begin. The difficulty level for each story varies. Text to speech function has been enabled for the e-book version. You may also download the audio files for free with the link and password provided on the last page. I hope you will enjoy reading this book. If you have any feedback, please feel free to visit <https://allmusing.net>.

hsk textbooks: Teaching and Researching Chinese Second Language Listening Wei Cai, 2022-05-31 Teaching and Researching Chinese Second Language Listening focuses on Chinese L2 listening with theory and pedagogy at its heart. The objectives of the book are to recount the development of Chinese L2 listening pedagogy, to synthesize research on Chinese L2 listening, and to propose a Chinese L2 listening approach. This book is the first to bridge the gap between Chinese L2 and general L2 listening and develop a much-needed systematic teaching approach to Chinese listening based on research findings in L2 listening, the unique features of the Chinese language, and the distinctive characteristics of the Chinese L2 learner population. This book grounds Chinese L2 teaching in solid theories of L2 acquisition and teaching. The research-informed and evidence-based Chinese L2 teaching approach proposed in the book seeks to move beyond the traditional product-oriented approach to integrate form-, meaning-, process-, and learner-focused listening. This book also discusses Chinese L2 listening from learners' perspectives: heritage versus non-heritage learners and motivation. These are presented together with theory and teaching practice. The book is aimed at researchers, in-service teachers and students taking upper-level undergraduate courses and postgraduate courses for programs in Chinese applied linguistics and teaching Chinese as a second language (TCSL). Chinese listening studies to date have mostly been published in the Chinese language, which severely limits their readership. This book is therefore written in English to fill the gap in current scholarship. Due to a large number of Chinese learners and the consequential booming programs in TCSL and CIE (Chinese international education), it is important to dedicate a book specifically to Chinese listening.

HSK Lists HKS 1-6 - Chinese-Forums I made an Excel file with all the words from all the HSK exams, one of them on pinyin order and one of them in frequency order. The excel file exists of 6 sheets, the first 6 are

HSK 7-9 Mock Tests Book Resources and Discussion 听力 The first mock tests book for HSK7-9 is out. A little unintuitively, you can scan a QR code on the translation page of each test to get audio for the listening part and speaking part,

2025 HSK test dates released! - 2025 HSK test dates released! By NigelZ November 21, 2024 at 09:14 PM in The HSK Exam, and others

Answers of the official Standard course Workbook questions Ni3 hao3, Where can i find answers to the workbook questions of the official standard course for levels 1 and 2. Didn't find anywhere? Thanks a lot, London

5600 anki flashcards (with audio) for HSK levels 1 to 5 Hello! We've just released HSK 4 and HSK 5 decks at www.chineseaudioflashcards.com So now we have flashcard decks with example sentences

How are the HSK-exams graded/scored? - Chinese-Forums I'm doing some practice HSK-exams to see where my Chinese level is at. However I can't find how to score my exam. The only thing I can find on internet is stuff like this: Quote

TOCFL reading/listening exam - band C - The HSK Exam, and Since it is significantly cheaper than the HSK, I opted for taking the TOCFL reading/listening test. And because why not, I just went straight for the band C test, which

HSK or A Level (a UK exam) - Chinese-Forums The HSK appears to me to be much more vocabulary-heavy, although the A-level has no defined vocabulary list. The A-level is a relatively leisurely set of papers, but the

From zero to hero from no Chinese proficiency to HSK 6 in one year! The HSK tests very specific aspects of your language ability and has some fairly esoteric vocabulary in its wordlists so studying purely from that exam you will have some

Comparing the HSK and JLPT - Chinese-Forums I did the HSK level 2 this year and the JLPT N4 (Japanese language proficiency test) last December in Sydney, comparing the two exams, HSK is very unprofessional

HSK Lists HKS 1-6 - Chinese-Forums I made an Excel file with all the words from all the HSK exams, one of them on pinyin order and one of them in frequency order. The excel file exists of 6 sheets, the first 6 are
