**online law textbooks:** Criminal Law Jens David Ohlin, 2018-06-12 Buy a new version of this Connected Casebook and receive access to the online e-book, practice questions from your favorite study aids, and an outline tool on CasebookConnect, the all in one learning solution for law school students. CasebookConnect offers you what you need most to be successful in your law school classes--portability, meaningful feedback, and greater efficiency. This looseleaf version of the Connected Casebook does not come with a binder. Jens Ohlin's Criminal Law is designed to respond

to the changing nature of law teaching by offering a shorter, flexible, and more doctrinal approach, with an emphasis on application. Materials are presented, in a visually lively style, via a consistently structured pedagogy within each chapter: Doctrine (treatise-like explanation), Application (cases), and Practice/Policy (questions providing an opportunity for normative critique of the law and exploration of practical and strategic challenges facing criminal lawyers). Theory is integrated into the doctrine section rather than conveyed through law review excerpts, so as to help students make the necessary connections to doctrinal issues. Aggressively-edited cases help keep the length to a minimum, and modern cases will engage younger students and professors. Key Features: New chapter titled Other Offenses Against the Person, which includes coverage of physical battery, assault, and kidnapping (Chapter 15). Integrated notes throughout the casebook directing students to view a series of 20 short video clips that bring the doctrinal controversies to life in a fictional courtroom. More cases added to represent the plurality of approaches in different jurisdictions. The addition of several classic criminal law cases familiar to law school professors. More examples in the Doctrine section of each chapter. Practice and Policy section in each chapter urges students to consider how the various actors in the process (prosecutors, defense counsel, judges and juries) make particular decisions and the strategic calculations that informed them, and make this casebook more practice-ready than others Innovative pedagogy emphasizes application of law to facts (while still retaining enough flexibility so as to be useful for a variety of professors with different teaching styles) CasebookConnect features: ONLINE E-BOOK Law school comes with a lot of reading, so access your enhanced e-book anytime, anywhere to keep up with your coursework. **online law textbooks:** Indian Transnationalism Online Dr Ajaya Kumar Sahoo, Dr Johannes G de Kruijf, 2014-02-28 Present-day migration takes place in a world characterized by the compression of time and space, with cheaper air travel and the existence of new communication technologies - the internet in particular - making it easier to stay in contact with the places, people and cultures that one has left. This book investigates the online organization of, and exchanges within, the global Indian diaspora. Bringing together research from around the world and presenting studies drawn from the US, Europe and India, it engages with theoretical and methodological debates concerning the shaping and transformation of migrant culture in emerging sites of sociality, and explores issues such as religion, citizenship, nationalism, region and caste as they relate to Indian identity in global, transnational contexts. With detailed empirical case studies showing both how members of the Indian diaspora connect with one other and 'life at home' and how institutions in India maintain such links, Indian Transnationalism Online sheds light on the ways in which information and communication technology functions as both a catalyst and indicator of contemporary socio-cultural change. As such it will be of interest to sociologists, anthropologists, political scientists and studies of cultural studies working in the areas of migration, transnationalism and ethnic studies.
