**selling used textbooks amazon: *How To Make Money Selling Used Books On Amazon*** Gerald Zimmerman, 2014-09-05 Making money online is the goal of many people today, and there is a plethora of things that you can sell on line. This is one that I did very well with, and so can YOU. Here are the opening paragraphs from this excellent book on making money online: If you are reading this book, then you are probably like millions of others who are looking for a good way to earn some extra money online. Right? Of course, I'm right. That's why you are here. I have been in exactly the same place as you. And have scoured the web looking for just the right thing, the right combination, to help support my family and our way of life. I started doing this before the financial

downturn that we are suffering through right now. I was looking for extra money in the checkbook. And I found it in a number of places. But today, with things as they are, it is often a matter of making money to live on rather than just getting some extra money. And it is with that in mind that I am writing this book. So What Is This Way That I Can Make Money? The source of some good cash that I found was selling used books online through Amazon, the largest online retailer in the world. Amazon has over 200,000,000 credit card numbers on file, and they actually help you to sell your books. You list them online through Amazon, millions of people look at those listings every day, and untold numbers of books are sold daily, including yours! What Does It Cost To Get Started? Actually, it will cost you little or nothing to get started. Finding those books around the house, on shelves, on top of the dresser, in the closets, in the attic is the first place to start your business. Research the pricing and list the book on Amazon. Then, watch the sales start to come in. There are also a lot of places you can go to find used books at reasonable prices which you can then list with a higher price than you paid. I'll reveal those places in the pages of this book. How Much Can I Make Selling Used Books Online? Of course, the answer to that question is really how much do you want to earn. There are many people who do it as a hobby and make a hundred or so monthly. And then there are people who do it as a business and make several thousand dollars monthly. That is up to you. I always remind myself that Amazon began in someone's garage, selling used books online. Today, they are one of the largest businesses in America. So how much can you make? The sky is the limit! In Reality, What Will This Book Do For ME? In this book, I'll tell you: How to find books - How to increase your inventory of books -- How to research for the right price to list your book at -- Detailed instructions on how to list your book and how to rate its condition -- How to package your book for shipment -- The best way to ship and add postage -- And other important information that you should be aware of. The Final Conclusion Then Is: So how can you go wrong with this book? You can start with what you have around the house, add to your inventory from other sources, package books daily for shipment, and get instant access to your profits through PayPal. Sell a few ... Sell a lot. It really is up to you. And, you can start today. Really now, what more could you ask?
