Statistics Dept., 2024-06-14 A joint CARTAC, IMF capacity development engagement with the Central Statistics Office (CSO) in the Ministry of Finance in Dominica to improve estimates of Gross Domestic Product (GDP) was undertaken. The capacity development focused on three main aspects: supporting improvements of the GDP series in line with the 2008 SNA standards, including training for re-referencing the volume estimates of GDP; identifying data holdings which could be used to improve the quality of the estimates; and developing a work program for improving the timeliness of macroeconomic statistics in Dominica.
